Maynard Hutchinson Elected Boy Scout Head To Succeed Halliday

West Newton Resident Unanimously Chosen. Dr. West Delivers Inspiring Address

The annual meeting of Norumbega Council, Inc., Boy Scouts of America, the organization which operates Scouting in this city, was held last week at the Newton Club, with Dr. James E. West, Chief Scout Executive, from the National Headquarters, as the guest of honor. With him were Messrs. Nodine, head of the New England Region, and Charles Miller, from the National Headquarters. With Dr. West was a great boyhood friend, Ellis R. Spear, Jr., of Newton Center.

Officers and Board for 1929

The Council meeting, which was attended by 114 members from all over the city, elected its officers and Executive Board members as follows: President, Mr. Maynard Hutchinson of West Newton; Vice-Presidents, Mr. G. G. Marcy, of Newton Highlands, first; Frank A. Day, John M. Woodbridge, Jr., both of Newton; Charles R. Lynde of Newtonville; Vice-President and Scout Commissioner, John M. Bierer of Waban. On the Executive Board till January, 1930; Henry A. Wentworth, Auburndale; Albert R. Speare and Charles Wood Bond of Newton Center; Nelson B. Vanderhoof of Newtonville; Lewis A. Estes of Waban; Kenelm Winslow of Nonantum. Members holding over till January, 1930; William V. M. Fawcett of Newton; Charles B. Floyd of Auburndale; James R. Warren of Waban; Edwin S. Drowne of Highlands; and A. P. Hartshorn of Upper Falls.

Dr. West Tells of America's Greatest Need

Charles H. Cobb, of Newton Center, Charles H. Cobb, of Newton Center, was re-elected Treasurer. Following representatives of service organizations in the city were named to the Board for one year: Kiwanis, President Walter Whalin; from Rotary, President, Rev. Dr. Arthur M. Ellis; from the American Legion, Commander E. T. Dungan.

Dinner was served to the Council

progress with great interest and pleasure.

Dr. West's address dealt with the greatest need of this country today. In a most forceful, vigorous and inspiring way he dwelt of the need of the people in this country to learn to obey the law, to breed respect for law and constituted authority and for property rights among the coming generations, in order that we shall not retrogress. He pointed out the way in which the Boy Scouts of America, with its program for citizen-shiptraining and for character-building, and dealing at present with over 800,000 boys and men, is working to accomplish that end. He also stressed the need for keeping ever in the lives of growing boys, as well as the rest of us.

Committee Reports Submitted

Committee Reports Submitted

Following Dr. West's address, he and his guests, with Mr. Lewis Rabbit of the Algonquin Council, left for Framingham, where Dr. West spoke to a gathering of fathers and sons of that Council.

Norumbega Council then went into business session and considered quickly the printed reports of its Committees for the past year. They showed a great deal of progress and

LARGE INDUSTRY MAY LOCATE

LARGE INDUSTRY MAY LOCATE

Pending the auction sale on February 5 of the huge Saxony Worsted Mills plant at Nonantum, it is uncertain whether or not one of the largest radio industries in New England may locate in this city. If this industry should come to Newton it will give employment to a large number of men and women and revive Nonantum's industrial activity which has been seriously affected in recent years because of the depression in the textile industry.

NEWTON CATHOLIC WOMEN'S GUILD

There will be a Whist Party given by the Mass. Catholic Women's Guild Thursday evening, Feb. 7, at Odd Fel-lows Hall, West Newton. The chair-lady will be Mrs. Annie McNeil of West Newton assisted by a commit-tee of ten members. Everybody wel-come.

HUNNEWELL CLUB

It has been found necessary to change the date of the Valentine Bridge, originally announced for Thursday, Feb. 14th to Wednesday, Feb. 13th, at 8 p. m. Conflict with several other activities of the club previously scheduled for the 14th is the reason for the change.

INJURED AT TOBOGGAN SLIDE

The first accident on the new to-boggan slide at Newton Centre oc-curred Wednesday afternoon. A to-boggan holding five boys was going down the slide when one of the five, Lynwood Lawson, 14, of 99 Ripley street, Newton Centre, had his leg caught between the sled and the side of the slide. He received a dislocated knee and was taken to the Newton Hospital for treatment.

Newton Students Rank Educational Tragedy To Abolish **Vocational School Says Director**

Reorganization Recommended in Lengthy Report as Result of Extended Survey

At the meeting of the Newton School Committee on Monday night at the special sub-committee of three members who made a survey of the Vocational Division of Newton High School submitted a report. The committee was appointed last March as a result of criticisms of the high survey.

school.

The report of the sub-committee putlines the history of vocational training in Massachusetts. In 1898 the first industrial school in Massachusetts was established in Springfield. In 1906 the Legislature under school committees, these schools to be supported one-half by the city and one-half by the State. In 1906 Newton decided to build a new high school for technical and vocational training. In 1912 the Vocational School was placed on an independent basis and the city thus became en-titled to state aid.

basis and the city thus became entitled to state aid.

The school teaches automobile repairing, cabinet making, carpentry, electrical work, drafting and printing. The shop equipment cost between \$60,000 and \$70,000. The teaching staff consists of a director, 15 full time teachers, 2 part time teachers and a secretary. For the school year 1927-1928 the cost of conducting the school was \$66,411.39. Of this amount the city was reimbursed \$28,414.70 from the State, \$85,559.37 from the Federal Government, \$7,066.33 from tuition fees and \$94.71 in cash from other sources; a total of \$42,136.11. This made the net cost to the city \$24,275.28. The average number of Newton pupils in the vocational school was 191 and the net cost per Newton pupil \$127.10. This net cost was based on the \$24,275.28 actually spent by the city. The actual cost, based on \$66,411.39, would, of course have been proportionately higher. The average cost of pupils in the Newton High School, excluding the Vocational Division for the school year ending June 30, 1928, was \$165.13.

Robert C. Small, director of Vocational Training for the Common-

June 30, 1928, was \$165.13.

Robert C. Small, director of Vocational Training for the Commonwealth was asked by the committee to assist in the survey and made the following comments: "In the prog-

school, in productivity, in atmosphere and the placement and follow-up of graduates the Newton vocational school has done poorly; it does better in selection of pupils, subjects taught, individual instruction, occupational standards as a basis for training; very well in the quality of instruction, arrangement of work and repetitive training." Mr. Smalt advocates the removal of the Vocational School from the high school building to an old school building in order that it may have its own individual, "occupational" atmosphere with the conventional 8 hour day for shop work. He finds no good result from the merger of the vocational with the high schools.

The committee reports that during

eisewhere, some might enter the com-mercial course at the High School, others would remain in the elemen-tary grades until 16 and then cease going to school. If the above changes were made the cost to Newton would probably be much greater than is the Vocational School with State and Federal aid.

Trade School vs. the Vocational De-partment of the Newton High School

School

Much of my time for the past
month has been devoted to a careful
and personal study of the work and
organization of the Vocational Department. All of the courses of study
have been examined, classes have
been visited and conferences held

TRACK TEAM WINS

FOURTH DUAL MEET

The Newton high school track team hung up its fourth consecutive dual meet victory last week Friday afternoon, defeating Huntington school, 40 2/3 to 27 1/3. The meet was held at the Boston Y. M. C. A. track where the Northeastern interscholastics will be staged tomorrow afternoon.

afternoon.

Bog Ewing was again the orange and black's leading performer with a total of eleven points. He won the dash, 300-yard run and tied with two others for second place in the high jump. Carl Pescosolido won the shot put and took second in the dash while Captain Reynolds was a close second in both the hurdles and 600-yard run. Newton's big three, Ewing, Pescosolido and Reynolds, totalled 25 1/3 points, almost equalling the Huntington team's total.

The biggest upset of the meet came

Huntington team's total.

The biggest upset of the meet came in the hurdle race. William Floring of Huntington, a Newton Centre youth, won the event in 5 4/5 seconds, equalling the track record and nosing out Reynolds. The 600-yard run was another exciting race with Reynolds again the victim; Gene Malloy, Huntington star, and Thomas Blake, a teammate, fought it out with Reynolds in a nip and tuck race. When the gun lap sounded Malloy was a stride ahead of Reynolds and Blake. On reaching the final straight-away all three uncorked sprints and reached the tape in a blanket finish. The judges awarded Malloy first, Reynolds second and Blake third.

Newton scored slams in the 45-

Newton scored slams in the 45-ard dash and 300-yard run.

yard dash and 300-yard run.

The relay race, although its result did not affect the outcome of the meet, was a thriller. Ewing and Johnny Mullen built up a nice lead but Gene Malloy, Huntington anchor man, closed the gap and won the race in a spectacular finish. The summary:

mary:
45-yard dash—Won by Ewing, (N);
Pescosolido, (N), second; Mullen
(N), third.
45-yard hurdles—Won by Floring
(H); Reynolds (N) second; Duest

300-yard run—Won by Ewing (N); Mullen (N), second; Adams (N),

Minten (N), second; Adams (N), third.
600-yard run—Won by Malloy (H); Reynolds (N), second; Blake (H), third.
1000-yard run—Won by Burton (N); Chamberlain (N), second; Conley (H), third.
Running high jump—Won by Kaveney (H); tie for second between Floring (H) and Ewing and Fine (N). Ht. 5 ft 5 in.
Shotput—Won by Pescosolido (N); Stone (H), second; Ham (N), third. Relay—Won by Huntington (Duest, Blake, Fryeberger, Malloy); Newton (Ewing, Adams, Mullen, Bell).

THE WEEK IN NEWTON SPORTS

NEWTON CONTENDER AT NORTHEASTERN

The Newton high track team entered for the first time in the annual Northeastern Interscholastic track meet to be held tomorrow afternoon on the Boston Y. M. C. A. track is one of the foremost contenders against the Medford high team, defending champions. Among the fifteen schools entered in the meet Newton, Brockton, Lawrence and Lowell are expected to press Medford. Brookline high has entered but one man, Harry Fink, its star shotputter while Salem will send William Anderson to defend his high jump title.

Newton may suffer some handicap The Newton high track team en

Newton may suffer some handicap rom the absence of a broad jump in ne program of events and from the tet that but one entry will be al-based from each school in the 300, 600 lowed from each school in the 300, 600 and 1000 yard runs. But with Captain Reynolds on the hurdles and 600; Bob Ewing in the dash and 300, and Carl Pescosolido in the dash and shot put, the orange and black will need but a few other point winners to finish well up in the scoring.

Drawings for positions in the work

well up in the scoring.

Drawings for positions in the various events were held this week with no school being fortunate enough to draw the pole in more than one event. In the dash there will be 28 competitors, necessitating five trial heats. Farrell of Brockton and Uanna of Medford are the leading performers in the first heat. Ewing is in the third heat with Hill of B. C. High, Marland of Quincy, Egan of Winthrop and Gleason of Lowell. Satchebell of Brighton high looks good in the fourth trial. Pescosolido of Newton will have Joe Dineen of Lawrence as his foremost opponent. This should be the best trial heat of the day.

There will also be five heats in

The 1000 yard run will be in two heats, also on a time basis. Fred Burton looks to be Newton's best bet in attempting to grab first place away from Captain Kenneth Cune of Mediford. Burton has won all his races this year with the exception of that against Cuneo in the first meet of the season. The Newton distance runners have come along fast since that first meet and Burton should give Cuneo a fast race. Coach Enoch has Arthur Chamberlain and Charles Hall, also good 1000-yard runners, that would be entered but for the one man limit but Burton is the choice on the basis of his performances to date. There will be but two field events, the shot put and the high jump. Pescosolido and Ham will be the Newton entries in the former with Pescosolido expected to at least win second place. Harry Fink, Brookline's lone entry, has been heaving the pellet in the neighborhood of 47 feet which looks good enough to win although the mark set by Aurel Tremblay of Lawrence two years ago does not look to be in danger.

Newton has no high jumper this year capable of clearing five feet nine inches where most of the points will be won tomorrow. Anderson of Salem is expected to retain his title.

Newton will oppose Lynn Classical in the relay races, points for which will be awarded on a time basis. Medford has a fast relay quartet this year and should probably make the fastest time. Lawrence with its four Joes, Linehan, Dineen, Gillis and Choquette, is another fast outlit both of which should make better times than Norman Payne of Newton is the choice of the wind of the work of the points will be awarded on a time basis. Medford has a fast relay quartet this year and should probably make the fastest time. Lawrence with its four Joes, Linehan, Dineen, Gillis and Choquette, is another fast outlit both of which should make better times than Norman Payne of Newton is the choice of the work of the points will be awarded on a time basis. Medford has a fast relay quartet this year and should probably make the fastest time. Lawrence with its f

Newton. Newton's relay team is not yet determined as in every meet different runners have made up the team. If Ewing and Reynolds are not to exhausted after their previous efforts the best team looks to be that composed of Ewing, Reynolds, Mullen and Robert Bell.

SPORT NOTES

Clausen Runs Nice Race

Clausen Runs Nice Race
Although failing to place in the
three-quarter mile run at the K. of
C. games Saturday night, Tom Clausen former Newton high captain,
wearing the B. A. A. colors, ran a
nice race. He started from scratch
in the handicap event, which saw 39
starters. In two laps he had caught
half the field with a beautiful exhibition of running. His early efforts told on him, however, and he
lacked the stamina necessary to gain
better than fifth place.
Captains Tech First Year Matmen

Captains Tech First Year Matmen Louis Vassalotti has been elected captain of the M. I. T. freshman wrest-ling team. He has won his matches over opponents on the Brown and Tufts yearling teams.

Makes Swimming Team

Rowland Thomas won a place on the Technology swimming team and took part in the meet against Yale last week. He is also a member of the circulation staff of "The Tech," student newspaper.

draw the pole in more than one event. In the dash there will be 28 competitors, necessitating five trial heats Farrell of Brockton and Uanna of Medford are the leading performers in the first heat. Ewing is in the third heat with Hill of B. C. High, Marland of Quincy, Egan of Winthrop and Gleason of Lowell. Satchebell of Brighton high looks good in the fourth trial. Pescosolido of Newton will have Joe Dineen of Lawrence as his foremost opponent. This should be the best trial heat of the day. There will also be five heats in the hurdles which should bring Captain Reynolds of Newton, Ouelette of Brockton, Pushard of Medford Gleason of Lowell, and Farrell of Brockton together in the finals.

There will be four heats in the 300 with the winners of each heat meeting in a final. Ewing will probably be Coach Donald Enoch's choice in the event although it is possible that if he is not in fine fettle as his work in the dash will show that Mullen will be the local entry.

Captain Dick Reynolds will have a chance to avenge the defeat he suffered from Bob Andrews of Medford frord in the dual meet between the two schools the first of the year. This pair with Duggan of Wakefield, Linehan of Lawrence, Stedman of Brockton, and Burke of Lowell are the outstanding entries. The 600 will be run in three heats against time.

The 1000 yard run will be in two heats, also on a time basis. Fred Burton has won all his races

Bowdoin Relay Team Wins

At the K. of C. games in the Boston Garden last Saturday night the Bowdoin relay team won its race against Brown University. Harold Rising of Newton Centre, running second for the Bowdoin team, turned in a creditable performance, holding an eight-yard lead over his opponent.

McCrudden Second in 600

McCrudden Second in 600

Jimmie McCrudden won second
place in the 600-yard handicap race
at the K. of C. games Saturday night.
The race was quite a scramble with
50 entries with various handicaps.
The winner of the race was Hassett
of Holy Cross with a 16-yard handicap. He had a sprint at the finish
that gave him the victory over McCrudden who, starting from the 15yard mark, was coming strong at the
finish.

Country Day Six Beaten

The Country Day school hockey team lost to the Belmont Hill school last Saturday at Belmont in a 3 to 1 game. Francis Gleason tallied Country Day's only goal.

New Hampshire University's hockey team routed the Army last Saturday at West Point, 5 to 1. The visitors at west Point, 5 to 1. The Visitors outskated the Army and displayed superior form with the stick. George Colburn, Newton youth, playing de-fence for the Wildcats, scored the fifth tally of the game.

NEWTON SEXTET

The Exeter academy hockey team shut out Newton high last Saturday on the Exeter rink, 1 to 0 in a fast and exciting game. The only goal of the game was scored by Walter Everett, former Arlington high player, after eight minutes of play in the second period. He picked the disk from a scrimmage well to the left of the net and by a well directed shot drove the puck past Harrington. Both goal tenders had a busy afternoon. Harrington made several pretty saves of shots from the sticks of Frank Spain, former Newton high star and Arthur Lane, who worked together as a unit. While Joe Gilligan and Allie Fletcher kept Knox, Exeter goalie, busy at the other end of the rink. It was Newton's second defeat of the season, the first being that by Melrose a few weeks ago in a 2 to 0 game.

mrst being that by Melrose a few weeks ago in a 2 to 0 game.

Back on Victory Path

Capt. Harrington's team got back onto the victory path Monday afternoon by trouncing Brighton high, 6 to 0, on Bullough's Pond. The Brighton team was without the services of one of its leading players because of sickness. Allie Fletcher scored two of the Newton goals as did Nichols, substitute left wing. Bill Reilly and Robert Wilkie each scored once to bring the total to an even half dozen. The game gave Coach Dr. Martin a chance to see what some of his second and third string players could do and in addition to the regulars, Reilly, Fletcher, Schipper, Gilligan, Gardner and Andres be used Scully and Bell at right wing, Wilkie at centre, Nichols at left wing, Pratt at right defence and Andres at left defence.

Shut Out St. Mark's

Shut Out St. Mark's

Shut Out St. Mark's
Allie Fletcher caged two goals
Wednesday afternoon to shut out the
St. Mark's' Prep school team 2 to 0
on the latter's rink at Southboro. The
game was fast and the ice was excellent. The orange and black's first
tally came on a long shot from centre
ice by Fletcher early in the final period. The Newton centre-ice man
teamed up with Bill Reilly to score
the other tally near the close of the
game.

Brown Back Next Week

Ington five leading 11 to 9. In the second period Newton tied the score wice only to see Arlington forge ahead again to lead at half time 17 to 15. Newton got going nicely in third session to build up a lead of 23 to 19. In the final session Arlington tied the score, Newton went ahead for a short interval and then Friery tied the count again. A moment later Friery caged the winning basket. Captain Norman Payne of Newton was the high scorer of the main game with 13 points followed by Friery of Arlington with ten points. Ham scored eight points and McCarthy four for the remainder of Newton's total. During the halves the Arlington high seconds scored a 23 to 12 victory over the Newton seconds.

Everett Five Wins

Everett Ripk school's basketball team defeated the Newton high quintet last Friday night at Everett, 24 to 17. A capacity crowd witnessed the contest which was featured by Tomasello of Everett with eight points and Captain Norman Payne of Newton with nine points. Everett led at half time 12 to 8 and duplicated its score on the second half while Newton scored one point more than in the first half.

Playing Watertown Today

This afternoon the Newton quintet the Areno on Feb. 8, 15, and 22md. it may work out the same way again. At any rate the return of Brown to the line-up will strengthen the orange and black sextet for its final round games in the Interscholastic league at the Arena on Feb. 8, 15, and 22nd.

NEWTON DEFEATS BELMONT FOR TOP TIE

Newton high's hockey team outskated and outplayed the Belmont high sextet yesterday afternoon on Bullough's pond rink to win 4 to 1 and incidentally to tie Melrose high for top honors in the preliminary round games of the Greater Boston Interscholastic league. Rindge Technical has one game more to play, a postponed affair with Cambridge Latin, and if victorious will tie with Newton and Melrose, each school having five victories and one defeat. Cambridge Latin must win from Rindge in order to stay in the race with Arlington high for the right to be the fourth team in the final round games at the Arena this month.

In yesterday's game Allie Fletcher Newton high's hockey team out-

In yesterday's game Allie Fletcher scored twice to lead the Newton out-fit to victory. Gilligan scored once as did Schipper, the latter's coming on a pass from Fletcher.

on a pass from Fletcher.

Will Reilly teamed up with Fletcher in the first period to set the Newton team on the right road. Schipper added the next in the second period when Fletcher laid a neat pass right on his stick. The third period saw Fletcher making a solo dash down the ince, caging the puck with a wicked drive at the Belmont net. Gilligan is raised Newton's total to four later in the session taking a pass from Fletcher.

Belmont's only tally came in the third session. Captain Harrington protested the disc went back of the net but the goal was allowed.

SPORT NOTES

Lawrence Littlefield is a member of the Tech cross-country team which ran in the I. C. A. A. A. A. cross coun-try race in New York recently.

In a hectic hockey game on the Brae Burn rink Wednesday afternoon Boston Latin shut out Country Day school, 1 to 0. With but three minutes to play on the final period a Latin defence player slipped the puck past Captain Kerns for the only point of the game.

Robbins Sets New Mark
Robbins of the Waban bottle pin
team in the Newton Bowling league
set a new single string mark Wednesday night when his team shut out
the Hunnewell Club bowlers. On his
second string Robbins rolled 268 to
break the former mark of 266. Malcolm Hill got into the 200 class with
a 201 on his third string. Not one
of the Hunnewell club team reached
200. At Boston pins the Hunnewell
club team turned the tables, taking
all four points. Greene of Hunnewell
was high with a 364 three string total.
In the Newton Club-Maugus matches
the former took two out of three at
bottle pins and split even at Boston
pins, after trying the first string and
losing the playoff. Robbins Sets New Mark

Why is it, we wonder that nature has shoved most of the calories and vitamines into the sort of food no-one likes?—Philadelphia inquirer.

NEWTON CENTRAL COUNCIL

Two distinguished Newton citizens speaker of the evening, and Dr. Scam-man of Newtonville, Consultant of the Council's Health Division, appeared or

man of Newtonville, Consultant of the Council's Health Division, appeared on the platform of the Newton Centre Woman's Club House at the meeting of the Newton Central Council on Monday evening, January 28.

Mrs. Irving O. Palmer, President of the Council, presided and Mr. Paul E. Elicker, Clerk, called the roll'of the thirty eight organizations federated in the Council. The Newton Churchmen's Union was voted in as a new member-agency.

Miss Bertha W. Allen, Superintendent of the Newton Hospital and Chairman of the Council's Health Division, was introduced by Mrs. Palmer as in charge of the meeting, which was held under the auspices of her division.

Miss Allen announced that the best news which she could give was that the day for the dedication of the new hospital had been set as May 12. Applause followed this announcement.

Dr. Clarence L. Scamman of the State Department of Health then took charge of the meeting and introduced his friend Dr. Wilson G. Smillie of the Harvard School of Public Health. The life of Dr. Smillie would make the wildest sort of a book of adventure. He held his audience spell-bound, one moment, with a story of dangers encountered under the most extraordinary surroundings; and the next made them laugh at some of his droll word pictures.

At one time he would portray most

them laugh at some of his droll word pictures.

At one time he would portray most dramatically a band of monkeys swinging each other across a wide river by a method which sounded like "snap the whip",— at another he would describe the supple tongue of an ant-eater. A thrilling tale was of his experience with dodging the bullets which were meant for another man who had recently knifed a neighbor. He was, once mistaken for the Devil by one of the primitive men of an isolated region who had never seen shoes and whose toes looked like the fingers of a hand. Dr. Smillie's shoes looked to this man like the covering for a cloven hoof. It was only by taking off his shoes and showing the man that he had five toes like any other human being that Dr. Smillie succeeded in convincing him that he was a friend and not the Devil, and that he had come to cure the people of malaria, hookworm disease, and other Troubles.

This all happened in South Ameri-

malaria, hookworm disease, and other troubles.

This all happened in South America in a sparsely inhabited country or in the jungle; but Dr. Smillie's experience had been also in the Arctic, and through every state of our country except Nevada.

In speaking of Newton he said that we were fortunate in having an efficient Board of Health, and that many of the rural sections of the state have health organizations which are scarcely worthy of the name. The difficulty lies in the fact that a proper public health set-up is a very expensive affair. Only five towns in Massachusetts have full time health officers. The trouble is that the unit in our state is the town instead of the county and it is such a small unit that often-times very little can be accomplished. One solution of this difficulty is the uniting of several neighboring towns in their health work. By setting up a health unit for several towns together, it is possible to make it as efficient as it should be.

After the lecture there was a social hour at which many people had the

After the lecture there was a After the lecture there was a social hour at which many people had the pleasure of meeting Dr. Scamman and Dr. Smillie and getting better acquainted with each other. The hot chocolate served through the kindness of the Newton Hospital was particularly appreciated on account of the cold outside, and no one regretted having faced a bitter winter night for the sake of this very inspiring meeting.

IMMANUEL BAPTIST CHURCH

The Annual Meeting of Immanuel Baptist Church was held on Thursday evening of last week.

Supper was served by Hicks. A group of songs happily rendered by Mrs. Hatch, Director of Music, were received with hearty appreciation. Printed reports showing the progress made by the various organizations during the year were submitted and plans for the future briefly outlined. A fivemonths' leave of absence beginning Apr. 1 was voted to the Pastor.

The following officers were elected for the coming year:

ever, as the bill was substituted, 125 to \$3.

An example of useless legislation, of which there is the usual amount this year, was the petition that the Governor be requested to issue a proclamation calling for the display of the National flag on all State buildings on the fourth of March, 1929, in recognition of the 300th anniversary of the granting of the charter to the Governor and Company of the Massachusetts Bay in New England. The Committee on Ways and Means found immediately upon taking up the measure that no such authority was necessary. The constitution permits a Governor to issue proclamations when he sees fits. No Governor would fail to recognize the importance of any historical anniversary and if the matterial of the sectorial of t to recognize the importance of any historical anniversary and if the matter were only called to his attention would proceed to prepare for a fitting observance. However, in this instance the petitioners put the State to the expense of printing copies of the bill and demanded the time of the committee in holding a hearing.

In other words, much time was co sumed that might have been saved

Senator Hollis, for the Committe n, Metropolitan Affairs, moved in on Metropolitan Affairs, moved in the Senate to have referred to the Ways and Means Committee the spe-cial report of the Metropolitan Dis-trict Commission relating to the bill authorizing the construction of a parkway or boulevard from a point near the junction of Newton street with Hammond street in Brookline to Beacon street in Newton. The Sen-ate thereupon adopted Senator Hol-lis' motion.

te thereupon adopted Senator Holis' motion.

One of the several "Greater Boson" schemes fell by the wayside with 4 dull, sickening thud when last Wednesday the House, without debate or livision, accepted the adverse report of the Committee on State Administration on the bill that the name of the Metropolitan District Commission be changed to the Greater Boston Commission. Representative Luit-wieler is House chairman of that committee and had charge of the adverse report.

parish to community work, he has

Graduating, so to speak, from parish to community work, he has since devoted his boundless energy and enthusiasm to a broader and more

since devoted his boundless energy and enthusiasm to a broader and more general service throughout the village and beyond. Anywhere, everywhere, he was anxious to minister to others. As he went about doing good, he knew not color, race, or creed; need of body, mind, or spirit was the Open Sesame which invariably unlocked the great storehouse of his love and sympathy.

Through everything in nature, he saw and worshiped nature's God; and through art, music, and poetry, he constantly interpreted to his fellowmen the Master of Men. He was a keen observer, and often uttered truths of sparkling brilliancy. With a fund of information, a keen sense of humor, and ability as a storyteller and at repartee, he was a pleasing companion, a delightful friend, a wise counsellor. Children loved him for his willingness and ability to adapt himself to their needs and interests.

He persistently refused to live in the past. Not backward, but forward, was a guiding principle of his life; and as he pressed on he was always seizing opportunities to lend a hand. Upon the waters of life, he cast most generously of the bread of love, sympathy, and service for others'; and in later life he found the prophecy true, as that bread returned to him in the varied offerings of uncounted friends.

No words of tongue or pen can so well everges his devetion his faith

to him in the varied offerings of uncounted friends.

No words of tongue or pen can so well express his devotion, his faith and assurance, as do his own verses, written after ninety years' experience with life, and published just before he passed away. They ring out as a great challenge, flung back, as it were, by one standing at the portals of glory.

in the afternoon.

All are welcome.

ABOUT TOWN

Early last year the Board of Aldermen appropriated \$2700 for a traffic tower in Nonantum Square, Newton. Some months ago at a conference between the Traffic Committee of the Aldermen, the Chief of Police, the Street Commissioner, representatives of the Edison Company and Mr. McNear who was selected to furnish the tower at Nonantum Square and the traffic tower at Newton Centre Square, the designs of the two new towers were decided upon and the Edison representative stated that the towers would be erected and in operation six weeks after being ordered. On the strength of this information it was published in the Graphic that the tower at Nonantum Square would be in place before the first of this year. We were informed by officers of the Newton Business Associates that this organization at its meeting held a few weeks ago voted to inquire why the tower had not been erected. The information received by the secretary of the Business Associates is—that the tower was not ordered until December 15 and will not be erected until next March. In the meantime Traffic Officer Renry Laughlin and Frank Feeley, who are on duty in Nonantum square, are enduring the discomforts of exposure to the inclement weather of another New England winter. If whoever is responsible for the delay in the installation of the tower had to stand for a few hours in the middle of Nonantum Square one of the biting cold days we have had recently, it is more than probable that the structure would have been erected control of the tower than the structure would have been erected the tower than the control of the tower had to stand for a few hours in the centre of the tower than the probable that the structure would have been erected the structure would have been erected the control of the tower than the structure would have been erected the structure would have been er Early last year the Board of Alder

The Read Fund Lectures will be started for the 45th year on February 20 in the hall of the Underwood School. Years ago, before "movies" were invented, illustrated lectures by means of stereopticon slides under the auspices of the Read Fund were quite a treat to the "kids" of Newton Corner. The lectures were given in Eliot Hall. Can you imagine the boys and girls of today getting a thrill by looking at stereopticon pictures?

looking at stereopticon pictures?

It has been suggested that persons residing in Chestnut Hill and other sections of this city, where houses set a considerable distance back from streets, place at some point on the street line in front of their residences the street number of each house. It is difficult, even in the daytime for anyone searching for some particular residence to find it when no house aumbers are visible from the street. It is more than difficult at night time. Recently the fire department received a telephone call that there was fire in a house on a certain street at Chestnut Hill. The apparatus made a quick response to the call but had to travel up and down the street a couple of times before the firemen could locate the house because the houses on the street set well back and there are no identifying numbers visible from the street.

Recent Deaths

MARY PORTER BROWN

MARY PORTER BROWN

Mrs. Mary Evelyn (Porter) Brown widow of the late Joseph Emerson Brown, a well known playwright died early Saturday morning at her late home, 27 Hollis street, Newton, after an illness of about six weeks. She was born in Dixmont, Maine, 80 years ago, the daughter of Dr. and Mrs. Byron Porter and had resided in Newton about 42 years. She was a cousin of Clara Barton, founder of the American Red Cross. Her funeral service was held on Monday afternoon at her late home, Rev. Chester Drummond of the Channing Church officiating. Burial was at Beverly.

She is survived by two daughters, Miss Grace Evelyn Brown of Newton and Mrs. Jared Platt Hatch (Marjorie Brown) of Pittsburgh, Pennsylvania, two sons, Porter Emerson Brown and Fred Russell Brown, both of Newton, a sister, Miss Lizzie May Porter of Newton, and two grandchildren.

MRS. JULIA OWEN

MRS. JULIA OWEN

Mrs. Julia (Nichols) Owen, mother of Philip Nichols, 234 Park street, Newton, died on Tuesday. She was born in Boston, February 22, 1845, the daughter of John and Mary Batchelder. In 1863 she married Williams Nichols of Boston, headmaster of the Nichols School. In 1892 Mr. and Mrs. Nichols moved to Buffalo, New York where Mr. Nichols founded the Nichols School of that city. In 1997 Mr. Nichols died and two years later Mrs. Nichols married Roscoe P. Owen of Boston, classmate and friend of her former husband. Mr. Owen died in 1915 and Mrs. Owen made her home at Trinity Court, Boston, until a few months ago when she came to live with her son in Newton. She is also survived by another son, Clifford Nichols of East Aurora, New York and six grand-children.

funeral service was held yes terday afternoon at her late residence, Rev. Chester Drummond of Channing Unitarian Church officiating, Burial was in Mount Auburn

MRS. MARION E. SWEET

Mrs. Marion E. Sweet of 105 Eldedge street, Newton, widow of Alvin D. Sweet and a resident of this city or over 40 years, died on January 27. the was born in Milford and was in the 94th year. She is survived by the reference of the 10 year had at her ate home on Tuesday, Rev. Ray A. Tusden officiating. Burial was in Yewton Cemetery.

Graphic Outlines of History

Sitting Bull and Home

One of the most picturesque figures in both American and Indian his-tory was Sitting Bull. He was a great chieftain and medicine man of the Sioux Indians, a powerful tribe numbering about 30,000. Above is shown Sitting Bull's home at Pine Ridge of the Sloux Reserva-

pathetic response to the require-ments of the situation. We are tactful and courteous always.

MRS. GEORGE P. FLOOD

MARCUS HALEY

Marcus Haley, a former well known sident of Newton died suddenly of eart failure on January 25 at his ome in South Sudbury. He was born South Boston 62 years ago and came o Newton when 2 years old, residing ere until he moved to South Sudbury everal years ago. He was a paper to Newton when 2 years ond, teams to here until he moved to South Sudbury several years ago. He was a paper hanger by occupation and at one time was a member of the Newton police department. He is survived by his widow, Mrs. Marle Haley, and one son by a previous marriage, M. Granville Haley of Parker street, Watertown. His funeral service was held Monday afternoon at his son's home, Rev. George Clark of South Sudbury officiating. Officers of Waban Lodge, I. O. O. F. conducted the Odd Fellows service. Burial was in Mount Hope Cemetery. Mr. Haley was affiliated with the I. O. O. F., Red Men, A. O. U. W., Fraternal Protectors, and he was a 7th degree member of Sudbury Grange.

WILLIAM C. COLLETT

William C. Collett of 14 Waban Hill road, Chestnut Hill, died on January 25. He was a native of Summerside, P. E. I. and in his 73rd year. Coming to Boston in 1881 he became associated with the offices of Charles Brigham, architect, and as a member of that profession designed many large buildings. He is survived by a brother, J. A. Collett of Prince Edward Island and a niece, Miss Alice Dewey of Chestnut Hill. His funeral service was held in the chapel at Mount Auburn Cemetery, Sunday afternoon, Rev. Frank G. Potter officiating, Burial was in Lynn. Mr. Collett was prominently identified with the Odd Fellows and Masonic organizations.

FALL KILLS NEWTON MAN

Charles J. Smith, 52, of 49 Elmwood street, Newton, was killed Tuesday morning when he fell down the cellar stairs at his home and hit his head against a brick wall at the bottom of the stairs. It is supposed the accident happened about 7 a. m. as Smith was preparing to go to work. His wife died about a year ago. The body was discovered by his youngest daughter. Catherine, age 13. He was employed as a lineman by the Boston Elevated and is survived by four sons and two daughters. Dr. Warren Marston was called when the accident was discovered and he found the man dead. Dr. West, the medical examiner for this district viewed the remains. Charles J. Smith, 52, of 49 Elmwood

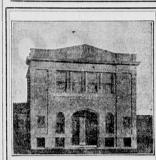

MRS. MARY GORMLEY

Mrs. Mary Gormley, widow of the te Charles Gormley, died on Wed-esday morning, January 30th, at her nome, 21 Williams street, West New-on, after an illness of several

nonths.

Mrs. Gormley who was in her sighty-third year had been a resident of Newton for about forty years. She se survived by a sen, Charles Gormey and two daughters, Miss Margaret and Miss May Gormley, all of West Newton.

Miss Nancy E, Whiting of 626 Centre street, Newton, died on January 26. She was a native of Sterling, Massachusttts, and in her 91st year. She had been a resident of this city for 28 years. Her funeral service was held Tuesday afternoon, Rev. Chester A. Drummond of the Channing Unitarian Church, of which the deceased was a member, officiating. Burial was in Rural Cemetery, Worcester. Miss Whiting is survived by two nephews in this city, Horace Harrington of 570 Centre street, Newton, and Robert W. Harrington of 73 Perkins street, West Newton.

Her funeral service was held Tuesday morning at the Church of Our Lady. Burlal was in Calvary Cemetery, Waltham. She is survived by four sons, James, Joseph, Thomas and Louis Bird, and two daughter, Mrs. Alonzo Mahoney and Mrs. Allan McVain.

Sharpness of Shark's Teeth Accounted For

The proverbial sharpness of a ser-cent's tooth is declared to be wrong; is the state of th

One can even use the cutting sur-ace of a shark's tooth, says O. W. Carrett of the Department of Agriculure of Porto Rico, to scratch glass is glaziers scratch it with a diamond. Shark's teeth are now collected

Shark's teeth are now collected, says Mr. Barrett in describing in the Scientific Monthly of New York city, the growing commercial importance of the shark-fishing industry, and are used for watch fobs and other jewelry, for which purpose their extreme hard-ness is declared to make them espe-

cially suitable.

This hardness is due, the Porto Rican expert reports, to the fact that shark teeth are unique in the world in being composed of almost pure enamel, without the softer inner portions, which make human teeth, for example, so subject to decay.

In many ancient rocks of the earth geologists find millions of scattered

the shark family.

Even millions of years ago sharks

evidently had such hard and inde-structible teeth that even when all structible teeth that even when all other bones and body partly decayed the teeth lasted and were preserved in the rocks.

Evil Reputation of Sargasso Sea Myth

The Sargasso sea is a region of the Atlantic ocean lying off the American coast about the latitude of Florida It is composed of floating masses of It is composed of floating masses of brown seaweed, characterized by numerous small berry-like bladders. This dense gulf weed (Sargassum bacciferum) is the home of many small marine animals, crabs, prawns, etc. It is supposed that the weed grows on the American coast, is torn away by the waves and washed by the currents round the North Atlantic ocean into the comparatively still waters. into the comparatively still waters where it floats in accumulated masses. The older masses of weed slowly lose their power to float and then sink and perish. Columbus was becalined in the Sargasso sea, and this made his men despair of ever reaching land For a long time this sea had an un-enviable reputation, as it was thought that the ship which was forced into it was doomed. Recent scientific ex-peditions have demonstrated that ships need have little fear of the

Vindication

masses of weed.

A dignified-looking man stopped at news-stand and purchased two very onservative newspapers and an ex-remely liberal literary monthly. He paid for them, but after a mo-

nent's hesitation asked in addition

ments nestation instead in literature for a certain monthly bearing a decidedly zippy title.

He must have sensed something of the inconsistency of his purchase, and felt that some kind of explanation. was due, even to so unliterary a fel-ow as the particular news dealer in

question:
"Er-I hope," he said, as he taid down the necessary sum for the mag-azine, "that you don't think I read this paper. I am just a contributor." —Kansas City Times.

A Classic

The following is told by an Americanization teacher whose class of elderly ladies meets two afternoons week. The teacher, after a number of lessons on the correct form for letters, asked her solut pupils to write an original letter. This was one of

an original letter:
those written:
"N. Y. C., April 23, 1928.

"dear Sire
"I risived a letter I shell pay my last month bill. I hope you are mis-takin please find out.

"Very truly yours,
"Ch. K."

Awful Waste of Food

"With only 55 per cent of the 28, 750,000 American homes having re-frigerators, and with only 20 per cent of these using refrigeration all the year, housewives in the United States waste \$700,000,000 in food annually through spoilage," according to an engineering official, who figures spoil ge at 10 cents per day for most familles. Were it possible to check the needless waste it would be found that values would be sufficient to feed one of the major nations of western Europe.

Ancient Industry

In the village of Parson Drove, in he fen country, near Wisbech, on the borders of Lincolnshire and Cam-bridgeshire, England, a wood mill is still in seasonal operation, and its processes differ little probably from those in vogue in prehistoric times. Huge cumbrous wooden rollers drawn by horses are still used to crush the plants, and the dye extracted now has its uses in newer industries. In fact for certain purposes its value still re mains superior to all modern substi

Self-Created Slavery

Man has made so many and such marvelous machines, thinks a modern philosopher writing in the American Magazine, that he has become en slaved to them in thought as well as

VOCATIONAL SCHOOL

(Continued from Page 1

with the instructors, each of whom has been asked to interpret his work and to give in writing his personal opinion of the present situation with such recommendations as he wishes to make that might help in planning a re-organization. Conferences have also been held with specialists in vocational education, including Mr. Small and Mr. Shay of the State Department. A personal visit was made to the Springfield Trade School to study its organization and operation, including the outlines for related and neademic work. The general plans and purposes of vocational education as authorized by legislative enact ment have been carefully reviewed.

I find that the intent of the law as interpreted by the State Department is to create schools to teach real trades, or parts of trades, under trade conditions as fully as possible, and with the instructors, each of whom

nent have been carefully reviewed.

I find that the intent of the law as nterpreted by the State Department to create schools to teach real rades, or parts of trades, under trade conditions as fully as possible, and that approval is supposed to be given to only such schools as meet fully the prescribed requirements.

and purposed of your bar plearprises of the control of the control

a certain degree some of the suggestions are already now in operation in the school, but a different emphasis is perhaps desirable if the department is to function on a purely trade basis.

Mr. Small in his report to the Survey Committee criticized certain practices of the Vocational School and offered several suggestions for its improvement. Since any plans of reorganization must be approved by Mr. Small, I have naturally tried to incorporate his suggestions in the following recommendations:

1. That all present courses be continued, temporarily at least. This Mr. Small definitely recommended in his report to the Survey Committee. At first, I felt that one course should be dropped and a new line of work substituted. After a study of the situation I fully endorse Mr. Small's recommendation. It may also be desirable to expand one or two of these courses if an outlet can be provided for practical work.

schools provide a market for a considerable production in certain lines. Outside sources must be sought for the output in other lines.

16. That the Director and Heads of Departments shall be held responsible for the placement of pupils as they leave school or graduate. They shall also be held responsible for securing a larger arount of productive

SCHOOL NOTES

LEVI F. WARREN JR. HIGH

At the Assembly on Jan. 30, Big Brother came to entertain us. His first number was "The Grass Is Always Greener" which he sang to the accompaniment of his banjo. Next he read the poem "Nothing to Laugh At." a story of a little boy who had had his nose stung by a bee. He sang "Stick in-the-Mud," the nickname of a little boy. "The Inventor's Wife" came next. Then "The Three Trees" and "Swim, Sam, Swim," the fastest piece ever given over the radio with the piano. "The Bad Manner Family," Big Brother said, we should take as a MORTGAGEE'S SALE

hint and not do as they did. "Happy-Go-Lucky-Boys" followed. The satio with the rost. Big Brother "signed off" with "On the Radio." Then Big Brother oaked if there were any questions which any of the student body would like to ask. Several people asked questions, many about the Big Brother Club. On Jan. 31 a basketball game is to be held between the Boys' Varsity Alumnia and the Boys' Varsity Alumnia eand the Girls' Varsity Alumnia e

Life's Little Things

It is as great a mistake to expect too little of life as to expect too much. No one is immune from trouble and no one has a monopoly of it, even if self-pity—a most insidious form of mental indulgence—sometimes appears to suggest it.

So many of the sweetest things of life come almost unnoticed. We look forward, says the London Chronicle, all the year to our holidays, but often despise the hours of leisure which, perhaps, are really more important to our well-heing.

Retrospection will sometimes make clear how much quiet pleasure a single day has brought—a letter by the morning's post, a word of encouragement which has formed an undertone of harmony to the melody of toll a child's gratitude for some trifle, even the welcome of our dog "with the soul in the shiping aces of him."

tone of harmony to the melody of toll a child's gratitude for some trifle, even the welcome of our dog "with the soul in the shining eyes of him."

There are, of course, days when dutles pall, when friends seem to fail us, when we grow weary of ourselves, us, when we grow weary of ourselves.

On Sunday atternoon the memons to the memons of disappointment and In the shining eyes of him."

There are, of course, days when dutles pall, when friends seem to fall us, when we grow weary of ourselves.

There are times of disappointment and bitter sorrow. Yet, on the whole, it is a glad truth that—

In small measures life may perfect be grown are times of the may perfect be grown and the probability of the probability. The probability of the probability. The probability of the probability o

Officer's Dignity Cut

No Figure With Pat

A young man who had spent three years at different C, M, T, C.'s was reminiscing. He teld several of his experiences in the camps and wound up by relating the following:

"We were all scared to death of an officer that first day in camp, but not so with 'Pat,' whose name, by the way was Abraham Levinski. The general rode up on his horse to observe the procedure of our being mobilized into service. On his appearance officers snapped to attention and we remained motionless until the general gave the customary 'At Ease.'

"'Pat' stepped out of line with a camera in his hand and took the general's horse by the bridle and turned it around. The horse shied back and 'Pat' turned it around again. Then he stepped off about ten paces, and with much deliberation focused the camera on the puzzled officer.

"'Now, smile,' 'Pat' soothingly requested, while the company broke in to a roar, joined by the general on the horse."

**A Land of Facry

A most marvelous sunset this evening, outside the Bab Djedid. The vast plain in its arild desolation gave the impression of a desert, flooded with the gold light of the level sun. The clouds hung over the mauvemountains of Trozza and Serdj, impregnated with purple and rimmed with bright gold. It was a land of facry, dissolving under the enchantment of the sun, whose power drew forth such fantasies in blue, redgreen and yellow. Behind us lay the walls of the city, in the rosy light of evening, which fell upon towers and cupolas. Then in the still air, as the world faded under an emeral sky is impressifit the gold by the clouds hung over mountains of Trozza and Serug, premated with purple and rimmed with bright gold. It was a land of faery, dissolving under the enchantment of the sun, whose power drew forth such fantasies in blue, redgreen and yellow. Behind us lay the walls of the city, in the rosy light of evening, which fell upon towers and cupolas. Then in the still air, as the world faded under an emerald sky came the clear voice of the muezzin calling the faithful to prayer, while through the gates the shepherds solve through the gates the shepherds solve yield in their flocks.—From the Diary wassell Beresford.

Women

into the plate, such a good idea that it is strange no one ever thought of it before. The traveler who finds his portable desk a joy has a woman to thank for the invention. A lock faucet for metal containers is an invenstorerooms and an important safety device. The same woman invented also a handy needle threader to use

Love of Open Inherent

The impulse to get into the open is primitive in us. We love the breath of the spaces not cluttered with houses and rank with the odors civilized life. Under the stars and the moon we can think clean thoughts. From the busy fields we can drink inspirations unknown to the office and the counting house. In the song of the winds we may hear the cradle iuliables of our infancy or the strange melodies which thus come, different and alone, to the individual soul.— Kansas City Times.

OUR REPRESENTATIVES IN THE NEWTONS

KIWANIS CLUB

The weekly meeting of the Newton Kiwanis Club at Auburndale on Tucsday was featured by a talk given by Dr. Francis George Curtis, chairman of the Newton Board of Health. Dr. Curtis talked on influenza. He gave the opinion that the alleged epidemic of influenza is largely newspaper talk. He referred to the outbreak of influenza in 1888 and 1918 and contrasted the great number of victims in 1918 with the number reported this year. In 1918 over 5500 cases of influenza were reported in Newton and 166 persons died from the disease. During the first 28 days of the present month only 57 cases of influenza where reported in Newton; many persons have had severe colds, but physicians in this city have reported only 57 as having influenza.

Dr. Curtis stated that influenza in itself is rarely fatal. Complications resulting from it, mainly pulmonary diseases are what cause deaths. One indication of the severity of a "flu".

In 1918 was really pneumonic plague. This dread scourge is endemic in parts of China and during the war large numbers of China and during the war large numbers of China course, and during the war large numbers of China each group. This dread scourge is endemic in parts of China each group. This dread scourge is endemic in parts of China and during the war large numbers of China each group. This dread scourge is endemic in parts of China each group. This dread scourge is endemic in parts of China each group. This dread scourge is endemic in Burope. This dread scourge is endemic in Europe. This dread scourge is endemic in Europe. This dread scourge is endemic in fluenza, in the second of the victims of the victims were person that it may take weeks for one to regain strength to so weaken a person that it may take weeks for one to regain strength to so weaken a person that it may take weeks for one to regain strength to so weaken a person that it may take weeks for one to regain strength to so weaken a person that it may take weeks for one to regain strength to so weaken a person that it may

city have reported only 57 as having influenza.

Dr. Curtis stated that influenza in itself is rarely fatal. Complications resulting from it, mainly pulmonary diseases are what cause deaths. One indication of the severity of a "flu" outbreak is the prevalence of pneumonia. In January of last year 13 cases of pneumonia were reported in Newton. So far this month the same number of cases has been reported. Dr. Curtis commented that physicians are prone not to report all cases of pneumonia they treat so that there may have been more cases. He told his listeners that the cause of influenza has not been discovered and while it is apparently a communicable disease it is not known how it is spread. In 1918 the famous "suicide squad" of the United States Navy volunteered to assist in an endeavor to learn how influenza is transmitted. Three hundred men were used as subjects on which various methods were used which ordinarily would to learn how influenza is transmitted. Three hundred men were used as subjects on which various methods were used which ordinarily would communicate a disease but all efforts to spread the "flu" to these men failed. In striking contrast was the fact that during the 1918 epidemic whole families were wiped out. Dr. Curtis said that it was his opinion, and the opinion of many physicians that the so-called influenza

LEGION AUXILIARY BRIDGE

The Mather Class

The age-old problem of freedom and license, including the development of morality by restrictive regulations, were discussed by Prof. Kirtley F. Mather at the regular weekly meeting of the Mather Class last Sunday morning at the Newton Centre Woman's Club House.

The observation has been made that we are trying to develop religion through ignorance, morality through law, government through acquiescence, and righteousness through hypocrisy.

hypocrisy.

That sounds severe, but it opens up a serious subject for consideration. What about the question of personal liberty? There is such a burden of laws and regulations nowadays that it probably would be impossible or at least impracticable to put them all in one place.

put them all in one place.

Prohibition is just now in the public eye. Some think it infringes personal liberty. There is widespread refusal to obey that law, and the consequence is a disrespect for all law. Along with these restrictions goes the censorship of books, plays, and addresses. Personal liberties are in real danger of being infringed. You cannot make an address on Boston Common without obtaining permission of the police.

In our civil life we witness in.

The first municipal toboggan slide
in Newton was recently completed,
the Board of Aldermen having appropriated the funds to do so. Within a
few hours of its completion hundreds
of happy youngsters and a surprisingly large number of older people began to use this slide and it is now
busy from early afternoon until 10
o'clock at night. The slide is situated
on the Tyler terrace end of the Newton Centre Playground which makes
an easy approach for automobiles and
the slide extends practically across
the entire playground.

The health and physical training valuse of the slide and the thrill which
the youngsters get is well expressed
by the description a Chinaman gave
of a toboggan slide "Zip—walk a mile." The first municipal toboggan slide

Amazing Results When You Burn

A Genuine Hard Coal

CONSUMPTION of Welsh Anthracite has doubled in a few years. Thousands of satisfied users are buying it again and again and recommending it to their friends, because Welsh is a genuine hard coal. It is pure, containing no slate, rock or bone. It gives one-third more heat than ordinary coal. ary coal.

THE RESULTS ARE AMAZING. Welsh burns and burns to a fine powder. You get less than a bar-rel of ashes to a ton. There is no sifting of ashes, less ash barrels to put out. One ash bar-rel where you used to carry three.

WELSH IS A CLEAN COAL. THE CLEANEST YOU CAN burn in your home. It gives a continous, intensive heat without soot or dirt. Welsh is quick to kindle, and owing to its purity, this coal burns with all drafts checked.

COAL IS SOLD BY THE TON, but what you really buy is heat val-ue. There is MORE HEAT per ton in Welsh. You actually save money when you buy it. Welsh is sold in regular sizes for range or heater. Fill your bins now with this Super-Fuel.

Welsh is superior in quality to even the special high grade American Coals-and costs less. A trial order will convince you. Tele-phone one of the dealers listed below.

ONE THING AND ANOTHER

Of all the sign-ridden spots I have observed there is one in Newton Corner—as we hate to call it but find we must—that stands unhappily conspicuous above all others. How it happens I do not know and why it should be necessary to so inflict the neighborhood with non-advertising notices is beyond my limited powers of comprehension. I must say sympathize with the residents of that section, assuming, of course, they are open to my offer of kind intentions.

There is no criticism intended of the people who permit the city to bear down on them to the extent of six posts and eight signs all within a few yards. I suppose they have found it useless to protest. On the other hand the city officials will no doubt say that these things are absonately necessary and are required by aw. We can answer that argument and not be called a "red" for daring to insinuate that the hand of constituted authority should not be upheld no matter how many signs it may hold.

Last Sunday, seeking to gather some fresh air on a snappy Winter's law of the sale of time. The method is too indirect. There is much information constituted on the public of the sale of it. Everybody knows that the mail received daily by members of the letters of long fresh with addirect the point of congress is loaded with advice. Letters setting forth the views of congress is loaded with advice. Letters setting forth the views of congress is loaded with advice. Letters setting forth the views of congress to congrete of the post to the

tuted authority should not be upheld no matter how many signs it may land.

Last Sunday, seeking to gather some fresh air on a snappy Winter's lay, I walked to the banks of the Charles river. It was this pilgrimage which unfolded to me the collection of signs. There was, I must admit, variety as well as quantity. As for beauty, I cannot speak since all the signs were intended for practical purposes. But why so many?

This sign-sore spot is the junction of Charlesbank road and St. James street. There is a street sign for each street, which is quite necessary. That makes two. There is a sign on the north side of St. James street, that till is a one-way thorough fare. On the east side of Charlesbank road is another one-way sign post. That makes four posts. Then on the corner of what would be the extension of St. James street is another post. This bears two usly boards. On one is painted, "No Exit—Dangerous" and on the other, "Private Way—Dangerous," Added to this is one of the flashing traffic lights in the center of Charlesbank, six posts in all. One illuminated side of the traffic sign says, as I recall, "Stop" and the other "Do Not Enter." So you have eight signs to read.

There is much information contained in a recent report of the State Commission on Juvenile Crime dealing with the reasons children prefer to spend their spare time in places other than their homes. Some 10,000 children were asked their views and the replies received formed the basis of the commission's report. It appears that at 11 years of age 70 per cent. of the girls and 60 per cent. of the boys preferred to spend their leisure hours at home. For every year after that there was a loss of five per cent. of the child to the home up to 17 years of age when the study ceased.

WOMEN'S CLUB ACTIVITIES

Newton Centre Woman's Club

The Village Follies, with an array of attractive features, planned by the Activities Committee of the Newton Centre Woman's Club, under the chairmanship of Mrs. Cyrus T. Schirmer, is sure to be well attended on Friday and Saturday evenings, February 1st and 2nd, not only by the members of the Newton Centre Woman's Club, but by many other residents of Newton, whose curiosity has been piqued by the announcement of entertaining events. Many of Newton's young people have been under training of Mr. Alan Hay, of Brookline, known for his work with the "Amateurs" of that town, and in colorful costumes, with an artistic stage settling as background, will give Waltz numbers, and various songs of specialites, including "green dragons". Mr. Hay will himself add to the program by songs, and his baritone voice is notedly pleasing. There will be a Skit, with local hits that are always so popular; solo dancing numbers by Miss Sieving, formerly with the famous Braggiotti School of Dancing; a cabaret, for which table seats are now being sold by the chairman of the evening; and dancing later, with Bert Lowe's Orchestra furnishing the music. Altogether, these two evenings sound most appealing for attendance.

The Newton Centre Junior Woman's Club will hold its next meeting on February 6th, under the chairman-ship of Miss Frances Muther of the entertainment committee and of Miss Emma Kidder of the Refreshment. Committee. Tryouts for the annual play will be held after the meeting which are sure to be most entertaining.

Several legislative bills of interest to the Club members will be discontinuation. The Village Follies, with an array

Woman's Club of Newton Highlands

woman's Club of Newton Highlands

On February 5th the regular meeting of the Woman's Club of Newton Highlands will take place in the Congregational Parish House at 2:30 p.m. At that time the Art Committee has arranged for an afternoon of "Adventure in Line and Color", with Miss Helen E. Cleaves, of Waban, as the speaker. Miss of Teacher's College Art Begarden and the Massachusetts School of Art. Her illustrations will be by drawing in line and color showing how a design is made, and how an artist builds up a painting. Miss Cleaves has the reputation of being a humorous and diverting speaker.

Mr. C. S. Luitwieler, Newton's Representative at the State House who is well known to many, will give a short talk on interesting phases of Legislation. He is the father of the "Drunken Driver" bill and of fourteen other crime bills.

A food sale will precede and follow the meeting and members are urged to attend the meeting for their own diversions and to buy the goodies to help the Philanthropic Committee in their splendid work.

The 1st and 2nd of February will be the novel setting of the Art Committee at the Workshop. All day and enjoy the process of handcraft in the making and have a cup of tea.

A most attractive all-value and the meeting for their own diversions and to buy the goodies to help the Philanthropic Committee in their splendid work.

Newton Upper Falls Woman's Club

Monday evening, February 4th, will be a "red letter day" for the Newton Upper Falls Woman's Club, as, under the chairmanship of Mrs. H. E. Child, the Club is to hold its Tenth Birth day Anniversary. A supper at 6:48 will be one of the features of the eve

ming.

The president and third vice-president and Twelfth District Director of the State Federation, and the President of the City Federation will be the honored guests. The Club will also have as guests presidents of neighboring Clubs.

Members not wishing to attend the supper will be welcome at the entertainment to be given by the Natick Woman's Club Double Quartette. Guests will also be welcome at this entertainment, at 7:45, at the regular guest fees.

Newton Federation

Waban Woman's Club

The meeting of the Waban Wom an's Club or February 4th at the Neighborhood Club, at 2:30 p. m., will be in charge of the Education Committee, Mrs. Alexander S. MacMillan, Chairman. The speaker, Dr. Abram Myerson, has taken for his subject,

Auburndale Review Club

The Annual Guest Night of the Re The Annual Guest Night of the Review Club, will be held on Tuesday evening, February 5th, at 8 o'clock, at the Congregational Chapel. Guests from the City, State and General Federations have been invited, as well as presidents and escorts from many neighboring Clubs, who will be greeted by the president, Mrs. Charles Valentine, and her officers. The program is in the hands of the Committee with Mrs. Stephen Wright, chairman, and will include a speaker on some line

Newtonville Woman's Club

The Newtonville Woman's Club will be the hostess Club at the Midwinter meeting of the Newton Federation of Women's Clubs, held at the Central Congregational Church, on February 5th. This takes the place of the regular meeting of the Club, and members are urged to attend both the morning and the afternoon sessions. Luncheon will be served at 1:00 o'clock, for which tickets may be obtained from members of the Board. The full program will be found under Newton Federation news. The Garden Club will meet with Mrs. George E. Fishey, 36 Trowbridge avenue, on Thursday, February 7th, at 10 o'clock. The subject, "Getting Ready for the Spring Gardens," will be inspiring for gardeners trained and prospective visitors are welcome. The Civics Committee, Mrs. J. Mace Andress, chairman, is busy with plans for the Card Party to be held at the residence of Mrs. George A. Clapp, 503 Walnut street, on Friday afternoon, February Sth.

Tickets may be obtained from members of the committee. This excellent method of raising Club funds promises an afternoon of pleasure to members who enjoy sociability and a good game.

State Federation

RADIO. Mrs. Seldon E. James, president of the Brighthelmstone Club, will broadcast from WNAC, next Wednesday morning, February 6th, at 11:30 o'clock, "Qualities for Club Unity." At 11:40, Jessie Fleming Vose, Planist, and Mr. Joel Holland, tenor, are to entertain. Miss Aurora Moreau, Planist, will be on the air at 11:50.

CLUB INSTITUTE. Another of the decidedly worthwhile Conferences on matters intimately pertaining to Club management is scheduled for Thursday morning, February 7th, at 10 o'clock, at the Hotel Vendome, Boston, by Mrs. Thomas J. Walker, chairman of Club Institutes Department. "Club Policies" is the exact title of the morning's discussions by various prominent Clubwomen. All interested Clubwomen are invited to attend.

LEGISLATION. The Legislative Policy of 1929 Outlined by Mrs. Fred L. Pigeon, State chairman, Depart-ment of Legislation states, that at a special meeting of the Executive Board it was voted to recommend for study and consideration:—

(1) The General Federation resolu-tion on legislation for reuniting of families of immigrants.

"The General Federation passed a resolution that Clubwomen urge Congress to pass the necessary legislation for the reuniting of separated families of aliens who were legally admitted to the Uni-ted States prior to the enactment of the Immigration Law of July, 1924, by allowing their wives and unmarried minor children to come to this country without delay even after the quota has been reached.

atter the quota has been reached
(2) A Bill to Provide for Zoning
he State Highways.
(3) Milk Legislation.
(4) A Resolve for a Special Comnission on children's laws.
(5) A Bill to license Boarding
lomes for Aged People.
(6) Status of the Billboard Case.
It was also voted that at the Midrinter Meeting action be taken on No.
and that a resolution be presented
n No. 4.

on No. 4. On February 26, 1925, the State Fed-eration endorsed the bill making wom-en liable for jury service with suitable

exemptions.
On February 16, 1926, the State Fed eration endorsed a bill which provided for an extended plan of educa-tion for children up to the age of 1

Printed material enlarging on the ubject matter relating to each bill will be sent to local Legislative chair men and will be available for other

from Frank Cole, director, Legislative Document Room, State House, Bos ton, Mass. Clubwomen are asked to registe their opinions upon all bills considered, with their Senators and Representatives. They may write to Mrs. Pigeon for any desired information.

ABOUT TOWN.

By Edw. H. Powers

Ethel Barrymore is quoted as say Ethel Barrymore is quoted as saying—"Indecent plays never have any success outside of New York." It might be added that indecent plays would not be successful in New York but for the fact that most of the persons who go to see such plays are people on visits to New York from other cities, towns and villages in the United States. People who profess to be very respectable in their home towns, try to be real devilish when they take a trip to the "big town."

Australia has no prohibition law but few persons are being killed by drunken automobilists in that far land. drunken automobilists in that far land. The reasons are—a person found guilty of driving while under the influence of liquor who renders another person unconscious in a traffic accident gets as the lowest penalty—loss of license, \$125 fine and six months imprisonment and can get from two to four years in jail; a drunken driver convicted of manslaughter can be imprisoned from eight to ten years; if convicted of murder through causing another person's death by driving when drunk, the offender may get a death sentence. Apparently it is not so easy to fix cases in Australia as in the United States.

So far as we have been able to obso far as we have been able to observe persons who get arrested for drunken driving and who try to use influence to have their cases fixed so that they will evade the punishment and publicity which usually result when one is arrested for drunken driving, frequently get much more publicity than if they took their medicine in the first place.

The elaborate plans to improve the Charles River Basin at Boston by building a park for children to play in and a sunken roadway to provide a traffic artery on which automobiles can travel to and from Boston, listens well. But there is one complication which will result and which would have to be met. Most of the huge traffic along this new boulevard would reach Boston proper at the junction of Charles and Cambridge streets, a traffic point that already is about as congested as is Governor square at Kenmore station.

TOOL STATE OF THE PROPERTY OF

NEW STUDY AT WEST NEWTON CHURCH

The New Study, connected with the Second Church of West Newton, was the scene of a very homelike and cordial "Tea" on last Sabbath after-uoon from four to six o'clock.

The occasion took the form of a "House Warming," and the new study oaned an atmosphere of cheer and comfort so essential in a "Council Chamber" and "Pastor's Study."

comfort so essential in a "Council Chamber" and "Pastor's Study."

Dr. Boynton Merrill, pastor of the church, greeted every guest with some personal word of interest and welcome, which created a spirit of genuine cordiality and friendliness. The new fire place, which was donated by Mrs. George B. H. Macomber and her children, Mr. C. Clark Macomber, Mr. George B. H. Macomber, in memory of the husband and father, Mr. George B. H. Macomber, in memory of the husband and father, Mr. George B. H. Macomber, was lighted for the first time by Miss Macomber.

Mrs. James A. Hutchinson of 55 Valentine street, president of the Woman's Guild, assisted in meeting the guests in the Study. Mrs. Boynton Merrill greeted the guests, in her always charming and gracious manner, in the Ladie's parlor, where a social hour was spent and tea served. Mrs. Joseph N. Lovell of 257 Otis street and Mrs. Phister Cowin of 292 Prince street, poured.

THE ART OF HELPING

The last session of the Class in the Art of Helping will be held under the auspices of the Newton Central council on Friday morning, February

This session will be on "Newton's Needs and Your Opportunities" and will be a presentation of the varied, but definite, needs of Newton's own

Family Welfare Work, the School
Centers at Nonantum and West Newton, and the Y. W. C. A. will all be
described, especially in relationship
to the ways in which volunteers can
help. The talks will be short, vital
and to the point.

The average citizen will find it a
revelation to hear that much that is
both dramatic and challenging lies
at his own door. Scouting, Hospital Social Family Welfare Work, the

Seek Information On South Side Playground For Women Depositors

Residents Do Not Want It Located Another In Series Offered By
Too Near Homes Newton Trust Co.

Residents in the vicinity of a proposed playground on Cypress street, Newton Centre, appeared at the meeting of the Board of Aldermen on Monday night to inquire concerning the plans of this playground and to express opposition should the playing areas be placed near their residences. A petition has been received by the Board of Aldermen asking that the city purchase land for a playground on Cypress street, Newton Centre. This land covers an area of about 10 acres and is now owned by the Newton Theological Institution. It is proposed that this playground serve the children in the adjoining sections which includes the Thompsonville district. Ellis Speare of Bishopsgate road, speaking in the absence of Dr. Andrews, president of the Newton Centre Improvement Association, told of the opportunity, which now exist to purchase this land at a low figure; an opportunity that will not be available long. He expressed surprise that opposition has developed to the project. posed that this playground serve the children in the adjoining sections which includes the Thompsonville district. Ellis Speare of Bishopsgate road, speaking in the absence of Dr. Andrews, president of the Newton Centre Improvement Association, told of the opportunity, which now exists to purchase this land at a low figure; an opportunity that will not be available long. He expressed surprise that opposition has developed to the project.

Chase Eastman of 125 Jackson street stated that while he is not opposed to the playground, as a whole, he would not want the layout arranged to bring the playing spaces near his house. He desired to obtain more information regarding the matter.

Mrs. Marion Gilbert of 257 Cypress street said the plans of the playground are too vague. She commented that the proximity of swings and merry-go-rounds would not help her property. Joseph J. Hickey of 1181 Commonwealth avenue, who is developing property on Cypress street also asked for more definite information.

First and Refunding Mortgage Bonds.

Collateral Liens.

Cloidse, Dividing all bonds roughly into two classes, Industrials and Public Utilities, the speaker showed the superiority of the latter in that they can be disputes, to inventory losses and to style elements.

All these factors are true of Industrial Bonds.

In buying bonds one should consider the economic status of the commential the economic status of the commential to the product of the modify the economic status of the commential to the product of the modify the quality of the product (something which can be used once and thrown away being preferable to an article which is not often renewed); the territory in which the industry is located (the new industrial South, the Middle West and New England all being good); also the financial standing of the company, as shown by its balance sheet.

Be sure that the proximity of swings and eventual transpace of the company, as shown by its balance sheet.

Investment Lecture

Mr. J. K. Billingsley of the Investment Department of the Old Colony Corporation lectured on Wednesday morning to the women depositors of the Newton Trust Company on "Investments, "To Choose," To Avoid." Mrs. Albert S. Hutchinson presided at the meeting, which was held as usual in the Newton Centre Women's Club.

Disregarding the matter of stocks, Mr. Billingsley named four types of bonds, in the order of their security: 1. First Mortgage Bonds (Senior

issue).
2. First and Refunding Mortgage

Cold Spring Swamp Drain To Be Built At City's Expense---No Betterments

Aldermen Appropriate \$156,146.65 From Sewer Construction Account

part at least, but I want to explain why I persist in being in the minority regarding it."

"The Cold Spring Swamp problem has been talked about for many years. This swampy area is not an asset to the city. Every citizen should desire to have all of Newton attractive, to have this area made available for building sites for dwellings. Near the end of last year this matter came before the Board. Apparently it had been decided by the Public Works Committee and the Finance Committee that this matter should receive attention. We realize that one person, with very poor judgment constructed a number of houses on boggy land off Beacon street. In all probability this drain and sewer would relieve a bad situation there but it is a question whether the City, as a whole should sacrifice improvements which are much needed to undo some one's

DEVELOPING NEWTON

DEVELOPING NEWTON

How many new houses, how many new shops, garages and filling stations have been built in Newton in the past 10 years? We are proud of the growth of our city. What new facilities are we developing for our growing numbers of young people? The Y. M. C. A. building was put up nearly a quarter of a century ago and is this year having its first addition. Are we less interested in the welfare of our young women?

The Young Women's Christian Association is endeavoring to meet the needs of the many new comers to the city and depends upon the good-will and generosity of Newton citizens to carry through its program. Its maintenance fund of \$8,200 is now being subscribed. Please send your checks

FOR THOSE WHO

At the meeting of the Board of Also deemen on Monday night it was voted to appropriate \$156.146.65 from the Sower Construction Account to build a drain and sewer along the line of Cold Spring Brook from Homer street through land owned by the Newton Beacon street and thence through land owned by the Newton Beacon street and thence through land owned by the Newton Beacon street and thence through land near Allen avenue and Beethoven will be built along Beacon street to connect with territory at Glaston-bury Oval and Upland road, Waban, will be built along Beacon street to bury of the street and the street and the sweet and the work of the street and the sweet and that it is troubled with indigestion bury Oval and Upland road, Waban, which means that the whole so sot will be borne by the City of Newton and that no betterments will be assessed.

The work will be done under the General Law is the sweet of the sweet of the sweet of the sweet and that it is troubled with indigestion in its municipal finances—It is grow-ing so fast the sweet of the sweet and that it is troubled with indigestion in its municipal from the sweet of the sweet and the sweet and that it is from the sweet and that it is from the sweet and the sweet and the sweet and that it is from the sweet and that it is from the sweet and that it is from the sweet and that it is sweet and the sweet

New Pastor Comes To W. Newton Church

Rev. J. S. Franklin Welcomed At Lincoln Park Church

Members and friends of the Lincoln

Members and friends of the Lincoln Park Baptist Church in West Newton welcomed their new pastor, Rev. John Shade Franklin, and Mrs. Franklin, at the regular monthly supper on Wednesday evening. A clever entertainment was staged by members of the Service Club, and others. The committee in charge consisted of the president, Mrs. Thelma E. White, Mrs. Frances Jonah, Mrs. Joseph Lane, Mrs. Arletta Neal, and Mrs. Henry Kersting. The entertainment committee consisted of Mrs. W. F. Keesler, Mrs. Wesley Jonah, Douglas Furbush, Walter Livingstone, Henry Kersting, Mrs. Thelma E. White, and Miss Ruth Arch. Others who assisted were Mrs. Alice Furbush, Thomas Brown, Oliver Buckley, Carl Eschelbach, Forrest Henley, Misses Marguerite Whitney, Olive K. Burrison, Helen Zellar, and Messrs. Amasa Jonah, Joseph Lane, Fred L. Smith, Dewey Freeman, Wellesley Jonah, Douglas Furbush, Henry Kersting and Walter Livingstone.

Music was furnished by Miss Evelyn Barnett, Lady of the Ivories of radio fame, Miss Lucille Dewing, violinist, Herman Foster, mandolinist and William Richardson, saxophonist and Robert Morrissey, violinist.

Following supper which was served by waiters of "color" to the accom-

and Robert Morrissey, violinist.
Following supper which was served
by waiters of "color" to the accompaniment of popular music by the
orchestra, a group of readings and
songs was given by the Misses Elizabeth Jenkins, Lillian Chandler, Esther
Pearl White, and Faustina Doggett.
The Service Club then presented a
one-act play "The Little Red Schoolhouse" with the assistance of the
gentlemen of the parish.

Over two hundred persons were

Over two hundred persons were resent.

A hearty, welcome was given the pastor and his wife and she was presented with flowers.

Dr. Griggs To Give Read Fund Lectures

Shakespeare's Plays In Read Fund Lecture Course

Dr. E. Howard Griggs, who requires no introduction to Newton audiences, returns to the City on February 20 to give his fifth series of lectures in the Underwood School Auditorium under the auspices of the Read Fund Trustees.

In his lectures this year Dr. Griggs will consider five plays of Shakespeare. He will open the course with "A Midsummer Night's Dream" as an example of the earlier creations of the great bard.

The succeeding lectures in the

The succeeding lectures in the course will deal with "As You Like t," "Othello," "King Lear" and "Anony and Cleopatra."

all he is sincere.

Dr. Griggs has a loyal following, not only in Newton, but throughout the length and breadth of the land where people have been fortunate enough to attend his lectures. It is expected that the Underwood School Auditorium will be taxed to capacity.

CITY HALL NEWS

At the meeting of the Board of Aldermen on Monday night notice of the following appointments by Mayor Childs was received: Members of Planning Board for three years: Alfred A. Alvord, Charles E. Gibson, Edward Mellus; Assistant Assessors: James A. Cox, William E. Flynt, Raiph Laffle, Fred L. Smitt; Trustee of Newton Free Library to succeed Frank H. Howes, resigned, James P. Gallagher.

After two years of study, we install the Night Depository.

A night depository is now available to Newton Trust depositors. After two years of examining various types, we have installed what we believe to be the most efficient system possible. If you will call at the bank, we will be glad to demonstrate the new depository.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

NEWTON IS VICTOR AT NORTHEASTERN

Newton high's star trio of Captain Dick Reynolds, Bob Ewing, and Carl Pescosolido picked up enough points in the Northeastern interscholastics iast Saturday on the Boston Y. M. C. A. track so that the relay team of Reynolds, Ewing, Mullen and Kilburn Adams needed but a point and a haif to insure victory for the orange and black over its nearest competitors, Brockton and Medford. The relay team defeated Lynn Classical and hung up the third best time of the day for 2½ points. Brockton, by defeating Medford in the relay, incidentally smashing the old record to smitherens, placed second with 15 points and Medford third with 13 points. Seven other schools figured in the scoring with eight or less points each. The winning of first and second in the dash by Newton's stars, Ewing and Pescosolido, coupled with a little strategy on Coach Enoch's part, more than offset the failure of the Newton athletes to come through where expected in other events. thletes to come through where expected in other events. LATIN IN OPENER

athletes to come through where expected in other events.

Five trial heats in the dash saw Ewing and Pescosolido winning along with Farrell of Brockton, Flannery of Concord, and Satchebell of Brighton. Joe Dineen, Lawrence star took second to Pescosolido in the fifth heat. Ewing and the Brighton runner equalled the record set last year by Frank White. Two semifinals narrowed the field down still more. Farrell worked hard to win the first over Ewing who apparently did not extend himself. The second was another duel between Pescosolido and Dineen with the Newton runner again having the edge. The final was a thriller and the Newton pair kept their season record clean by finishing one, two, ahead of Farrell of Brockton. Ewing again equalled the record of 5 2-5 seconds. Satchebell, the dusky Brighton flash, was shut out in the second semi-final by Hannigan of Lowell. With eight points to their credit the orange and black was off to a flying start. Favored with fortunate breaks in the round robin series for the Greater Boston Interscholastic league ice hockey championship Newton high is expected to repeat its 1928 victory. The series opens tonight at the Arena with Newton opposing Cambridge Latin and Melrose facing Rindge Technical. Next week Friday night or possibly Saturday afternoon, the second set of games will be played with Newton versus Rindge and Melrose versus Cambridge Latin on the card. The final games will be played on Washington's Birthday afternoon with Newton facing Melrose in the headliner and Cambridge Latin trying again to knock off Rindge. Newton Melrose and Rindge qualified for the final series some time ago but the fourth team was not decided until last Saturday when Cambridge Latin handed Rindge the biggest surprise of the season by blanking it 1 to 0.

Newton has been strengthened by the return of James Brown to the line-up after an absence of five weeks, during which time he was in-eligible. He has taken his old position at left wing where he captained the team last winter and Allie Fletcher has retained the centre ice berth he moved into when Brown, who started this season at center, went on pro. Bill Reilly will hold down the right wing berth to complete the Newton forward line.

Melrose High, on the other hand, is unfortunate in losing its captain

NEWTON FIVE AT BEVERLY TOMORROW

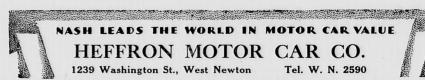

Newton high's basketball team will make a determined effort to capture its second victory of the season tomorrow night on the Beverly high school court. Newton's only win was over Beverly on the Newton floor a few weeks ago in a closely fought game. Ham's last minute basket gave the local team an 18 to 17 victory. Coach Green's five has dropped two more games, one last Friday afternoon to Watertown high on the latter's floor and the other to Rindge Tech Tuesday afternoon on the Newton court. Watertown, under Coach Edgar Ward, has hung up an enviable record this season while Rindge has a very strong team.

Watertown's victory over Newton last Friday was its ninth win of the season. McDermott, right forward, tossed a total of ten points, making him the high scorer, of the game. Ham led for Newton with six points, followed by Kingsland, left forward with five and Captain Payne with

The Mather Class

Owing to the extensive activities at the Newton Centre Woman's Club House last Friday and Saturday, the Mather Class could not use the place Sunday morning, so Dr. and Mrs. Arbuckle extended the hospitality of

neir nome.

Prof. Kirtley F. Mather discussed ne prophet, Amos, especially in reard to international relations and eligion.

gard to international relations and religion.

It is well for us, in considering the problems of the present, to review the history of the past.

Amos lived in the 8th Century B. C., at the beginning of one of the greatest stages in the religious development of mankind.

In the political field there was the definite threat of invasion by Syria.

Amos turned his attention to the political situation. His reformation, as is usual with reformations, began with the conscience and protest of one man, Amos himself.

He was not a trained elergyman or professional prophet. He was a herdsman, whose conscience spoke. The King and the High Priest did not like to listen to him. They told him to go elsewhere and do his prophesying. A similar reaction occurs today when somebody goes into a mining town in Pennsylvania and talks about social and economic equality. That person is expeditiously escorted to the border and told to go and preach elsewhere.

Penny Wise and **Pound Foolish**

Many persons think they are wise when they save a few pennies by purchasing food of inferior quality. They do not stop to reason that they will lose pounds of flesh when they jeopardize their health by eating inferior food. It is real wisdom to buy QUALITY FOOD at SUBURBAN SERVICE STORES where you enjoy the advantages of telephone service and prompt deliveries by automobile and the assurance of a Square Deal at all times as regards Quality and Quantity.

A large party of winter sport enthusiasts from Newton and vicinity are making plans to go to Quebec over Washington's Birthday for the big Winter Carnival and the Dog-sled Races which are scheduled for the week of February 18th. The party will leave Boston Tuesday evening, Feb. 19 in special Pullmans arriving Quebec, Wednesday noon. They will stay at Chateau Frontenac until Saturday afternoon, returning to Boston Sunday. In Quebec an interesting program has been arranged. Tobagganing, skating, sking and snow-shoeing will be enjoyed and a sleighride around Quebec and a trip to Montmorency Falls will be arranged. The thrilling dog-sled races will be run each day and the carnival masquerade ball at the Chateau will take place Feb. 22nd. All arrangements for the trip are in charge of Jos. M. Shea of the Beacon Tours, 411 Little Bldg., Boston, and reservations may be made by phone to Hubbard 2626 or Aspinwall 2857.

ONE THING AND ANOTHER

Do you want the existing accomodations provided for Boston & Albany patrons at Trinity place and Huntington avenue exchanged for a union station, so called, that will be much more difficult of access and entail much stair climbing? If not, let much stair climbing? If not, let

more difficult of access and entail much stair climbing? If not, let your Senator of Representative know how you feel and tell him to keep an eye on the petition recently received in the Legislature which calls for a union station on Dartmouth street. Boston, for trains of the New Haven and Boston from which I learn that the State Public Utilities Commission direct these two railroads to build a union passenger station. Proponents of the scheme were heard at length. They pointed out the advantages of such a structure and urged the commission to compel the roads to complete the State Public Utilities Commission to the state Public Utilities Commission to the state Public Utilities Commission to the State Public Utilities Commission that we find so convenient, They pointed out the advantages of such a structure and urged the commission to compel the roads to be commission to compel the roads to rect the pointed out the advantages of such a structure and urged the commission to compel the roads to rect the pointed out the advantages of such a structure and urged the commission to compel the roads to ered the Opponents, including the roads themselves, could see nothing in a big union station in the Back Bay but take a southern route. Those who falled to the station and leaving that city. There do not enter the Back Bay but take a southern route. Those who falled to the case of south as trinity which make it easy to reach each station and full that the vocational school is of the school:

They pointed out the advantages of such a structure and urged the commission to compel the roads to ered it. Opponents, including the roads the point of the poi

as easy to leave. I believe that if a new building were erected as pro-posed, it would require that one start earlier for his home-going train, allowing for the stairs that must be ascended and descended, the numerous doors to be entered and closed etc. closed, etc.

closed, etc.

I have a notion that Newton patrons, not to mention all other patrons of the Boston & Albany will protest and vigorously. The petitioner for the union station lives in Jamaica Plain and naturally he would have a different point of view from a Boston & Albany commuter. As I have already suggested—tell your Senator or Representative your feelings, and, better still, attend the public hearing when it is held and express your views.

entitled even to the comparatively small amount required to maintain it. In my opinion, however, their side should be presented. If possible, the School Board might go specifically into the—shall we call them charges? It would be fair, at least, to hear from both sides for then a much clearer understanding of the situation would exist.

tion would exist.

It would not be a sound policy, it seems to me, for the city to abandon the vocation school without giving citizens the right to express their views. I will admit that matters of education are better studied and administered by those elected for that purpose. Still, vocational training is a deep subject and one on which a public hearing might be held. Apart from the fact that the School Board is worthy of its trust and competent to make the most advantageous decision as far as Newton is concerned, there is no reason that parents should not be consulted.

I overheard some youngsters the other day discussing their plans for St. Valentine's Day. Rather, they were figuring on the expense of preparing a number of these tender missives. From what I was able to gather there is a tendency to return to the old fashioned method of making one's own supply of valentines. to the old fashioned method of maning one's own supply of valentines. The modern equipment is much more complete and extensive than the parents of these same little folks were able to obtain. Furthermore, many varieties of colors, designs, printed sentiments, etc. are now available and at a comparatively low cost.

all upset and may become angry. Even his mother is cautious in talking over such things with her young son. She invites his confidence, but if he does not respond she is diplomatic and does not urge him. How the other boys torment the young lover! If by chance they learn that he has sent a valentine to his little golden-haired playmate they make his life a burden. Sometimes their taunts result in a scrap, for nothing will make a chap eager to punch his companions more than their unkind reference to his love affairs. However, it's all part of those happy days of childhood without the memory of which there would be no "kick" in St. Valentine's Day for the grown-ups.

St. Valentine's Day for the grown-ups.

If anybody has inferred that I have been unduly, and possibly unjustly critical of the Street Department in discussing matters of traffic regulation I hasten to say that such was not my intention. A letter has come to hand which points out that a traffic engineer of the State Department of Public Works has forwarded recommendations to our own city regarding the designation of "through ways" to comply with his idea of what Newton should do.

Plainly the local authorities are expected to comply with orders from the State House, so to speak. If such orders are not all that some people think they should be those people should know that the Newton officials are not the ones responsible. It is only justice that the information should be set down in print and I am glad to do so in this column.

It cannot be expected that a street department or any other branch of municipal government may be conducted to meet the satisfaction of all citizens. If I were challenged by a resident of any other Massachusetts city as to the merits of Newton's street department I should feel safe in declaring that ours was as good as any and a whole lot better than many others. I know I would be safe in that assertion, and probably equally safe if I declared that we had one of

country.

The whole question of dealing with traffic is one that has been forced upon us. The automobile brought us a new problem. Up to the arrival of the first such vehicle in our midst we had seen only one self-propelling vehicle—the steam roller. Although its speed was and still is deadly slow a law was passed requiring that a man should walk ahead at least 10 feet waving a red flag. This was a signal of danger, but I have an idea it frightened horses for in those days there were many horses. Now the steam roller is regarded as incapable of any trouble.

steam roller is regarded as incapable of any trouble.

All this shows that traffic regulation dealing with motor cars presented a study. There were no precedents. It had to be a series of experiments and those experiments are still going on. Far from being critical I urge patience, confident that Newton will "come through" creditably as far as the local Street Department is concerned.

Newton Scout Receives Harmon Award

Newton Scout Receives Harmon Award
Norumbega Council, Inc., Boy
Scouts of America, which operates
Boy Scouting in the City of Newton,
has just received notice from the National headquarters of the organization that Eagle Scout Evan Collins,
a member of Troop 4, Newton Highlands, has received the Harmon
Foundation Eagle Scholarship. Inasmuch as there are but four of these
awards made in New England, Troop
4 and Norumbega Council are signally honored.

The Harmon Foundation Award to Eagle Scouts is made for conspicuous service denoting character, perseverance and self-sacrifice. It also requires that he shall stand well above the average in his studies at school and in his school citizenship and that he shall keep himself physically fit. In a word, the award is made to those Eagle Scouts who typify the highest for which the Eagle Badge stands.

Evan Collins was registered in Troop 4, Newton Highlands, in October, 1923, and has been a member continuously since that date. He be-came an Eagle Scout on June 6, 1927. He was elected Chief Eagle of the Eagle Circle, an organization com-prising the twelve Eagle Scouts of Norumbega Council, for service to the Flying Eagle Tribe of Lone Scouts at the New England Peabody Home for Crippled Children.

from an extended tour in Latin America, will make his first appearance as the new President of the Council that evening and will make the Harmon Foundation Scholarship Award to Eagle Scout Evan Collins of Troop 4, Newton Highlands.

A feature of the Court will be a demonstration in Archery by Mr. Harry Jordan, a Maine woodsman who is an expert with the bow and arrow. He will tell the Scouts about making bows and arrows and will actually demonstrate shooting with them at the Court. All Troops, officials and persons interested in Boy Scouts and Archery are invited.

Scout Commissioner John M. Bierer and Scout Executive Bruce are to attend the Rally of the Cambridge Council on Saturday, February 9th, to act as judges.

Seascouts

Seascouts

Seascouts

During this week Seascouts of Ship 13. Norumbega Council, have been putting on a demonstration at the Motor Boat Show, in Mechanics Hall, Boston. With the approval of 8 Skipper Donald M. Hill and Commodore William V. M. Fawcett and with the active leadership of Bo's'n's Mate Richard Wales, a full exhibit was set up in "jig time." with Seascouts on duty every afternoon and evening during the week.

The Seascouts are to put on a demonstration, preceded by a talk on e Seascouting by Commodore Fawcett, at the monthly meeting of the West Newton Men's Club on Friday evening, February 15th. Troop 7, West Newton, under Scoutmaster Gaddis and his assistants will be guests of the Club, which is observing Father and Son Night on that date.

Feeding Birds

came an Eagle Scout on June 6, 1937.

It was circled Chief Eagle of the Monday field of Monday

POLICE NEWS

Albert Vohar of 112 Parker street,

Albert Vohar of 112 Parker street, Newton Centre was in the Newton court last Friday charged with driving while under the influence of liquor. His case was continued until February 15.

Andrew W. Joyce of 8 Hersey street, Newton Highlands, and Walter Terrio of 33 Thurston road, Newton Upper Falls were arrested last Friday night by Sergt. Bannon and Patrolman Davis charged with the theft of an automobile robe from a car on Needham street, Newton Highlands. The theft occurred on January 20, the robe being the property of Earl Johnson of Newton Highlands. The two were found guilty and each was sentenced to two months in jail. They appealed.

A car owned by Robert King of

A car owned by Robert King of Sharon avenue, Auburndale, stolen on the night of January 31st, from opposite 216 Washington street, Newton, was found abandoned in Providence, R. I. the following day.

dence, R. I. the following day.

Marion Hutchinson of 24 Vernon street, Newton, was in the Newton court on Friday charged with two violations of the traffic laws. According to complaints made by Traffic Officer Taffe she parked her car less than 10 feet from a street corner and parked it at direct right angle to the sidewalk so extending out into the street as to interfere with street car traffic. She was found guilty on the first charge and fined \$5. On the second charge, based on the contention that the car was not parked with its right front wheel next to the curb, a finding of not guilty was made.

Shortly after midnight last Satur-

Shortly after midnight last Saturday night Sergeant Crowley with Patrolmen C. Feeley, Kelly and J. J. Murphy raided the house at §8 West street, Nonantum, and arrested six men charged with gaming on the Lord's Day. Their cases were placed on file.

Amazing Results When You Burn

A Genuine Hard Coal

CONSUMPTION of Welsh Anthra-cite has doubled in a few years. Thousands of satisfied users are buying it again and again and recommending it to their friends, because Welsh is a genuine hard coal. It is pure, containing no slate, rock or bone. It gives one-third more heat than ordin-ary coal.

THE RESULTS ARE AMAZING. Welsh burns and burns to a fine powder. You get less than a bar-rel of ashes to a ton. There is no sifting of ashes, less ash barrels to put out. One ash bar-rel where you used to carry three.

WELSH IS A CLEAN COAL.

CAN burn in your home. It gives a continous, intensive heat without soot or dirt. Welsh is quick to kindle, and owing to its purity, this coal burns with all drafts checked.

COAL IS SOLD BY THE TON, but what you really buy is heat val-ue. There is MORE HEAT per ton in Welsh. You actually save money when you buy it. Welsh is sold in regular sizes for range or heater. Fill your bins now

Welsh is superior in quality to even the special high grade American Coals-and costs less. A trial order will convince you. Tele-

THE NEWTON GRAPHIC UNDER THE GILDED DOME

The most startling development this

The most startling development this week was the passage of resolutions by the Senate Wednesday memorializing Congress to repeal the 18th amend ment to the Federal constitution. The action was somewhat unexpected, of 26 to 6. Those who voted to pass the resolutions were adopted by a rising vote of 26 to 6. Those who voted to pass the resolutions were adopted by a rising vote of 26 to 6. Those who voted to pass the resolutions were adopted by a rising vote of 26 to 6. Those who voted to pass the resolutions base their action on the vote in 36 Senatorial districts at the State election in 34 of which the Senator was instructed, under the public opinion law, to vote for such a memorial. There is certain to be some reaction for the "drys" are astounded by the Congress to the School oppulis.

The splendid work which has been done the past two years by the Norumbega Council of Boy Scouts under the efficient direction of Mr. William T. Halliday will undoubtedly be carried forward under the leadership of the new president, Mr. Maynard Hutchinson.

Every encouragement should be given the Newton Young Women's Christian Association in their drive for current funds. Newton is certainly large enough to support an organization of this kind.

Emphasis should be given the recommendation of the School committee

C. H. SPRING COMPANY

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Mrs. Alfred L. Pratt, formerly a president of the Club, will be in charge of the program for the Shakespeare Club of Newton Highlands at their next meeting which takes place on Saturday afternoon, February 9th, at the home of Miss Mary L. Sweeney, 20 Columbus street. Following 'the business meeting at 2:30 o'clock, at which the president, Mrs. William B. Blakemore, will preside, Mrs. Pratt will conduct a Quiz on "Some Characters of Shakespeare." This is sure to be of great interest as the scope of the questions makes for surprise and quickness of memory.

The New Books will be the subject of discussion, review, and comment by Mrs. Clarence S. Luitwieler as the program for the Monday Club of Newton Highlands on next Monday afternoon, the 11th. Club members welcome this periodic presentation of what is newest and worthwhile in books, as well as brief summary of what is hardly worth the time for reading, and a large attendance is assured. Mrs. R. H. Barnes, of 3 Bowdoin street, opens her home for this meeting, which begins at 2:30 o'clock. Mrs. Barnes is the secretary of the Club.

Newtonville Woman's Club

The next activity under the auspice

The next activity under the auspices of the Newtonville Woman's Club—Mrs. Grace Morrison Poole will give the first of her series of three Current Event Lectures on Monday, February 11th, at 2:30 p. m., at the Central Congregational Church.

Tickets for the Course at one dollar may be obtained from Mrs. Samuel Thurber, or single tickets for 50 cents may be purchased at the door.

Mrs. Poole, as Clubwomen of Newton well know, since she lectures here in various sections of the city, has a knack of presenting her knowledge and deductions of world events that is not only pleasing but that holds attention. Knowing her many Club activities, and not the least among them is her vice-presidency of the General Federation, the wonder is often expressed that she has time and energy to do so much. But one of her home town papers—Brockton—went further, and paraphrased quite cleverly the classic line, "that still the wonder grew that one small head could hold all she knew." And in the midst of her lectures Mrs. Poole is making ready to guide a party abroad this coming summer! Her vitality seems limitless. And perhaps that is the secret of her drawing of people about her in any sphere of activity she elects to enter.

Christian Era Study Club

Christian Era Study Club

The Christian Era Study Club will meet on Monday afternoon, February 11th, at 3 o'clock, with Miss Susie C. Johnson, of 84 Grove street. There will be the usual business hour with committee reports, presided over by the president, Miss Ella B. Smith, after which there will be two papers. The first is on "California's Heritage from Spain," to be given by Mrs. E. P. Allen, and the second on "The Spanish Missions, Junipero Serra," by Mrs. Edward Edmands. This will probably be followed by the book review which the president gives when time permits. The Christian Era Study Club will time permits.

Business and Professional Division of

At 8 o'clock on the evening of February 11th, the Business and Professional Division of the Auburndale Woman's Club will meet in the Auburndale Club House to hear Mr. Earl G. Manning speak on "Home Finance." Refreshments will be served during the social hour following the lecture.

SEVERANCE & FENTON

31 St. James Avenue, Beston One block from Boylston Street, between Arlington and Berkeley Streets Community Service Club of West Newton

Newton

At 2:30 p. m., on Monday, the 11th, in the Unitarian Church Parlors, Miss 1 Sophie Hart, professor at Wellesley College, will give the second in her Literature Course on "Significant Books of the Day," which the members of the Community Service Club, and others, are enjoying so much. Those who have not already secured tickets for the Course of four lectures may purchase single tickets of Mrs. Shirley Ladd, 80 Berkeley street, or at the door, for \$1. Any who are to club members who would like to gain this information, given as a miss Hart can give it with a spice of humor and appreciation of human nature, will be glad to learn that these lectures are open to them. The proceeds are to be used for the splent did object of the charitable work of the Club, and for this reason, also, the Course deserves to be recognized as an opportunity.

On Friday, the 15th, another in the keenly analytical Current Events lectures, by Mrs. Claude U. Gilson, will the Unitarian Church Parish House, or for members of the Club who were wise enough to purchase tickets for this informative Course.

State Federation

Mrs. Barnes is the secretary of the Club.

C. L. S. C. of Newton Highlands

The programs for the C. L. S. C. of Newton Highlands as scheduled for January 28th, and February 11th, have been interchanged in part. On the 28th the Club met at the home of Mrs. Emery Clark, on Allerton road. A delightful afternoon was spent in the discussion of the late author and poet, Thomas Hardy. Miss Adelaide Webster had charge of the afternoon and made the subject most interesting to all those present.

The next meeting, coming on February 11th, will be held at Miss Webster's home on Chester street. Biography will be continued; Tolstoi will be the subject for this particular afternoon, in charge of Miss Mary E. Hyde.

State Federation

RADIO. Mrs. C. H. Danforth, chairman of Americanization, will broadcast from WNAC next Wednesday morning, February 13th, at 11:30 o'clock "Separated Families—an Immigration Problem." The Winchester trio including idabelle H. Winship, first soprano; Gertrude Barnes, see 1 and Nancy D. Alexander accompanist, a

The next meeting of the Boston Woman's Civics Club is to be a Valen-tine Tea to be held in the Jewel room of Hotel Brunswick, on Wednesday,

time rea to be held in the Jewel room of Hotel Brunswick, on Wednesday, the 13th,

This tea is especially given in honor of those members who are serving in the General Federation and the State Federation this year. The Club is honored by having as members many such prominent women. In the General Federation are: Mrs. Grace Morrison Poole, vice-president; Mrs. Arthur Devins Potter, director, and Mrs. Mina G. del Castillo, Music chairman. In the State Federation are: Mrs. Azel A. Packard, president; Mrs. Zawie A. Packard, president; Mrs. Edwin L. Pride, clerk; Mrs. William J. McDonald, District director; Mrs. May Dickinson Kimball, State chairman of Mothercraft, and Mrs. Daniel M. Goodridge, chairman of Conservation of Natural Resources.

Newton Community Club

The next meeting of the Newton Community Club will be held on February 14th, in Underwood School Hall, at 2:30 o'clock. Charles R. Brown, Dean of Yale University, will speak on "Abraham Lincoln."

Students of the Bigelow Junior High School will be guests of the Club. This meeting will be open to Newton Corner neighbors.

The next Current Events talk by Mrs. Grace Morrison Poole will be on February 14th at 10:30 a. m., at the Club House, for the members of the Newton Centre Woman's Club. The second Cooking Lesson in the series by Carolyn Webber Bixby is on February 15th at 2:30 p. m.

To be informed upon all the topics of the day, and at the same time to have knowledge that will tempt and satisfy the appetite of one's family certainly proves the value of Clubs, and the worthwhile versatility of the Clubwoman!

Auburndale Woman's Club

Auburndale Woman's Club

President's Day will be observed at
the Auburndale Woman's Club on
Thursday, February 14th, at 2:30 p.
m. in the Auburndale Club House.
The guests of honor will be Mrs. Frederick Glazier Smith, General Federation director, Mrs. Thomas J. Walker,
third vice-president of the State Federation of Women's Clubs, and Mrs.
J. Porter Russell, president of the
Newton Federation.
After the regular business meeting,
the Auburndale Woman's Club Chorus,
of which Mrs. William A. Jarvis is
chairman, will present "The Castaways," an operetta of the South Sea
Islands.
Mr. Gerald A. Frazee, who is in his
second year as director of the Chorus,
is in charge of the musical side of

Mr. Gerald A. Frazee, who is in his second year as director of the Chorus, s in charge of the musical side of he production, while Mrs. Harvard Weston is coaching the dancing, and Mrs. Edwin M. Prellwitz, chairman of he Drama Committee, is directing the tramatic action. An afternoon both rutertaining and unique is promised o members and visiting presidents.

The cast of the operetta is as follows: Mrs. De Trop, contraito, Mrs. Marcella Mague; Ortrude Steyne, authoress, Mrs. Arthur L. Shaw; Farina Finnochi, soprano, Mrs. C. Lee Brigga; Marie Smythe-Jones, mezzosoprano, Mrs. Eugen Smith; Nahlah, soprano, Mrs. C. Edwin Doney; Gladys, dancer, Mrs. Harvard Weston. Chorus of American Women, Mrs. Raymond E. Perkins, Mrs. Arthur L. Gates, Mrs. Winthrop A. Stockwell, Mrs. Ray C. Smith, Mrs. Carter Willson. Chorus of Native Women, Mrs. Hamilton G. Gaw, Mrs. Henry C. Bourne, Mrs. Walter R. Amesbury, Mrs. William A. Jarvis, Mrs. Warren G. Thorpe, Mrs. Arthur C. Farley, Mrs. George W. Campbell, Mrs. Oscar S. Reed.

West Newton Women's Educational Club

Mrs. Wilson Dort, of 342 Otis stree West Newton, will open her home the Travel Class of the West Newto

West Newton, will open her home to the Travel Class of the West Newton Women's Educational Club, on Monday afternoon, February 11th. Two papers will be read: one by Mrs. Harry B. Durkee on "The St. Lawrence River" and one by Mrs. Joseph Otis on "The Seine River."

Mrs. Clendenning Smith will be joint-hostess with Mrs. Dort.

Owing to the holiday, the next regular meeting of the West Newton Women's Educational Club, will be advanced one week, the Club meeting on Friday afternoon, February 15th, which will be "Home Talent Day." Mrs. Ernest F. Robinson is chairman, and Mrs. Wilson Dort assistant chairman. A play "Norah Mixes In," is being rehearsed by the cast chosen from members of the Club.

Not only is the title of the play chosen most intriguing, insuring a good audience, but a "home talent" day is always appealing, for everyone enjoys seeing persons they know pretending to be someone they are not. The West Newton Women's Educational Club features yearly this presentation of their own able members—and quite wisely, for the enjoyment of the members.

A social hour will follow the presentation of the play.

Newton Circle

The Newton Circle, Inc., requests that its members and friends, reserve the following dates:

The Annual Card party will be held at the Newton Centre Woman's Club House on Monday, April 8th, at 2 o'clock, More definite information will be given later.

The Annual Meeley will be held at 2:30 on Friday, April 26th, at the home of Mrs. G. W. Ewing, Newton Centre. Judge Cabot and Mrs. Wallace will speak.

The Annual Mass Meeley and Luncheon of the Florence Crittenden League will be held åt Hotel Statler, March 12th, at 12:30 o'clock. The speaker will be Mr. Charles Bradden Booth. The Newton Circle being affiliated with this League. Members will be glad to attend. Tickets at \$1.50 each may be obtained from Mrs. J. T. Lodge, 333 Commonwealth avenue, Boston.

Auburndale Junior Woman's Club
The gayest of cabarets was given
by the Auburndale Junior Woman's
Club, January 31st, at the Club
House, as the entertainment for the
Senior Club. This Junior Day, although looked forward to as holding
great attraction, surpassed all expectations, with its elaborate costuming
and dancing. The hall was decorated
with multi-colored balloons tied to
the guests' tables, so the room was
filled with floating bubbles of color.
Miss Ruth Ufford, the Junior chairman, introduced the speaker of the
afternoon, Mrs. Irene W. Bennett,
chairman of the Junior Membership
Department of the State Federation.
The Rainbow Cabaret showed that
much time and thought had been
given to its working out, so smoothly
did it go, and special mention is due it go, and special mention is du Mrs. J. Warren Buckman for he

id to the girls.

The program included a dance—
The Spirits of the Rainbow by Janes
Gullim, Barbara Southgate and Janes Elizabeth Willson; a song, "There's Rainbow 'Round My Shoulder," by an Fraser, with Polly Godfrey, Doris Elliott, Jessie Blackey, Helen Dermon, Ielen Perkins, and Barbara Ed-lands, as dancers; a dance, The (Continued on Page 11)

Dog Attended Funeral

Quite recently a terrier followed his naster's funeral to the parish church. He had been found by his owner half starved and had become a great pet and his constant companion. When he was refused admission to the church was refused admission to the cancel he showed his teeth and was allowed to enter. After attending the service the dog placed himself between the clergyman and the coffin and walked to the cemetery.—London Answers.

Dethroned His Idol

Beethroned His idol
Beethoven originally inscribed his
third symphony to Napoleon. The composer regarded Napoleon as the champlon of human rights. History records
that when Napoleon became emperor
Beethoven tore the title page from
his manuscript and threw it to the
ground.

Build Your Home

on a Completed Street at LOCKSLEY PARK

Opposite Crystal Lake Between Newton Centre and Newton Highlands

Why build a home on an unfinished street which will be a quagmire, almost impassable in winter and dusty during other seasons? The streets at LOCKSLEY PARK are being completely finished; sewers, water, gas and electricity are being installed. Careful restrictions assure this locality being developed into a most attractive neighborhood. Accessible to both Newton Centre and Newton Highlands. Buy your home site there now and obtain the advantage of the choicest locations.

The speaker for the evening, Mr. Fairman, an instructor at Harvard, took for his subject "International Relations from Washington to Coolidge," and briefly reviewed our relations along various lines. The keynote of his discourse was that viewpoint should be one that was first of all well informed, then critical, and third, tolerant.

A very clever little skit, written by

Welfare Conference Tests Its Hearing

Should Have Teacher In Lip-Reading

The Newton Y, W. C. A. was the hostess organization for the meeting of the Welfare Conference, held under the auspices of the Newton Central Council, on Wednesday, February 13. Luncheon was served at a quarter past twelve after which a brief and stimulating program begans. lating program began.

The maintopic discussed was the work of the Y. W. in its national and local aspects. Miss Girard, of the National Y. W. C. A., threw new light on the puropse and aims of that organization. She said the Y. W. was misunderstood in the puropse and companies that organization is the puropse and the Y. W. was misunderstood in the puropse and companies that the puropse deep the purpose of the puropse of the purops tion. She said the Y. W. was misunder-stood in its present day program be-cause of a past which had linked it up in the public mind with old-fash-ioned ideas. The prayer meeting is no longer the method which the Y. W. uses in reaching young people. In this connection Miss Gerard said that the youth of today is still searching, and youth of today is still searching, and that the only way to get young secretaries is to accept those whose ideas have not yet "jelled."

have not yet "jelled."

The old type of Y. W., too, was concerned with a subsidized residence for working girls. Now the advisability of retaining this type of residence is open to question. It is found that employers will pay low wages because they know that their employees can get board at less than cost. At the present time the Y. W. is facing the general problem of housing. The "Pioneer" in Boston is typical of the newer type of residence house and is for the benefit of the higher paid business girl.

Iness girl.

The needs of women and girls under the new conditions of a post-war world are what confront the Y. W. to-day. They have to consider that while working girls have shorter hours and more leisure time, theirs is now a routine job. The best use of leisure time is a constant problem, which the Y. W. is seeking to solve.

The Married Woman in industry is

Noted Humorist Coming To Eliot Church Tuesday

Stephen Leacock who will lecture at the Eliot Church, Newton, next Tuesday evening, is professor of Political Science and head of the Department of Political Economy at McGill University, where he has been a teacher since 1993. He was born in England but educated at Upper Canada College, and at Chicago University, majoring in Economics and Political Science. He received his Ph.D. degree in 1903.

Aside from his knowledge of his

degree in 1903.
Aside from his knowledge of his chosen field he has become internationally famous for his humorous writings, sayings, and lectures to such an extent that the American Magazine once dubbed him "The Canadian Mark Twain." He is thoroughly Americanized and is admired here as much as he is in Canada.

as he is in Canada.

For 10 years from his collegiate chair at McGill and from the lecture platform he has been satirizing Americans and Canadians alike, to their mutual enjoyment. He has spent much time in the United States and most of his literary efforts concern people and things in this country. His books are very popular here and frequent are his public appearances. His prototype in America probably is none other than our famous "Copey" of Harvard fame.

After an absence of two years Pro-

Harvard fame.

After an absence of two years Professor Leacock is again on the public platform delivering his witty and clever lecture, "Frenzied Fiction" which will be his subject at Eliot Church. His platform appearance is in the same easy, humorous style in which he writes. His duties at McGill permit him to lecture in a limited area so that it should be counted a privilege to have Prof. Leacock in our community.

more leisure time, theirs is now a routine job. The best use of leisure time is a constant problem, which the Y. W. is seeking to solve.

The Married Woman in industry is another subject for study and constructive thought by the Y. W. The International Institute is the Department which looks after foreign born girls and women. For instance, girls coming from Czecho Slovakia under the auspices of the Red Cross are referred in New York to the Y. W. for guidance until they have adjusted themselves to living in this country.

The desire of the Y. W. is to make Newton a center for work throughout this region. Such a method of organizing is being used in other places. Wheeling, West Virginia, is, for example, a center for Y. W. work along the Ohio Valley, The Newton Central Council, Miss Girard felt, should be alearing house to prevent over-lapping. With its help the Y. W. is meeting community needs in such a way that it does not occupy the field of any other organization. The program is a "wholesale" one, and can fit itself to varying conditions.

Mr. Stone of the Associated Industries of Massachusetts says that the three centers of greater Boston which are growing industrially are in order of their present importance, Cam-

ple are making against it.

According to Mr. Hanson the mails from New York are being delivered in the Newtons earlier days now than before the new system was established. Previously if the New York trains were slightly late, connections with the trains which brought the mail to the Newtons were missed. Now the trucks which carry the mail from the big postal workshop at the Back Bay to the Newtons, wait until the New York trains arrive and thus enable the mail to be sorted for the carriers on their first trip.

He stated that the prevalence of

Elect Spain Captair

Elect Spain Captain

Frank Spain has been unanimously elected to captain the 1930 hockey team at Exeter Academy. The former Newton star athlete entered the New Hampshire school after the Christmas vacation and immediately won the centre ice position on the sextet where he starred in many games. He has now turned his attention to basell with the call for candidates to report in the indoor cage. He should have little difficulty in clinching the shortstop position on the nine. He is a member of the lower middle class.

Hodder, former Newton and Harvard
star, scored once for the college grads
while Capt. Ted Learnard in the
net turned aside many Unicorn shots.
He was practically unbeatable all evening and neither John Lawless or Austin Eaton, local youths wearing the
Unicorn colors, could outsmart him
although they got in several times for
close-up shots.

McIntyre Second in 300

Mointyre Second in 300
Donald McIntyre, former Newton
high athlete, won second place for
Tabor academy in the 300-yard run
in the meet last Saturday between
Tabor and Moses Brown School
which the latter won 37 to 26.
Scheinfain at Bridgton Academy

Everett Scheinfain, Newton high thool football captain last fall and begoalle on the hockey team, has attered Bridgton academy of Bridg-in, Maine, where he is playing on the hockey team.

Newton Junior Varsity Wins Two
The Newton J. V., after a rather
poor season, has started a spurt which
has beaten two strong teams. On
Monday, February 11, the strong Country Day varsity met defeat 4-1 in a
closely contested game on Bulloughs
Pond rink. Arlington 2nds were taken
into camp to the tune of 3-2 on Wednesday. The playing of the team as a
whole was good and the work of Walter "Doc" Billings, and his partner
on the defense, Ron White, stood out.
Lineup for both games: Wings,
Donnely, Colby, Hildreth, Olcott and
Kelly. Centers: Gallagher, Godsoe,
Defense: Billings, White, Shaughnessy
and Giddings. Goalles: Smith, Robinson and Strombom. (Each goalle plays
a period a game.) Newton Junior Varsity Wins Two

Andres Only Sub Used

Andres Only Sub Used
Last week Saturday the Dartmouth and Yale varsity hockey teams played their game of the season as one of the athletic features of the Dartmouth winter carnival at Hanover. The game, which was played during a heavy snowfall, ended in a 1 to 1 tie. Dartmouth used but seven men, Harold Andres of Newtonville, being the only substitute to take part in the game. He played for a little more than a minute at left wing. Dick Rogers, West Newton youth and starwing, played most of the game defensively.

Cambridge Swamps Newton Y

Cambridge Swamps Newton Y Cambridge Swamps Newton Y

ept its slate clean last Saturday
ight by taking the Newton quintet
to camp on the Newton floor, 94 to
4. It was the Cantabs 18th straight
tetory. At the end of the first half
ne visitors were leading 51 to 19.

Gatchell Scores Nine Points
Creighton Gatchell, former Newton high athelete and at present a Bowdoin freshman, scored nine points for the Bowdoin yearling track team Saturday against Portland high which the collegians won 81 to 23. Gatchell won the shotput with a heave of 42 ft 8 inches, took second in the 600-yard run, and third in the discus throw with a toss of 90 feet 3 inches. He also ran second man on the winning relay team.

Country Day Siy at Lake Discording the second in the second man on the winning relay team.

Gatchell Scores Nine Points

Country Day Six at Lake Placid The Country Day School hockey team plays its first game in the an-nual invitation private school hockey tournament at Lake Placid this after-tion.

Lloyd Osborne, swimming for the Yale freshman in the meet with Andover last Saturday, won second place in the 100-yard freestyle. A teammate won the event. The former Newton and Exeter star merman also swam on the winning relay. The Eli yearlings defeated the prep school natators 49 to 13.

Two South-siders on Hub Team Bill Rice and Ralph Stuart of the Newton Centre Squash Tennis club will play on the Boston team in the national team championships over the coming week end in New York.

Bryant Breaks Record
Captain John Bryant of the Dartmouth swimming team and a West Newton youth, established a new record for the 50-yard freestyle event in the Dartmouth pool last week Friday in the meet with Yale. Yale outscored the Green by 36 to 26 despite Bryant's efforts which in addition to winning the 50-yard race included a second in the 100-yard and a brilliant leg as anchor on the winning relay. Bryant's time in the 50-yard event was 24 seconds. Hamilton Lincoln of Newton played third on the 100-yard freestyle race for Yale.

Roxbury Latin Tops Country Day Bryant Breaks Record

Roxbury Latin Tops Country Day

Roxbury Latin's track team defeated Country Day school Monday afternoon on the local private school track, 46 to 17. James Cobb and Roger Greene were the best performers for Country Day, scoring six points each. Cobb took second in the 1000, third in the 600 and tied for second in the thigh jump. Greene won the ers for Country Day, scoring six points each. Cobb took second in the 1000, third in the 600 and tied for second in the high jump. Greene won the 300-yard run, coming from behind on the far straightaway to take the lead and win by a five yard margin in the best race of the afternoon. He also took third in the dash after getting away to a poor start which undoubtedly cost him a better place at the finish. Country Day's five other points were scored by Gene Labouchere who won the high jump with a leap of 5 feet 3½ inches. Roxbury Latin swept the hurdles and shot put and first and second in both the dash and 600 to pile up a commanding lead.

NEWTON WINS BY

Newton high defeated Cambridge Latin high last Friday night at the Boston Arena in a first round game of the championship series of the Greater Boston Interscholastic hockey league, 1 to 0. In another first round match Rindge Technical school provided the greatest excitement of the evening in its game with Melrose by coming from behind to win 5 to 3.

The Cantabs and the Garden City contingents had a nip and tuck battle with Fred Harlow, captain and star of the Foley coached aggregation, playing inspired hockey in a vain effort to bring victory to his team. Newton lacked the color that has usually marked its playing and unless they play better hockey than last week are likely to find themselves outdistanced by Rindge Technical school tomorrow afternoon in the second round games.

ond round games.

Without much question Harlow was the outstanding player of all four teams on the ice last week and his poke checking was a handicap to the orange and black throughout the game. The Cantabs tallied once but the goal was not allowed because the whistle had blown for an offside before the pass to Captain Harlow who made the shot.

made the shot.

Fortune smiled on Allie Fletcher, Newton centre ice and Harlow's opponent, in the third period. On a solo dash down the ice three quarters of the length of the rink, Fletcher's shot missed but regaining the puck by sweeping madly around in back of the net he siapped it cleanly into the cage right under the Cambridge goalie's nose. Jimmy Brown netted the puck for Newton but the point was not allowed because of an offside pass.

Bill Reilly, Newton right wing, crashed into one of the Cantab de-fence players and took a toss which knocked him out for a short while but he was able to resume play after

medical attention.

ond round games.

SOLITARY POINT

NEWTON vs. MELROSE

BEVERLY QUINTET **GETS REVENGE**

In a return game between the Newton and Beverly high school basketball teams last Saturday night at Beverly the latter got sweet revenge for the previous defeat handed them by the Newton tossers by outscoring Newton 22 to 12. Newton's only victory of the season was at Beverly's expense a few weeks ago on the Newton court when a last minute basket won the game 18 to 17. Last Saturday Ham, Newton left guard, was the Newton high scorer with four points, McCarthy tallied three points, Kinglsand and Fuller, two each and Lawrence caged a foul for the other points Beverly got the jump on Newton and in the first half ran up a 12 to 2 lead. Newton got going in the second half to outscore the home team 10 to 8.

Arlington Romps To Victory

Arlington Romps To Victory Arlington Romps To Victory
Arlington high defeated Newton
high on the basketball court for the
second time this season on Wednesday afternoon outscoring the local
quintet, 39 to 17, in a one-sided contest on the Newton floor. Driscoll
and Friery of Arlington scored freely, totaling 21 points between them.
Ham and Payne played best for Newton with the former scoring seven
points and Capt. Payne six.

HOCKEY TEAM LOSES TWO GAMES

Newton high's hockey team dropped two more games the past week both to college freshman sextets. Last Saturday, the day following the 1 to 0 victory over the Cambridge Latin team in the league championship series, Coach Dr. Martin took his team on their annual trip to New Haven where the undefeated Yale freshman six were awaiting the invasion. It took the Blue first year men seven minutes more than the regular length of time to win a closely fought 3 to 2 contest.

of time to win a closely fought 3 to 2 contest.

The first period was scoreless with the Newton team forcing the issue and outplaying their opponents. This continued until early in the second session Jimmy Brown tailled for Newton. Yale's attack then improved and shortly before the whistle blew to end the period Muhfield, right defence, tied the score. Yale's right wing put the Blue in the lead a little more than two minutes after play was resumed for the third period and Brown caged another tally to knot the count again three minutes before the end was due and forced the game into over time. The two teams battled back and forth for seven minutes before the Yale right wing again beat Harrington to settle the issue.

Stubbs Shot Wins

Tuesday afternoon on the Garden rink the Harvard freshman hockey team defeated Newton 1 to 0. For the second time this year it took a Newton graduate to turn the trick, Frank Stable. He covering the only good of

In the Harvard freshman game Dan Harrington was the leading luminary for the Newton outfit while Draper, the Crimson net guardian, also spoiled many scoring chances. A short while after play began for the second period Stubbs hooked the puck from a Newton player near centre ice and by clever skating and dodging came down the right side of the rink and shot between the points.

SPORT NOTES

Middlesex Leads Newton League
The Middlesex club bowlers now hold the lead in both the bottle pin and Boston pin tournaments of the Newton Bowling League by taking three points from the Newton club in bottle pins. Its lead in Boston pins was increased by its sweep of all four points. Commercial club, Middlesex competitor for first place in the bottle pin race, took but one of the three points from Waban to drop slightly behind. Waban swept its Boston pin match. In the matches between Hunnewell and Maugus the local teams took two at bottle pins and failed to score at Bostons.

Pioneers Beat Eagles
The Boston University hockey team hung up its second victory of the season over the Boston College sextet Wednesday night at the Arena by a score of 4 to 1. Holmes Whitmore, former Newton high star, was one of the outstanding players on the Pioneer sextet. Whitmore tallied the fourth B. U. goal on a dash the length of the rink in combination with a teammate.

former Newton high star, was one of the outstanding players on the Pioneer sextet. Whitmore tallied the fourth B. U. goal on a dash the length of the rink in combination with a teammate.

Country Day On Short End
The Country Day school hockey team was blanked by the Noble and Greenough sextet Wednesday evening under the flood lights at the Brae-Burn Country Club rink, 1 to 0. Capt Pati Alan Kerns in the Country Day net, George Bottomley and Albert Pratt were the outstanding local performers. The only goal of the game came in the second period when two Nobles stormed the Country Day net and the shot caromed off Kerns' shoul der into the cage. The work of the Cambridge school goalle prevented Country Day from typing the score but ke had to turn in some brilliant saves to prevent it.

Bowdoin Retains Title
For the second successive year Bowdoin college retained the Maine state hockey championship by capturing its winter. But should Rindge to the whole and Harry Thayer, all former Newton high athletes, played their usual good game.

In the Ell ponders had hung up two boals in the first period there were the boutstanding local in the first period there were housed and scored and scored and scored in the second session. UNDEFEATED IN ITS DUAL SEASON

The Newton high track team ended its dual meet season last Saturday afternoon undefeated by topping the Boston College freshman runners, 51 to 26. The orange and black runners, despite the loss of Captain Dick Reynolds, who is recovering from an attack of influenza, and Arthur Chamberlain, who has been overdoing and must rest until the outdoor season opens, won every first place with the exception of the 300 and 600, which were run on a time basis, and in which Newton tied with the B. C. yearlings for first place.

Carl Pescosolido was the only double winner of the meet with first places in the dash and in the shot put. In the dash he, Pescosolido defeated his teammate, Ewing, for the second time this year. It marked the sixth time that the Newton pair has finished first and second in meets this season.

Boston College took the relay race

his season.

Boston College took the relay race

this season.

Boston College took the relay race which found the Newton quartet weakened by the loss of Reynolds.

The remainder of Newton's schedule consists of the three interscholastic meets; that tomorrow under B. A. A. auspices, at Mechanics Building, that next week Saturday at Andover and the final on March 2, the State Meet, held at the East Armory.

Newton's relay will oppose Brookline High tomorrow in the third meeting between the two rivals and the orange and black quartet hopes to see its colors flying in front for the first time this season. Several of Newton's leading competitors will enter the various events including Ewing and Pescosolido in the dash; Reynolds, if he is in shape, in the 600; Burton in the 1000, and Pescosolido in the shot-put. With Worcester, Exeter, Andover, Newark Prep and other academy teams entered the high school entries. Worcester Academy is the favorite to win the B. A. A. meet but Newton high hopes to outdistance the other high schools and take another step in its quest for state honors.

SPORT NOTES

At the Arena last Saturday after-noon Exeter's crack hockey team swamped its great rival, Andover, un-der a 9 to 0 blanket. Two of the three outstanding performers in the Granite staters line-up were local youths, Captain Bob Saltonstall, Frank Spain and Bob Bennett, the two latter former Newton high teammates While Capt. Saltonstall is given the While Capt. Saltonstall is given the honors as the outstanding performer on the ice Frank Spain was the most spectacular. He tallied two goals and assisted in two others. Bob Bennett also scored twice. About seven minutes after the game began Spain and Saltonstall teamed up for the first goal with the Newton lad passing to his captain for the shot. Bennett unassisted scored the third Exeter countet in the second session and three minutes after the opening of the third period got in another all by himself. The next goal was by Spain on a pass from Adams. Spain and Bennett then teamed up as they used to at Newton with Spain getting the eighth Exeter tally. Spain teamed with Stone for the ninth tally.

Newton Y Swimmers Win

Newton Y Swimmers Win

Newton Y Swimmers Win

The Newton Y junior swimming team defeated the Somerville Y juniors in the Newton tank last Saturday afternoon, 36 to 15. Although McKay of Somerville was high scorer with a first place in the 20-yard freestyle and two seconds for eleven of his team's 15 points. Harmon, McNamara, Burgess and Pierce, put Newton in front by winning the relay. Coombs won the 20-yard breaststroke and MacVicar second to give Newton eight points more. Pierce and Harmon took second and third in the 20-yard freestyle, Anderson won the backstroke and McNamara and French were first and second in the dive for more Newton points.

Stuart in Semi-finals

Stuart In Semi-finals Stuart In Semi-finals

Ralph Stuart of the Newton Centre Squash Tennis club reached the semi-final round of the state championship tournament last Saturday with the unusual record of winning but a single match. In his other matches Stuart's opponents were forced to default for various reasons. In the semi-final round Stuart will meet Myles Baker, who is seeking to regain his title.

Baker, title.
Stuart was defeated by Baker in the match between the two on Monday. Baker became a finalist in the tourney for the fifth successive year by eliminating his Newton Centre opby eliminating his Newton Centre op-ponent in three straight games, 15, 9, 15-6, 15-12.

Early Friction Match of Primitive Design

The "Portable Fire Box," as it was called, was one of the earliest forms of "instantaneous lights," and was invented in Italy in 1786. Similar to it was the "Promethean Match," patented by Samuel Jones, an Englishman, in 1828. A minute quantity of sulphoreacid scaled in a tiny class vesicle. ic acid sealed in a tiny glass vesicle te acid seared in a tiny giass vestice, surrounded by a compound of chlorate of potash, was inclosed in a paper spill. When the glass vesicle was broken, either by the hammer sup-plied with the "match" or with the

piled with the "match" or with the teeth, the neld inflamed the potash and ignited the paper.

Despite the many claimants, the honor of inventing the first real "fric-tion match" of the kind with which tion match" of the kind with which we are familiar today belongs to John Walker, a Stockton-on-Tess chemist. In 1826 he was selling his friction lights for a shilling for a hundred, and twopence for the box. The match was pressed between the fingers in a piece of sandpaper.

Listen to It Grow

If you wish to try an unusual experience find a clump of culalis on the first really warm day of spring, when the trees are leafless, the ground bare, and the thermometer hovers between 70 and 80. Then stand quiety and listen to it grow. You will soon and listen to it grow. You will soon hear a sharp click among this hardy. hear a sharp click among this hardy, tall-plumed plant that grows on lawns in all parts of the country. It will sound as lound as a snap of your fisgers. New shoots are trying to push between the stalks of last year, and the flinty hardness of the dend culms holds them back. Youth will not be denied. The shoots shoulder their way between the bases of the old causes. between the bases of the old canes. expanding quickly in the spring sun-shine. The strain increases until the old wood gives way with a snap.— Nature Magazine.

MARY BROWN REDPATH

Mary Brown Redpath of 16 Isling-ton road, Auburndale, died February 8th. She was born 84 years ago in Watertown, New York, and had resided here for about 20 years. Mrs. Redpath had a most interesting career. After the Civil War she was one of the Northern teachers sent by the Freedmen's Bureau to teach negroes in the south. Her husband, the late Dudley C. Redpath was the son of James Redpath, founder of the Red-path Lyceum Bureau. Through this path Lyceum Bureau. Through this association Mrs. Redpath met socially and entertained the celebrities who lectured and sang under the auspices of the Bureau. The funeral service was held on February 11th, Rev. Percival Woods officiating. Burial was in Newton Cemetery. One daughter, Mrs. Grace R. Bostwick and a sister, Mrs. Fannie Ralph, both of Auburndale, survive.

find hands is a novice compared to him. In 25 hours the toad will consume find. The post hours the toad will consume for the consume insect food of a volume four-fold the capacity of his stomach. Variety is his long suit, and the majority of the things the toad loves are in their state pests of every man who puts seed into the ground. With few exceptions, everything in the shape of an insect goes where all insects should go—to a stomach oblivion. With the tond if it can go into the mouth it is edible.

Life on Earth Before the Cambrian Period

A picture of life as it existed on the earth 600,000,000 years ago has been drawn by Prof. Sir Edgeworth David, Australian scientist.

He has found fossils of animal life in Australia dating back to before the Cambrian period in geology.

Sir Elgeworth, almost by accident, discovered in the rocks of Mount Lofty and in the Flinders ranges of South Australia beautifully colored fossils which, from the strata in which they were found, show that a marine fauna in the early days of the earth's form the strata in which they were found, show that a marine fauna in the early days of the earth's forms related to crayfish and shrimps. Their limbs and shells were formed of a horny substance, and the colors were those of the rainbow.

"I could kick myself that I should have overlooked this obvious discovery for so long," said the professor in an nouncing it.—London Tit-Bits.

Bolshevik Cruelty

The animals in the Russian zoo were singled out by youthful and mischlevous bolsheviki for practical bolshevist Jokes. They buried razor blades in loaves of bread and pitched, them into the cage of a \$15,000 elephant. The poor creature died in agony the same day. An ostrich dying mysteriously was found to have swallowed a leather slove. Some of which America's youth is more to five freedom and the colors were those of the cand the colors were those of the rainbow.

Bolshevik Cruelty

The animals in the Russian zoo were singled out by youthful and mischlevous bolsheviki for practical bolshevik

them into the cage of a \$15,000 etc.

The poor creature died in agony the same day. An ostrich dying mysteriously was found to have swallowed a leather glove. Some one reported having seen a youth throw a rubber fish to a sen lion. The animal died and the rubber fish was found in its stomach. Such diabolical tricks stirred up a hot public resentment and the guards around the zoo were doubled.

Of which America's youth is made to-day!

Many people go to church Sundays and, coming out, say, "Oh, yes, restical, you know." And then go on living selfish lives week-days, thinking only of themselves and look after their own desires. We of the Forum must hold our heads high. It is to us that the present generation looks for tomorrow's salvation. Let us keep our heads up and fight for the world!

"—There is a high way and a low— "—There is a high way and a low And every man decideth which wa his soul shall go—"

Whale Was Monster

The enormous skeleton of a 5,000 year-old Greenland whale has been found at Kistinge, near Halmstad, Sweden, by workmen digging a ditch near the seashore. A nonstrous juw bone, measuring about thirteen feet in length, has already been unearthed. On account of its size it was first taken by the workmen to be a part of the hull of an ancient vessel.

The bone has been examined by archeologists, who estimate the whale to have lived at the end of the cage, about 5,000 years ago.—Kansas City Star.

East Indian View

The supper, which included chicken patties, peas, potatoes, orange ices and cake, was furnished by a committee of morthers. Mr. R. P. Cushman, senior Councillor of the Forum, presided as toastmaster and swore in the new officers. McLellan, in a short of the hull of an ancient vessel.

The supper, which included chicken patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the sale, peas, potatoes, orange ices and the soul in patties, peas, potatoes, orange ices and the sale, patties, peas, potatoes, orange ices and the sale, patties, peas, potatoes, orange ices and the sale, patties, peas, potatoes, orange ices and the sale in patties, peas, potatoes, orange ices and the sale in patties, peas, potatoes, orange ices and the sale in patties, peas, potatoes, orange ices and teak, was furnished by a committee of morther

House No. 271—1929 to Make Women Lia Jury Service

ral. Adventurous pursuits are leading her into conflict with her own inner nature.—S. Radhakrishnan in "The Hindu View of Life."

Bread From Peanuts

"If the general public were educated to the great value of pennuts as a food for human belngs, the farmer in the South could grow more with profit," an expert of the Department of the peanuts be very expected by the profit, an expert of the Department of the profit of the profit of the profit of the profit of the peanut of the

The Supreme Court gave the following decision:

"Under the Constitution of the United States and existing laws of the Commonwelath, women are not liable to jury duty."

In conclusion the Opinion states:

"Under the Constitution of the Commonwealth the General Court of Massachusetts is authorized to make a corresponding change in the qualification of jurors to render women liable for jury duty."

Jury service in Massachusetts has always been incident to voting citizenship, and therefore, it is reasonable to suppose that women should be admitted to jury service and it is unreasonable not to do so and the object of this Bill, House No. 271, is to make women liable for this service.

An important argument for the Bill is that it will release for jury service college women, wives of lawyers and prominent business men, women of high education. While it is true that no special training is needed for

Amazing Results When You Burn-Welsh Anthracite

A Genuine Hard Coal CONSUMPTION of Welsh Anthracite has doubled in a few years. Thousands of satisfied users are buying it again and again and recommending it to their friends, because Welsh is a genuine hard coal. It is pure, containing no slate, rock or bone. It gives one third more heat they contained one-third more heat than ordin-

THE RESULTS ARE AMAZING. Weish burns and burns to a fine powder. You get less than a bar-rel of ashes to a ton. There is no sifting of ashes, less ash barrels to put out. One ash bar-rel where you used to carry three.

WELSH IS A CLEAN COAL. THE CLEANEST YOU CAN burn in your home. It gives a continous, intensive heat without soot or dirt. Welsh is quick to kindle, and owing to its purity, this coal burns with all drafts checked.

COAL IS SOLD BY THE TON, but what you really buy is heat value. There is MORE HEAT per ton
in Welsh. You actually save
money when you buy it. Welsh
is sold in regular sizes for range
or heater. Fill your bins now
with this Super-Fuel.

Welsh is superior in quality to even the special high grade American Coals-and costs less. A trial order will convince you. Telephone one of the dealers listed below.

ury service, persons of education are
of great value. The Jury list is a
selected list. In accordance with the
Acts of 1924, Chapter 311, Section 4,
the jury list is made up as follows:
"The board of election commissioners in cities having such boards,
the board of registrars of voters in
other cities and the Board of Selectmen in towns shall annually.
... prepare a list of such inhabitants of the town or city, qualified as in section 1, of good moral
character, of sound judgment, and
free from all legal exceptions ... a
sthey think qualified to serve as
jurors:"

as they think qualified to serve as jurors."

Each year it is difficult to make up the jury list, as the very type of men most wanted often must be excused from serving as it would be impossible for them to take the time from their business. It has been said that the Court Room is no place for a woman but women are lawyers, practising in our Courts, advising the jury; women are stenographers, recording the evidence in Court; there are women litigants, women witnesses—the only place where there are no women is the Jury Box. There are men and women serving in our cleists—men and women in our Legislature, men and a women in our Legislature, men and women in our Legislature, men and women in the Attorney General's office, and in the Council of His Excellency, the Governor. There should be men and women serving in the Jury Box. Furthermore, there is no place in the world do good. When women are made liable for jury service in Massachusetts, the verdicts will be fairer and justice will be better administered. When the General Court passes a Bill making women liable for Jury Service, it will have a profound effect on the morals, the safety and the welfare of the people of this great.

GREAT CONGREGATIONALIST

GREAT CONGREGATIONALIST OPENS NEWTONVILLE UNION SERVICES

Dr. James Percival Huget will be the first of a series of preachers at Union Lenten Services at Newtonville, beginning Sunday evening, Dr. Huget is pastor of the largest Congregational Church in the world, the Tompkins Avenue Church of Brooklyn, N. Y. For four successive years he has been the man chosen to deliver the initial Lenten message to the Newtonville churches, and the demand for him this year was unanimous. At each appearance, Dr. Huget has drawn audiences which reflect the popular interest in a preacher of his standing and appeal.

The services are held every Sunday evening at seven-thirty o'clock at the Methodist Episcopal Church. The denominations supporting these services are the Congregational, Methodist, New Jerusalem and Universalist. Other speakers for the series will include Dr. William Stidger of Boston, Dr. Nehemiah Boynton of Newton, Rev. P. M. Minneck of Maiden, and Dr. W. A. Wunsch of New York.

We have commented several times uring the past two months on the we have commended action of the aldermen in the matter of drainage of Cold Spring Swamp and now that it has become a fact, have no hesitation whatever in saying that the method approved by the aldermen is an outrage on the tax payers of the city. It is a well founded custom in this city to require persons directly benefitted by such work as laying new sidewalks or building streets suitable for acceptance, to pay a certain preentage of the cost of such improvements. In the matter of drainage of Cold Spring Swamp, the aldermen have determined that the owners of land benefitted by this important improvement shall not pay any portion of the expense, which will add thousands of dollars to the value of their holdings. It is no answer to the matter to say that the assessors, after the simprovement will increase the valuation of the property affected. That would happen if the work had been authorized under the betterment act and is no different than the increase in valuation of property, when a private way has been made an accepted street or when a new sidewalk has been laid. Aldermen Powers and Temperley deserve the thanks of the tax payers of the city for their opposition to the order as passed and for their advocacy of having the work done under the law authorizing the assessment of betterments. contemplated action of the aldermen

street or when a new sidewalk has been laid. Aldermen Powers and Temperley deserve the thanks of the tax payers of the city for their opposition to the order as passed and for their advocacy of having the work done under the law authorizing the assessment of betterments.

One of the reforms which ought to receive legislative approval in the near future is a limitation and a reorganization of our present jury system. Massachusetts stills clings to the idea that a jury must consist of twelve men and that its decisions must be unanimous. Other states recognize the fact that there is a difference in cases to be decided by a jury and on minor matters have juries of but five or six persons. Some states also permit juries to return verdicts by a majority vote. Both of these measures could be established in Massachusetts and would result in far more effectiveness in the administration of justice. It is a lamentable fact that judges of the district courts will impose a heavy fine rather than a jail sentence on persons convicted of drunken driving because in most instances, an appeal from the jail sentence results in an acquital by a jury in the higher court. Smaller juries and majority by findings would be a step in the right direction.

The resignation of Mr. Frank H. Howes as president of the trustees of the Newton Free Library calls attention to his long and effective service in that office. Mr. Howes was the donor of a fund which has added hundreds of new books to the Duplicate Pay section of the Library work and his name will be retained in that connection. It is the valuable and able work of such men as Mr. Howes that has given our city government a high place in public affairs.

THE NEWTON GRAPHIC UNDER THE GILDED DOME Thin Film of Metal

One of the most important measures considered this week was the bill relating to the observance of Armistice Day which the House rejected. An amendment was offered to the bill which would have prevented manufacturing establishments, mills, factories and mercantile establishments from doing business on Armistice Day. The amendment was rejected by a roll call vote of 120 to 86. Representatives Baker, Luitwieler and Thompson voted against the amendment. The bill itself was rejected by a voice vote. Former Senator Alvin E. Bliss of Malden was elected by the Legislature this week to fill the vacancy in the 6th Councilor district caused by the death of Hon. Harvey L. Boutwell of Malden. The Newton members in both branches voted for Mr. Bliss who received 33 votes in the Senate and 143 in the House against 4 in the Senate and 68 in the House for Robert J. Muldoon of Somerville who was the Democratic candidate for the office at the State election last November. Newton has sought no legislation this year for its own especial benefit with the result that the members of the General Court from this city are not compelled to give attention to "home town" matters to the exclusion of the general business.

The attitude of Pres. Gaspar G. Bacon of the Senate towards those who protested against the action of the Senate in memorializing Congress for the repeal of the 18th amendment to the Federal constitution has not appeased believers in prohibition. They fedel that the Senate should not have pased such a resolution and this fact, together with the reply made by Pres. Bacon to the women who protested, is a source of resentment. Whether there will be any immediate develop-

New Scientific Wonder

Films of metal so thin that they are utterly invisible to the human ey have not only been produced, but also measured in the Bell laboratories in New York city. In experiments to improve the design of photo-electric cells for television, layers of light cells for television, layers of light-sensitive metal known as rubidium, of various thicknesses, were deposited inside glass tubes. When best results were obtained with one particular film, says Popular Science Monthly the task remained to measure it. Ordinary methods were out of the question, for the metal particles were beyond the range of the most power.

beyond the range of the most power ful microscopes. An entirely new method was devised. Polarized light, which is ordinary light shot through a grating that changes a "round" beam into a flat one, like toothpaste issuing from a tube, is twisted in passing through the metal rubidium; and the amount of twist depends upon the metal's thickness. By using polarized light the experimenters found thickness of their best metal film atom, or about 1-500,000

The sentification of the service of the perhators of the sentification of the service of the perhators of the sentification of the service of the perhators of the sentification of the service of the perhators of the service of the perhators of the service of the s tury before Christ, "Mathematical methods applied in the papyrus are almost 1,500 years ahead of Euclid corresponding entirely to the present time," the dispatch asserts.

The popular authors of mystery and detective yarns are having a hard time to find new methods of committing murder that will have novelty and originality. One of the best of these. R. Austin Freeman, in his story "As a Thief in the Night," thinks he has invented an entirely new process of yanking the victims of his villains into eternity—the absorption of arsenic into the system through the use of poisoned candles. But this is as old as the Spanish inquisition, and has even been used by Conrad in one of his short tales.

All in the Family

If the number of our ancestors doubled in each ascending generation, as it would do if the marriage of cousins of various degrees did not take place, each of us would be de-scended from more than a billion ancestors of a thousand years ago, let us say in the reign of William the John T. Burns & Sons report that they have sold for A. H. Barnes the single brick old English house located the fightly probable that all people of English or French or German stock are descended from common ancestors of a thousand years ago.—American Journal of Sociology.

Much Interest in Moon
Although total eclipses of the moon are far more generally observed than total eclipses of the sun, since they may be seen from more than half of the earth's surface while a total eclipse of the sun, according to the American Nature association, is visible only within a very narrow path.

Burns and Sons report that they have sold on Prospect street in the Wellesley Farms district a single Colonial six room home, which, together with garage and 7000 feet of land, is valued at \$8,000. C. C. Miles was the grantor, and Carl Hunt the purchaser. Mr. Hunt buys for occupancy.

Burns and Sons report that they wellesley farms district a single Colonial six room home, which, together with garage and 7000 feet of land, is valued at \$8,000. C. C. Miles was the grantor, and Carl Hunt the purchaser. Mr. Hunt buys for occupancy.

SCHOOL NOTES

LEVI F. WARREN JR. HIGH

triotic assembly. Two plays were given, one about George Washington, the other about Abraham Lincoln.

The first was entitled "A Loyal Little Maid." It was given by members of 8 L-4, 8 B-1, and 8 S-1. The cast included:

Virginia Crack. The assembly this week was a pa

cast included:
Virginia Cretchmar, Hope MacMillan, Eugene Cronin, David Felt, Buddy Fisher, Lewis Cole.
Roger Phillips and Mr. Travis were plotting against Gen. Washington, who had been invited to take tea at the Philips Manor. Betty Schuyler is afraid of Mr. Phillips and hides in the afraid of Mr. Phillips and hides in the clock while they plot. She falls through the back of the clock and into a secret tunnel. She warns Gen. Washington in time to save him from the Tories. This play was under the direction of Miss Winchester.

The other was given by pupils from home rooms 210 and 209 under the direction of Miss Lewis and Miss Rice. This play was called "Solomon Pride." The cast was as follows:

Katherine Murphy, Lucy Ogden, Mildred Fogwell, Frances Jennings, Katherine Connolly, Alys Hayford, Dorothy Wright, Jeridith Miller, Ruth Brown. afraid of Mr. Phillips and hides in th

Dorothy Wright, Jeridith Miller, Rath Brown.

A mother has five sons all of whom are enlisted with the Northern Army during the Civil War. Four of them and her husband have been killed. Just as the war ends and peace is declared, she receives two notes. One is from Secretary Stanton, the Secretary of War, and the other from Abraham Lincoln. The former telling her that her last son has been killed and the other thanking her for the service rendered to the country by her sons.

ett the F. A. Day School has lost one of its best friends and most loyal sup-porters. Miss Hackett had been in this school since its opening six years ago, and during all that period had given unsparingly of her time and strength. She was never too busy to help a backward pupil or to lend her assistance in any school activity. Teachers and pupils alike will miss her cheery smile and kindly sympathy, but in the hearts of both will remain the memory of a beautiful life devoted to cheerful service.

THE MISSES ALLEN SCHOOL

The new officers of the Student Government at the Allen School are: Eunice Chapman of Holyoke, President; Mary Ballard of West Newton Vice President; Elizabeth Phalen of West Newton, Secretary; Audrey Lat venas of South Norwalk, Conn., Treasurer.

urer.
As President of the Friendly Relations, Caroline Drew of Newtonville has been chosen,
Assistants are:
Phoebe Hoyle of Wellesley Hills,
Priscilla Brown of Boston and Groton,
Patricia Buckley of Newton, Janet
Knight of Wellesley Hills.

Burns and Sons report that they

American Nature association, is visible only within a very narrow path of great length, yet they are not of so common occurrence that they pass unobserved or fail to arouse popular interest.

Smiles

Smiles

Mary Jo accompanied her mother on an errand to the city and relating the experiences excitedly to her daddy on his return from business, said:
"Mother and I turned the car a way we ought to not and policeman stopped us. Mother said, 'Don't say a word, just smile.' We diss smiled and process where the said was a leading to the said word, just smile.' We diss smiled and selected the said word. The word was a leading to the said word. The said was a leading to the said word. The said was a leady started construction of a two family home.

All the above sales were negotiated through Burns and Sons.

NUMETAL WEATHER STRIPS

It is now possible to make your windows and doors absolutely tight with this Numetal weather stripping. The saving of coal through the application of these strips is real economy. They are simple to apply and do not require the work of a mechanic. We are prepared to supply from stock with full directions to apply to doors and windows.

C. H. SPRING COMPANY

WOMEN'S CLUB ACTIVITIES

Legislative Conference

A group of women of the Newton's prominent in social and Club work are sponsoring a meeting to be held Friday, Feb. 15, 8 P. M., at the home of Mrs. George P. Hatch, 39 Putnam street, West Newton.

The meeting is called to consider, House Bill 271, Jury Service for Women, a measure endorsed by the Mass. State Federation of Women's Clubs and by a number of other organizations. Newton's four representatives, Messrs. Saitonstall, Baker, Luitwieler and Thompson, and Senator Arthur W. Hollis have been invited. Mrs. Emma Fall Schofield, Asst. Attorney General, will address the meeting. Those who are interested are invited to attend.

Waban Woman's Club

Mr. Alton Hall Blackinton will give an illustrated lecture on "Newspapers in the Making," on Monday afternoon, February 18th, at the Neighborhood Club, for the Waban Woman's Club. Mr. Blackinton is staff photographer of the Boston Herald and his remarkable pictures, together with the humorous and thrilling experiences of a newspaper correspondent, should furnish an entertaining spectacle of news in the making. Alton Hall Blackinton will give

Newtonville Woman's Club

Mrs. C. A. Richardson, of 17 Claffin lace, will be the hostess for the next iterary Afternoon of the Newton-ille Woman's Club, to be held on ville Woman's Club, to be held on Monday afternoon, February 18th, at 2:39 o'clock. The writings of Dorris Byrne, known as "the Master of Poetic Prose," will be discussed. The regular Club meeting comes on Tuesday, February 19th, at the Central Congregational Church. This takes the form of a Musicale at which Miss Gertrude Ehrhart, a local woman of considerable renown, will sing. Mr. Nicholas Slonimsky, a composer as well as conductor and lecturer, is to be her accompanist. be her accompanist.

West Newton Women's Educational Club

Mrs. Arthur M. Teulon, chairman and her Committee on American Home are offering a most attractive lecture to members of the West Newon Women's Educational Club on Monday, the 18th. Sarah Harding Hunter, of the Edison Electric Illuminating Company, will bring the latest in ideas and methods of lighting, illustrating her lecture to which has been given the clever title "Tomorrow's Light is Yesterday's Sunshine."

Mrs. Fred M. Blanchard, former president of the Club, will be hostess of the afternoon's affair, and refreshments will be served. The meeting will open at 2:30 p.m., in the Unitarian Parish House. Women's Educational Club

Auburndale Review Club

Mrs. George F. Nudd, president of the Auburndale Woman's Club, and a member on the Waiting List of the Review Club, has offered her home at 367 Central street, for the next meeting of the Club on Tuesday, February 19th, at 10 a. m. All members are asked to take note of the change of place from that given in the Year Book. The business hour will be a very brief one, as the president, Mrs. Charles Valentine, has arranged for a film to be shown at that time. It is called "The Bridge of Life," and is pany, of Boston. Following this film, will come two papers; one on "Andrew Johnson's and Ulysses Grant's "Andrew Johnson and Ulysses Grant's Presidential Administrations," to be given by Mrs. George F. Howland; the other on that of "Rutherford B. Hayes," by Miss Florence Bridgman.

Woman's Club of Newton Highlands

Woman's Club of Newton Highlands

On Tuesday afternoon, February 19th, at the usual hour, 2:30 p. m., in the Congregational Parish House, the Dramatic Committee, with Miss Marion O. Whitcomb chairman, will have charge of the meeting, for the Newton Highlands Woman's Club.
Instead of dramatics by Club members as has been the custom of previous years, the Dramatic Committee will present Mrs. Wilma Dearborn Carter, who will read "Minick" a three-act comedy, by Edna Ferber and George Kauffman. Mrs. Carter is an artist whose ability and experience as a play reader has gained for her an ever-increasing public. "Minick" deals with a situation not uncommon in family life, when two generations with their conflicting

"Recent Explorations," will be the subject of Mrs. Ralph C. Henry's paper at the meeting of the Social Science Club on Wednesday, February 20th, at the Hunnewell Club, at 10.00 celeor.

Mrs. James H. Wright, and Mrs. Edwin W. Smith will be hostesses.

COMMUNITY SERVICE CLUB OF WEST NEWTON

Members and those fortunate enough to be guests of the Community Service Club of West Newton on Wednesday afternoon, the 20th, are to enjoy a most pleasing program. Miss Marguerite Ammann is to give two short plays in dramatic readings, and this entertaining artist has acquired reputation for her excellent interpretations. Probably there are few forms of programs more appealing to an audience than the acted play, whether by an individual or a group of actors, so that when a reader comes with assurance of success from those who have heard her, there is a delightful afternoon in store. The Club meets at 2:30 p. m., in the Congregational Parish House.

Newton Centre Woman's Club

The annual trip of the members of the Newton Centre Woman's Club to the Priscilla Proving Plant on Commonwealth avenue will take place on February 20th. As this is limited to 25 members, those who desire to go should notify Mrs. Arthur Porter, Cen. Newton 0250, so that proper arrangements may be made.

The "Informal Talk" on "What to See, Hear and Read" will be on February 21st, in the reception room of the Club House, at 10:15 a. m. The speakers this month are Mrs. Montague Ford, Mrs. Arthur Hitchcock, Mrs. Albert Silber and Mrs. E. Ray Speare.

STATE FEDERATION

MIDWINTER MEETING. Clubwomen who are thinking of attending the Midwinter Meeting of the State Federation, on Thursday, February 28th, at the Hotel Statler, Boston, are reminded that they must secure luncheon tickets, if they wish to join the gay throng in the dining hall on that day, before the 24th. They will be sent by Mrs. Albert E. Stevens, of I Clinton path, Brookline, on receipt of check for \$1.50, and stamped, self-addressed envelope. The State Federation is guest of the Brookline Woman's Club for that day, with the morning session opening at 10 o'clock. The principal matter under consideration for this session will be the legislative program, which is as usual the topic of the February meeting. The program in full for the day will be given next week.

ART AND DRAMA CONFERENCE.

Mrs. Elsie K. Chamberlain, Art, and Mrs. Harlan T. Stetson, Literature—on Tuesday, the 26th, at Brattle Hall, Cambridge. The opportunity to learn really worthwhile procedure of production of plays for Clubs is a practical presentation that deserves the acclaim of the Club world. The Conference opens at 11 a. m. with greetings from the State president, Mrs. A. A. Packard. At 11:15—and the State President, Mrs. A. A. Packard. At 11:15—and the State Federation is noted for running true to time—Mrs. Elsie K. Chamberlain will talk on "What to Look for in Color." At 12 o'clock, Mrs. Roy C. Baker will speak on "Costuming a Play." At 12:30 there will be adjusted meaning the play. The afternoon session will open at 1:45 with greetings from Federation officers and at 2 o'clock, Newton's citizen, C. Hassler Capron will explain "The Effective Use of Clighting," illustrating his points. Mr. Capron has achieved fame in Newton Centre, at least, for his attractive Rainbow Revues and other productions, so that Newton Clubwomen will be especially interested to find that he is to bring his knowledge before the State. At 2:30 p. m., there will be the intriguing description of "Make-up" (theatrical, of course), by Mrs. Earl R. Baker. And at 2:45 p. m., Mrs. A. B. L. Gerlach will tell of "Setting and Coaching a Play." It certainly gives promise of being a full day, with much of knowledge to be digested.

RADIO. The topic for the next Club talk should appeal most decidely to the Clubwoman who has found herself in that embarrassing

points of view try, to live together in peace and harmony.

There will be an opportunity to purchase delicious cakes, rolls, breads and pastries. As the Philanthropic Committee will have a food sale.

At the Workshop, on the afternoon of the 20th, at 2:30 p. m., there will be another one of those interesting Garden meetings.

Miss Elizabeth Wolley of Newton Highlands, a Landscape Gardener and Artist, will be the guest and speaker of the afternoon.

Some interesting ideas are in store, for the garden lovers and enthusiasts.

Social Science Club

"Recent Explorations," will be the subject of Mrs. Ralph C. Henry's local properties of the Social Science Recent Properties of Colonial music.

GOVERNOE'S RECEPTION. An Colonial music.
GOVERNOR'S RECEPTION.

GOVERNOR'S RECEPTION. An invitation to Clubwomen of the State Federation has been sent from the Governor's office for the reception in Hall of Flags, State House, which annually occurs on February 22nd. All who would like to go through the receiving line in this group should notify Mrs. Boyd F. Bowles, tel. Granite 5511-M, who will give them information as to the exact time and place of meeting in a room assigned at the State House. Clubwomen who have not been to one of these receptions will find interest in viewing the many organizations, especially the many organizations, especially the patriotic ones that will have delega-tions in line, some in decidely hand-some regalia and costumes of Revolutionary Days, and in seeing the vast throng of citizens that gather for this public appearance of the new Gov-ernor and his corps. It is an experi-ence worth having at least once.

ence worth having at least once.

NEW CLUB ADMITTED. At the last Executive Board meeting, held on Thursday, the 7th, a new Club was admitted to membership in the State Federation. The Massachusetts Association of Savings Bank Women, which was organized in March, 1925, has as its president Miss Mary Curley, of the Home Savings Bank, Boston, and, of interest to Newton Clubwomen, its secretary is Miss Jessie Jameson, of the West Newton Savings Bank. ings Bank.

Newton Circle

Members of Newton Circle, Inc., are asked to red letter the following dates on their calendars, so that other activities will not crowd out these events scheduled, and this early request is made because the Circle has so few meetings that members sometimes forget dates, unless reminded in time to save such confusion of plans. On March 12th is the Annual Mass Meeting and Luncheon of the Florence Crittendon League at Hotel Statler, at 12:30 and tickets for this should be ordered at once, at \$\frac{1}{2}\tau_0\text{ or this should be ordered at once, at \$\frac{1}{2}\tau_0\text{ or this should be ordered at once, at \$\frac{1}{2}\tau_0\text{ or this should be ordered at once, at \$\frac{1}{2}\tau_0\text{ or this should be ordered at once, at \$\frac{1}{2}\tau_0\text{ or this should be ordered at once, at \$\frac{1}{2}\tau_0\text{ or this should be ordered at once, at \$\frac{1}{2}\tau_0\text{ or this should be are positive of the splending of the splending of the splending cause in the home of Mrs. G. W. Ewing, of Newton Centre.

RECENT EVENTS

RECENT EVENTS

Iton for this session will be the legislative program, which is as usual the topic of the February meeting. The program in full for the day will be given next week.

ART AND DRAMA CONFERENCE. ART AND DRAMA CONFERENCE art and Literature Committees, and all Clubwomen interested in these two fascinating topics, will be glad to hear of the unusual Conference arranged by the chairmen of these two Committees of the State Federation—Mrs. Elsie K. Chamberlain, Art, and Mrs. Harlan T. Stetson, Literature—on Tuesday, the 26th, at Brattle Hall, Cambridge. The opportunity to learn really worthwhile procedure of production of plays for Clubs is a practical presentation that deserves the acclaim of the Club world. The Conservation of Natural Resources.

Explains Dot Over "i"

of the letter, our is derived room a diacritic mark, like an acute accent-used to particularize the "I" in post-tion in which it might have been taken merely for the stroke of another letter. It appears to have begun in Latin manuscripts about the Eleventh used with "i" in all positions.

"I was glad to observe that you were in no way annoyed by that man

who heckled."
"He is what I call a good heckler,"
answered Senator Sorghum, "I carry
him with the campaign company,"
"He is a friend?"
"More, A faithful servitor, I tell

nim exactly what to say when he heckles, and then we put our heads together to determine how I shall reply with a stroke of smashing repartee."—Washington Star.

Court.
Witness, John C. Leggat, Esquire, First
Judge of said Court, this thirteenth day
of February in the year one thousand nine
hundred and twenty-nine.
LORING P. JORDAN, Register.
Feb. 15-22-Mar. 1.

It is possible that before long men will no longer need to shave every morning, and women will have no more worries with bobbed hair. As a result of experiments carried out by an English naturalist, the

out by an Engisson internst, agrowth of the hair can be regulated.
During experiments a strain of mice
were produced whose heads became
hald in 16 days. A few days later
they lost the fur on their nacks, and a little later all their hair had gone

Another scientist has been making discoveries about the life of a hair He kept a record of one of his halfs for seven years, and found that it grew on only 264 days in a year. In summer he found that hairs get a quarter of an inch longer than in winter.

Royal Prussian Miser

Of Frederick of Prussia it is said that "he was great in great things but little in little ones." This remarkable soldier and sovereign, who extended the territory of his states enormously and was the founder of international colonization and the cultivation of vast regions, who opened canals, instituted mortgage banks and mercantile ma rine companies, would sit in state upon the application of a dancer at the royal opera for a pair of stockings.

helmet or plume, the king would con-sider the matter seriously for some time and answer the written requests personally.

He would lay out large sums fo building a fine new theater, but he would refuse to supply the proper amount of candles to light the house Thrift Magazine.

Printer Also Had a

Proposition to Make It seems that a printer somewhere down in Texas got slightly peeved at a letter from a doctor who wanted bids on several thousand letterheads ferent grades of paper and printed in various colors; with the request that the forms be kept standing for

So Mr. Printer diagnosed the case carefully and answered something in this manner:

"Am in the market for bids on on "Am in the market for bids on one operation for appendictis—one, two, and five-inch incision, with and with-out nurse. If appendix is found to be sound, want quotations to include putting same back and canceling order. If removed, successful bidder is expected to hold incision open for about sixty days, as I expect to be in about sixty days, as I expect to be in the market for an operation for gall-stones at that time and want to save the cost of cutting."—Forbes Maga-zine.

Spot Forever Famous in American History

Boston's famous Beacon hill ac-uired that name in 1634 when King colony to surrender its charter and an-nulled all land titles. The whole of New England suddenly found itself partitioned among a favored few in partitioned among a throne ice in the mother country, and the thumb of a royal governor general bore down hard. At the head of a commission holding the powers of life and death the country was an organists was an organists. over the colonists was an archbishor who had acquired considerable repu who had acquired considerable repa-tation as an heresy hunter. The colony was only four years old, but in no uncertain spirit it rebelled and soon after John Endicot's sword had slashed the red cross from the royal zens drilled earnestly on the comm and in the small towns around. As a means of quick communication a bea con was erected on the highest emi nence of the capital—and that hill was named, for as long, probably as America endures.-Detroit News.

"Lucky" for Comedian

Andy told Lauder that if it turned out that he (Carnegle) was right in his contention and proved to be the taller of the two, he would give the comedian "a good tip on the stock exchange."

The measurer-Lauder's brother-iniaw—overhearing this "decided, I think (says Harry), that the steel magnate

would win."
"In any case," chuckles Lauder, "he gave the verdict in favor of Mr. Carnegle by a tenth of an inch.
""Buy United States Steel Common.' whispered the millionaire on saying good-night."
It clicked.

Makes Fine Imitation of Artificial Flower

of Artificial Flower

The artificial dower trade, in which thousands of persons are engaged, has within the last few years been completely revolutionized, both here and abroad. For a long time the petals were made of muslin, silk, satin and even of velvet, colored after nature and successfully manipulated into the semblance of blossoms.

Of late years, however, there has been employed a substance that puts the most delicate textile materials ever manufactured completely in the background. It consists of the thin nest of thin shavings from the innest on thing so well as the almost transparent petal of a white poppy or a delicate tea rose. A lily petal is heavy in comparison with this substance, which has all the sheen and translucence and even the slightly frosted appearance seen in some white flowers. It can be tinted far better than silk or muslin and is virtually indestruct.

or muslin and is virtually indestructible. In wet weather it gives and be comes a little limp, just as real flow ers do, but when the sun comes out it crisps, reasserts itself and takes on a new lease of life and beauty.

Think Fish Do Feel Pain

Think Fish Do Feel Pain
A German judge stated that fish
have no feelings and, therefore, cannot suffer pain. English fishermen
disagree. According to J. R. Norman
of the Natural History museum, South
Kensington, London, fish have highly
organized sensory systems and can
suffer pain. The fart that fish dance
about after being caught certainly
seems to suggest pain, he believes. He
also declares that 1 sick fish goes pale. also declares that a sick fish goes pale and its eyes become blurred.

POLICE NEWS

"Lucky" for Comedian
According to the Kansas City Star
Andrew Carnegie once gave Harry
Lauder a stock market tip which the
comedian acted on and cleaned up a
small fortune. Carnegie visited Lau
der In his dressing room in New York
one evening. The steel man was as
tonished and delighted to find that
Harry was a smaller man than him
self. Lauder denied the soft impeach
ment. An argument ensued. It was
decided to settle the question then
and there by measuring against the
dressing room door.

Andy told Lauder that if it turned
out that he (Carnegie) was right in
his contention and proved to be the
faller of the two, he would give the
laller of the two, he would give the

which there is no adequate language available:

On a South Shore golf course there is a short hole with the green entirely surrounded by yawning sand pits. A threesome comes to it. The first player drops his tee shot on the green and feels pretty good over it. The second man puts his into one of the scood man puts his into end of those one-in-a-hundred pars miracles—a hole in one. The second niblick shot out of the bunker rolls into the cup.

And the first man takes two putts. Such is golf.—Boston Globe.

Films and Farmyards

An English investigator is responsible for the statement that if it were not for the fact that cows like muss tard there would be no moving picture shows. The explanation is that the sensitive film is coated with a gelatin emulsion containing silver bromide, but the silver bromide, but the silver bromide would not record the image if the gelatin were pure. Analysis has shown that the slittle specks of imprifties in the gelat in are sulphur, the source of which is found in the cattle hides from which the gelatin is made. The skins of animals contain sulphur because they eat wild mustard.

an amusing tribute ending with an acrostic. Each of the Board, in turn, said a few words, or told an amusing story. Mrs. Edson Gould, the treasurer, of Newton, was in charge of the arrangements and planned her table decorations most attractively.

READ FUND LECTURES

The large and enthusiastic audience which greeted Dr. Edward Howard Griggs during the past four years is eagerly awaiting his return to the City Wednesday evening, February 20, when he will give the first of a series of five lectures on Shake-speare's plays at the Underwood School Auditorium. Dr. Griggs opens the course with "A Midsummer Night's Dream."

It is unnecessary to remind those who have already heard Dr. Griggs' lectures that he is one of the most eloquent and instructive speakers on the public platform. And he is at his best in his interpretation of Shake-speare. He unites a broad and deep knowledge of life with rare scholastic attainments and awakens in his hearrers a keener ambition for educational development. While others inform, entertain, explain, Dr. Griggs inspires, quickens, arouses to self-expression and self-culture.

It is expected that Underwood School Auditorium will be filled to capacity. Doors will be open at seven-thirty. The lectures begin at eight o'clock.

2. We have a philosophy called "as if." We decide to act as if it were so, no matter whether we believe it or not, rather than to come out and say we do not believe it.

The present tendency in religion is to make God an abstraction, an insubstantial shadow, and to emphasize man's insignificance in the universal scheme of things.

Freud thinks religion is a racial

scheme of things.

Freud thinks religion is a racial neurosis, distinct from an individual neurosis. We are saved from nervous breakdown by religious faith, so we are doomed to one neurosis or the other. We should treat religion like neurosis of the individual, by emancipating him from his instinctive tendencies. Intelligence is the great thing. He thinks religion stultifies intelligence. The eager, growing mind of the child is stunted so it cannot think clearly about the universe. He thinks science will become dominant. We shall get a truer knowledge of the universe, not bolstered up with false illusions.

LASELL SEMINARY

A large number of "Old Girls" of Lasell met for luncheon at the University Club on Thursday noon. Miss Susan Tiffany of Springfield presided and introduced Principal Winslow who was the speaker of the occasion. On Friday morning 100 Lasell girls and their chaperons left for Intervale, N. H. for the annual White Mountain week-end. They were accompanied by a group from the Chamberlayne School of Boston. The trip is under the direction of Seth Bassett of Haverhill.

Centre Girl Scouts.

Last Saturday night Troop 8 of Auburndale gave a Fathers' and Daughters' Banquet. Miss Freeman, Director for Newton, spoke, and then the girls put on a short Scout meeting to show their guests just how such meetings go. The fathers joined in games with their Scout Daughters and stood with them in the Good-Night Circle. Now they'd like to be Girl Scouts, too.

Y. W. C. A.

The Eastern Regional Conference, attended by Mrs. H. H. Powers and The Eastern Regional Conterence, attended by Mrs. H. H. Powers and Mrs. Samuel N. Braman, president and secretary of the Board of the Newton Y. W. C. A., was held in New York on Wednesday, Thursday and Friday of last week. So great was the interest aroused by this Conference, which included delegates from the New England States, New York, New Jersey and Pennsylvania, that the capacity of the auditorium at the National Headquarters on Lexington avenue, was overtaxed and after the first day the meetings were held at the Park Avenue Baptist Church, of which Dr. Fosdick is minister.

There were between 200 and 225 people at the very successful bridge and dance, given by the members of the B. T. C. last Saturday evening. The various committees functioned under the capable chairmanship of Miss Margaret M. Bowers, and from all the enthusiastic reports another party in the very near future would not go amiss.

The bowling group is still meeting on Thursday evenings at seven-thirty at the Y. M. C. A., and there is ample space at the alleys for all those wishing to join. May we not look forward to seeing you next Thursday evening?

ning?

The swimming group continue to meet on Wednesday evenings at 7:30. Splendid interest and much helpful instruction is being gained from membership in this class.

The younger girls dancing class will begin this Thursday at 3 p. m. For the present the group will include girls from three to twelve years of age. It will be divided later as sufficient numbers enroll.

The regular meeting of the Board of Directors will be held next Wednesday afternoon at 2:30 at the home of the president, Mrs. H. H. Powers. There are several matters of importance which has a comparable for the president of the property ance which are to come before the Board of Directors at this time.

Daniel Mazzola of 470 California Daniel Mazzola of 470 California street, Newtonville, was in the New-ton court Saturday charged by Patrol-man Marshall with using profanity. He was placed on probation for six months. Patrolman Marshall testified that young Mazzola had used nasty language in expressing his contempt for the policeman.

car being operated by Geegan on Washington street at the rate of 35 miles an hour, although it was raining and the roadway was slippery. Geegan's car, that evening collided with a car driven by William Yule of Medford, Yule receiving injuries that confined him to his home for 10 days. The crash occurred on Washington street, near Jackson road, Newton.

CNE THING AND ANOTHER
By L. D. G. BENTLEY

In spirit of the family still extended by the carpings of those who tell us that things are not like they used to be and that in the lands gether with the fact that it was originated to the carpings of those who tell us that things are not like they used to be and that in the lands gether with the fact that it was originated to the contituding of mankind. The other day a griend of mine, who is one of the least known resident group photograph of his children and grandchildren, taken with parents and grandparents on the front plazza of the old lones that there were several late and the lone.

It happened that there were several picture and all were his friends and interested in whatever might interest him. It was gratifying to see the smile of approval that lighted the group to whom he showed the smile of approval that lighted the graph. Wildow, bachelor, spinster, husband, mother—to each it had a meaning, to each it represented one of the highest of American ideals to make the family and the home.

The proposed that there were several had been dedicated to grandfather's possession that the group to whom he showed the smile of approval that lighted the smile. The proposed proves and the smile of approval that lighted the smile. The proval of the prov

"As to my personal sourness on the day, well it dates back to my primary school days. A little girl friend of my own age sent me a valentine, with her name inscribed on the reverse side. Boylike, I was quite proud of it and lost no time in showing it to a group of my churs copied and praised as indeed it should be.

Did Mr. O'Brien hurl a great mass of statistics at his readers? He did not, although fortified with enough to fill columns of newspaper space. He knew that in order to grasp the reader's attention it would be better to give a word picture rather than one that was half words and half tables. What was the result, his article found a wider reading by far and gave as comprehensive a view as any reader could ask.

I wonder if, it is setting forth things we should know, those who write reports and such things might do well to follow Mr. O'Brien's example. Just then the sender of the ten-

to follow Mr. O'Brien's example.

Teaching the young idea how to shoot is always interesting. Equally interesting is the teaching of the young how to skate. Farlow Park provides only a small artificial pond, to be sure, but to me it is an ideal place for the very young skaters. I am told that the playground department of the city is responsible for this innovation. Let me add my word of congratulation then to those who evolved the plan and have so successfully carried it forth under suitable supervision.

Here is water, not too deep to threaten drowning should any one fall through, and still of sufficient quantity and depth to provide a skating field for those of tender years. We hear of people who seek softer climates during the winter months, but a hardy New Englanders, or most hardy New Englanders, or most hardy New Englanders, like their spring, summer, fall and winter. Just enough variety, they say, to keep alive one's appreciation of the varied climate of this neck of the woods.

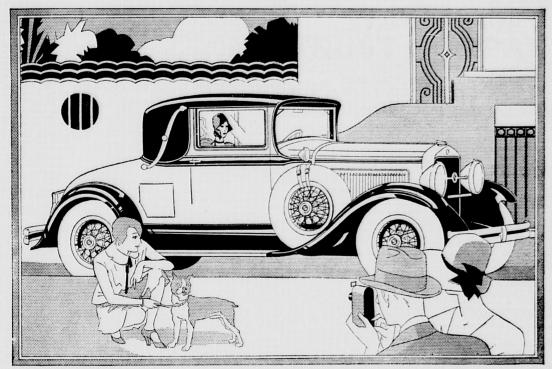

I am reminded of a story told by a friend who had the privilege of viewing the operations of one of the larger motion picture companies in California. He was escorted through the studios and about the lots and introduced to a number of actors. One man said to him, "So, you're from Boston. Well, I used to live there and if it wasn't that I am making a good living here I'd be back in the old home town. I've been in California 10 years and that's enough. These people out here will tell you that this is a wonderful climate. Maybe it is, but I can't see it. Give me New England and the regular four seasons."

seasons."
But I started to say something about the youngsters in Farlow Park. They are getting, at an early age, an appreciation of an ice skating that will stand by them throughout their lives. And their parents and other grown-up members of the family can watch them absorb it. In fact the adult on-lookers seem to be as happy as the little ones. We all like to see the children have a good time—that is, many of us. I have no patience with those who don't. To those who do I advise a visit to Farlow Park while the little folks are doing their stuff on the ice. It's worth while.

the children have a good time—that is, many of us. I have no patient for cleaning the with those who don't. To those who with those who don't. To those who will userry, mother for cleaning the with the little folks are doing their stuff on the ice. It's worth wille.

Now optional... a straight 8 motor in the world famous Studebaker commander-\$1495

THE COMMANDER EIGHT CONVERTIBLE CABRIOLET FOR FOUR, six were wheels and trunk rack standard equipment, \$1645. Other Commander Eight models as low as \$1495. THE COMMANDER SIX CABRIOLET, \$1495. Prices at the factory. Bumpers and spare tires extra.

THE whole world has known this magnificent car as the Six that sped 25,000 miles in less than 23,000 minutes in heroic proof of its speed and stamina. Only Studebaker's great President Eight has surpassed - or even approached - this spectacular demonstration. Think what The Commander's stamina means to you, in year after year of surpassing, troublefree performance! And now Studebaker adds to the appeal of The Commander, the winning, silken suavity of eight-cylinder power-at a price as low as \$1495 at the

New body art in line, curve and color, interprets the very spirit of the new Commander's brilliant performance. New riding comfort, the result of hydraulic shock absorbers and Studebaker's ball bearing spring shackles. New safety, contributed by non-shatterable windshield, steel core steering wheel and large amplified-action 4-wheel brakes. New ease of handling at high speedfor the new Commander is lower, with a new doubledrop frame. And it looks lower still!

Come in today and see the new Commander. Ride in

New Evening **Telephone Rates**

Out-of-town telephone calls by number, at evening rates, may now be made an hour and a half earlier than before.

> Formerly, full day rates applied until 8:30 P. M. Now, evening rates apply as early as 7:00 P. M.

These new evening rates, which continue until 8:30 P. M., are substantially lower than the corresponding day rates. Generally speaking, they range from twenty to twentyfive per cent. less.

Evening rates apply only to station-to-station calls, best made by number. Particular person calls take full day rates, whatever the hour.

Evening rates are subject to a 35 cent minimum.

Unless the day rate is more than 35 cents, there is no lower evening rate. Put another way, evening rates apply on distances of more than

Between 7:00 P.M. and 8:30 P.M., we have been handling at full day rates about 3000 toll calls aday which will benefit directly, as will all new business between these hours.

BAGGAGE CALLED FOR

ABOUT TOWN

By Edw. H. Powers

Talk about applesauce, boloney, blah-blah and the other bunk, the much published endorsements of their products by manufacturers of cigarettes has become the biggest hokum of the day. Heroes, athletes, aviators, actors, actorines, social celtheir products by manufacturers of cigarettes has become the biggest hokum of the day. Heroes, athletes, aviators, actors, actorines, social celebrities and other famous or near famous personages and persons, tell through the daily press, for a consideration, what thrills they get, how their nerves are soothed, how they can fight, run, jump, swim, dive, drive, sing, whistle, do problems in calculus, etc., etc., and other things by smoking this, that or the other brand of fags. Persons deprived of their sight (temporarily by being blindfolded) always select one certain brand as the best. Why doesn't some cigarette maker have tests made by persons whose ears are plugged. Or why doesn't some cigarette company engage a clairvoyant to attempt to get in touch with the shade of Sir Walter Raleigh. An endorsement from Sir Walter of some particular brand of cigarette would be a "wow."

Another damp area in this city that is far more of a nuisance than Cold Spring Swamp ever was is the swamp bounded roughly by Lexington and Pine streets between Auburndale and West Newton. In addition to being a breeding place for mosquitos, this region contains the Pine street dump, a repository for much of Newton's rubbish. From this dump frequently wafts an odor of burning rubbish which offends the nasal organs of many residents in sections of West Newton and Auburndale. Said residents hope, trust, desire and expect that sometime in the near future the powrs that be, or the powers that that sometime in the hear future the powers that will be at City Hall, will show the same concern regarding the swampy area near Auburndale that has been displayed regarding the swampy area near Waban.

There has been considerable yapping of late about a war between the United States and England. If the financial moguls who are responsible for the spreading of this propaganda had the slightest idea that their corpulent persons would be conscripted for service at the battle-fronts or on submarines in the event of such a war, all this belligerent talk would cease.

The Graphic received a clipping several days ago from the Paris edition of the "New York Herald" containing an item telling of a visit to Berlin by William A. Enegess. For some months Mr. Enegess, whose home address is Fayette street, Newton, has been in Russia as one of the engineers on the huge dam which is being constructed on the Svir River under the direction of Col. Hugh L. Cooper of New York. Mr. Enegess, during the Christmas and New Year's holidays also visited Stockholm and Oslo.

Lindbergh is going to get married to Morrow.

It would appear that Lindbergh is more interested about a female in Mexico than about mail to Panama.

You don't read about Orville Wright very often. He's the fellow, who with his brother, invented the airplane.

We have been asked to request persons to feed the birds which are wintering in this section. Many of them are reported to be starving because of lack of food.

Why bother about trying to turn in your battery radio sets when you go to purchase one of the new A. C. all electric sets? If you employ servants allow your servant, or servants to use your old set. If you don't employ servants why not keep the old set? Some other member of your family may want to listen to a different program (pronounce this progum according to the present vogue) and by having two radio sets in the house a domestic squabble may be avoided.

The Newton Business Associates have sent a complaint to the Street Department about the parking space lines and cross walks at Newton Corner not being kept painted. The business men contend that the lack of clearly defined parking spaces prevents many cars from finding room to park.

Some fantastic reports are being published in the papers regarding the unusual cold weather in Europe. One news article contained the "information" that "the Rhine River at Cologne was frozen across at the famous Lorelei rock." This famous rock, which is a high cliff, has always been located on the Rhine midway between Pingers and Coblens as it had

Archery Demonstration

Archery Demonstration After a brief wait, occasioned by ne tardy arrival of the Maine guide After a brief wait, occasioned by the tardy arrival of the Maine guide who was to demonstrate Archery, the Court proceeded. Mr. Harry Jordan, an expert Maine woodsman and archer, from the the Girl Scout Cedar Hill Camp at Waltham, immediately upon his arrival set up his archery target and got out his bows, arrows and paraphernalia. He started by a brief exposition of archery, telling of the woods to use in making bows, how to carve them out; the different types of bows and arrows. He then proceeded to demonstrate his skill and placed arrow after arrow in the bull's eye of the target. This demonstration followed the Color ceremony, in which the Colors were presented and paraded by four members of the Eagle Circle, under the direction of Chief Eagle Evan Collins.

Awards by Officers

Centre Cong. Church To Honor Dr. Noyes

Church Passes Resolutions Or

At a special meeting of the First Church of Newton on Monday, Feb. 18 resolutions were adopted whereby the pastor, Dr. Edward M. Noyes will become Pastor Emeritus of the church upon his retirement from the pulpit next October. The resolutions adopt-ed are as follows:

"WHEREAS Dr. Edward M. Noyes has tendered his resignation as Pastor of The First Church in Newton, Massachusetts, and has given the Church to understand that his acion is final, be it

is final, be it

RESOLVED: with deepest regret
and sorrow and in order to comply
with his wishes that his resignation
be accepted to take effect at the end
of the thirty-fifth year of his pastorate, October 1, 1929, and further

RESOLVED:: That at the time that
his resignation takes effect Dr. Edward M. Noves he made Pastor Emeri-

John Drew of Eliot street, South Natick, a former resident of Nonantum, rescued William Flynn, 4, of Woodrow avenue, Newtonville, from drowning in Silver Lake, Nonantum, last Friday. The child had walked onto the ice at the pond and fell into open water. A woman who saw the little fellow go into the water called to his mother and her cries brought Drew and Patrolman Elliott to the scene. Drew rushed to the place where the child had gone in and he plunged fully clothed into the water, swam under the nearby ice and recovered the boy. Patrolman Elliott took the unconscious little form from Drew and resuscitated the child. The police ambulance was called and took the boy to the Newton Hospital where he was treated for exposure.

LENTEN INSTITUTE

The Eliot Church of Newton, on I Thursday evening of next week, will chold the third session of its Lenten Institute. At 5:15 o'clock in the afternoon there will be a story-telling hour for members of the Primary and Junior Departments of the Church School. Following the cafeteria supper and social hour which occurs from 6 to 7 o'clock Rev. Herbert A. Jump, minister of the Union Church of Boston, will speak at the young people's hour on the theme, "A Little Story from Switzerland." At the assembly period, which convenes at 7:45 o'clock, Rev. Herbert A. Jump of the Union Church of Boston will deliver the devotional address.

AUTO DEALERS OPEN SHOWROOMS

The Newton automobile dealers will have their sales-rooms open today, Washing-ton's Birthday, for the display of the latest models. They will be pleased to have anyone who so desires call and inspect the

and sorrow and in order to comply with his wishes that his resignation be accepted to take effect at the end of the thirty-fifth year of his pastor ate, October 1, 1929, and further RESOLVED:: That at the time that his resignation takes effect Dr. Edward M. Noyes be made Pastor Emeritus of The Church in Newton, Massachusetts and that the office of Pastor Emeritus shall not require any duties or responsibilities, and further RESOLVED: That the Moderator of this meeting appoint a committee of five with full power to take such action as to them may seem advisable, to secure on behalf of the members of this Church, on behalf of the members of the congregation and on behalf of the community a suitable test timonial to Dr. Noyes."

RESCUES BOY FROM DROWNING

John Drew of Eliot street, South Natick, a former resident of Nonantum, rescued William Flynn, 4, of Woodrow avenue, Newtonville, from drowning in Newton was presented in an intensely interesting manner and was enlivened by some good stories which were very well received. Mr. Whitting did not tion" was presented in an intensely interesting manner and was enlivened by some good stories which were very well received. Mr. Whiting did not attempt to forecast or interpret Mr. Hoover's program. He called attention to the radical difference between the President-Elect's background and partisan reactions and those of his predecessors. It would be interesting, he said, to observe the degree of cooperation which Mr. Hoover would receive from Congress and particularly the Senate. He summarized some of the difficulties which former presidents have encountered in attempting to procure congressional co-operation and harmonizing the differences. Among the things which Mr. Hoover might be expected to accomplish, Mr. Whiting said, was a restatement of the principle embodied in the Monroe Doctrine which the other nations of the Western Hemisphere and particularly Latin America could accept and endorse without any secrifice of dignity and whick would be a statement of that principle made by all the

Stubbs Star Of Yearling Win

Harvard freshmen defeated Dartmouth freshmen at hockey last Saturday 8 to 0. The outstanding player in the game was Frank Stubbs, Jr., of Newton and a brother of the Harvard varsity coach. Stubbs, a former Newton high star, scored four of the goals and assisting in two others. With the game only 14 seconds old Stubbs, who had taken the puck from a pass at the face off from Barry Wood, circled the Green net and coming out on the other side scored with a well-placed shot. He scored again on a solo effort before the period ended. In the final period Stubbs again went on a rampage to score two more and passing to two of his teammates for two other counters.

RINDGE AND NEWTON IN SCORELESS GAME

The second set of games in the final round of the scholastic league race for honors was played last Saturday afternoon at the Arena with Newton and Rindge battling for 12 minutes overtime without a score in the game while Melrose was shutting out the Cambridge Latin sextet 2 to 0. The play in both games was fast and rugged, with the individual and team-play of the Newton-Rindge outfits so evenly matched that every good offensive drive was broken up by the opposing defence or the goalie made sensational stops.

In the first period Joe Gilligan came near to scoring while one of the Rindge players was in the penalty box. He sallied down centre ice, feinted the Rindge defence out of position and broke through on goalie Burke. The puck struck the latter's pads and he gathered it in for a nice stop. During the remainder of the period the Newton forwards were stopped time and again by Westberg, Rindge star centre, whose poke checking was one of the outstanding features of the game.

Jimmy Brown, Newton's scoring ace Jimmy Brown, Newton's scoring ace, was so closely covered by James Normile, Rindge right wing, that he could not score. If such was the latter's assignment for the day he carried out orders to perfection. In the second period Rindge had a beautiful chance to score while steady Dick Gardner, Newton defence player, was in the penalty box, but Capt. Harrington prevented defeat by one of the most brilliant stops of the series. Rindge continued to carry the battle to Newton only to have Harrington make several fine saves.

QUINTET WINS SECOND GAME

The Newton high second passetball team won its second game of the season last Friday afternoon on the Newton court, defeating Belmont high, 22 to 12. The orange and black scored first and were never headed. At half time the score was 11 to 4 in Newton's

Captain Norman Payne was high scorer of the game with four goals from the floor for a total of eight points. Kingsland, left forward, caged

points. Kingsland, left forward, caged three for six points and Ham, Schwartz and Lawrence tallied the remaining points. The Newton seconds won from the Belmont seconds in a preliminary game 27 to 19.

Because of the vacation this week no games were played. Tomorrow evening the local quintet goes to Cambridge to meet the Cambridge Latin outfit in the first of two games between the two. The return game will be played at Newton on March 5th to close the season for Newton. Other games remaining on the schedule before that date are those with Everett at Newton next Monday and with Belmont a week from today.

Tudor who was injured recently. The game was rather rough and Holbrook got some pretty stiff bumps and was sent to the penalty box five times. Dick Rogers of West Newton scored the second Dartmouth goal after Harvard had taken a two goal lead, 3 to 1. After Rogers shot the Harvard team played a defensive style of game. Harplayed a defensive style of game with the game while the regulars rested.

Jimmy Brown, Newton's scoring ace, was so closely covered by James Normile, Rindge right wing, that he could not score. If such was the latter's assignment for the day he carried out orders to perfection. In the second period Rindge had a beautiful chance to score while steady Dick Gardner. Newton defence player, was in the penalty box, but Capt. Harrington prevented defeat by one of the most brilliant stops of the series. Rindge continued to carry the battle to Newton only to have Harrington make several fine saves.

While the Rindge forwards were forcing the play in Newton territory Fletcher broke down the centre with his wings in position. A fine chance to score was missed when Brown was offside on the past from Fletcher. The fine Newton pass work went for naught on several occasions on account of off-side passing.

Brown came within an inch of scoring in the third period when he shot from the blue line. The flight of the puck was defected by one of the Rindge defenders sticks and only a sensational stop by Burke prevented it from going into the net.

The overtime. A cammante blocked Burke's view of the puck as Brown lelt go a shot from left wing and he had saved the day. Harrings ton turned in some fine work in the first overtime. A cammante blocked Burke's view of the puck as Brown lelt go as shot from left wing and he had saved the day. Harrings ton turned in some fine work in this of his many the second session. Westberg as bow with his chest. It rebounded and Normile second it up to shoot again. The Newton leader had another step of him and he had saved the day. Harrings ton turned in some fine work in the second session. Westberg as bow with his chest, it rebounded and Normile second it up to shoot again. The Newton leader had another step of the second session. Westberg as bow with his chest, it rebounded and Normile second it up to shoot again. The Newton leader had another with the aid of his team in pile-up fashion. The Newton leader had another stop with the aid of his team in pile-up fashion. The

mer schoolboys, among them R. J.
Leonard of Newton high's 1902 team.

The 300-yard trial heats provided the usual scrambles at the first corner. In the second heat Brown of Worcester had the pole with Mullen of Newton second and Kelly of Newark, last year's winner, third. At the gun Brown took the lead but on the second last stretch Kelly took the lead, winning easily with Mullen coming through for second and a chance to run in the final. In the final the Newton lad had the pole with Hannigan of Lowell next to him, Deutsch of Newton third, and Doherty, state schoolboy champion, fourth. Kelly of Newark was in the second row. Hannigan took the lead, closely followed by Doherty. Kelly and his teammate, Deutsch, were boxed and could not extricate themselves. Kelly managed to get outside turning the last corner and it looked as though he might place but Mullen ran wide to shut him out. Doherty won by three yards over Hannigan who in turn had two yards over Mullen.

Gilbert Adams took Reynolds' place in the 600-yard race and was out in front all the way in the third heat. The first heat was won by Smith of Brookline and the second by Bloor of Newark, national junior half-mile champion, with Bowdren of Medford second. The expected duel between In the first heat was kend by the referee ruled an offside at the time.

NEWTON HAS HOPES AT ANDOVER MEET

With Dick Reynolds back in shape Newton high has high hopes of winning the annual Andover Academy interscholastic meet tomorrow afternoon. Fifteen to eighteen points should win the meet and with Newton having Ewing, Reynolds, Mullen, Burton, Pescosolido and its relay team capable of sooring in the neighborhood of fifteen or more points the outlook is quite bright. The schools expected to give Newton a battle are Brockton, Medford and Brookline. Newton led the first two teams at the recent Northeastern meet in which Brookline was not entered as a team so it may be the Brookline runners who may upset the dope.

Brookline was not entered as a team so it may be the Brookline runners who may upset the dope.

Brookline has two almost sure fire first place winners in Dana Smith in the 600 and Harry Fink in the shot put. Newton has but one first place prospect, that in the dash with Ewing. It is possible that Pescosolido will team up in the dash and should they finish one, two as at Northeastern it will make it doubly hard for the other schools to catch up with them. Reynolds if right should score in the hurdles and 600. Mullen has a chance to score in the 300 through his running last Saturday while Burton in the 1000, unless he meets with the misfortune that handicapped him at Northeastern looks good for a second or third in the distance race.

The relay team in its two interschol-

or third in the distance race.

The relay team in its two interscholastic races has finished third in both and if it can duplicate this performance Newton's total would be approximately seventeen points. A second or third place in the shotput and dash by Pescosolido should bring home the victory.

by Pescosolido should bring home the victory.
Following the Andover meet tomorrow there will be but one more chance for the track and field men to show their ability indoors this season. That will be at the State meet in the East Armory on March 2nd when Newton high hopes to prove its claim to the state which will be given a decided boost by winning tomorrow. Last year Medford high won the Northeastern and Andover meets and then came through in the Armory with another victory. Perhaps history may repeat itself with Newton duplicating Medford's performances.

HOCKEY TITLE IS AT STAKE TODAY

The Greater Boston interscholastic league title is at stake this afternoon at the Arena, where two games will be played in the final round of the league schedule. Newton opposes Melrose high, the only school team to defeat the orange and black this winter, while Rindge Tech, with the best hockey team it has had in its history, will battle Cambridge Latin. There are all kinds of possible results hinging upon the outcome of the games. Newton will win the title if it defeats Melrose while Cambridge Latin is tying or beating Rindge Tech. Rindge will win the honors by beating the Cantabs while Newton is being held to a tie or beaten by Melrose. Melrose can win by topping the orange and black while the Cantabs and Greater Boston interscholastic

to a tie or beaten by Melrose. Melrose can win by topping the orange and black while the Cantabs are knocking off Rindge or Melrose can tie with Rindge if the latter's game is deadlocked.

It is more than possible that Newton and Rindge will be tied when the games are over and if such is the case the Arena management has offered the use of the rink for a game between the two teams on Saturday (tomorrow) night.

Captain Dan Harrington and his teammates are out to avenge the pre-

off.
Rindge, faced with the prospects of annexing their first schoolboy title and with the best team in its history will outdo themselves in order to take home the honors.

a year ago last fall.

Playing Regular Defence

Everett Scheinfain, former Newton high athlete, is playing a regular defence position for the Bridgton academy sextet.

Cronin At Braves Camp
Bill Cronin of West Newton was one
of two of the Boston Braves players
to leave for the Florida training camp
last Friday. Tony Plansky, a pitcher,
of South Boston, was the other player. The remainder of the party wasmade up of officials of the club and
newspapermen. Cronin, who is making his second trip south, is one of
seven catchers on the Braves roster.
He hopes to clinch a regular berth
this year on the major league team.
Howland's Work Keeps Score Down

Howland's Work Keeps Score Down Howland's Work Keeps Score Down
Captain Winslow Howland's Bowdoin college hockey team, state of
Maine champions, were shut out by
the M. I. T. sextet last week Friday
at Brunswick, 1 to 0. Tech achieved
its margin of victory in the first period when the right wing shot the
puck through Howland's skates. The
Engineers outplayed the Polar Bears
most of the game and it was only
because of Howland's good work that
the score was not higher.

Newton's Game Postconed

Bell Wins From Wilson

Bell Wins From Wilson
Arthur W. Bell, Jr., of the B. A. A.
won the New England A. A. U. championship mile walk at the B. A. A.
meet last Saturday afternoon in a
duel with Ed Wilson, also a B. A. A.
athlete. Bell resides in Newton Highlands and Wilson in Newtonville. Bell
broke the record set in 1921 by Arthur S. Robarts of West Newton by a
fifth of a second being clocked in 6
minutes 53 seconds. It was the fastest time he has ever made in the
event. Wilson kept him hustling all
the way and once in the race was on
even terms for a while but Bell won
by about six yards. The two walkers
have been entered in the national senior A. A. U. championships at Madison Square Garden tomorrow night.

Country Day Wins And Loses

Country Day Wins And Loses

The Country Day school hockey team won one and lost one in the private school invitation tournament at Lake Placid over the week end. Last Friday the Montclair Academy team of Montclair, N. J., shut out the Newton school 4 to 0. The Newton team had several chances to score but the Montclair goalie was too clever. George Bottomley at left wing and Albert Pratt at right defense played best for Country Day. Saturday the Newton school defeated Northwood school of Northwood, hosts of the tourney, 1 to 0. Dick Muther at right wing shot the only goal of the game while on the ice as Francis Gleason's substitute.

Colburn Scores for Wildcats Country Day Wins And Loses

Bowdoin college hockey sextet de-feated the Brunswick Canadians at the Bowdoin rink Saturday, 4 to 3, in a practice game. The game was slow on account of poor ice. Warren South-er of Waban made two of the Bow-doin points.

the moral, political, and economic structure of mankind.

Repentance will not eradicate the effects of what has been done. It is necessary to repent in order to heat the wound, but the scars remain.

Prof. Mather said that he had purposely dodged the question as to how love could dominate law. He said that he did not know. Love can do what Hosea found it would do. The conclusion is proved. It is not explained, but it is justified.

Now that Telephone **Dollars Go Farther**

On a number call, a dollar used to take you 162 miles by telephone, and bring you back again. Now you can go 174 miles and back for the same sum.

This is just one example of the rate reductions made in our revised toll schedules now effective

All day rates for toll calls at distances above 128 miles are reduced. Put another way, all station-to-station day rates above eightyfive cents, and all person-to-person rates above \$1.05, are lowered.

Reductions begin with a nickel, and increase with the distance. On thousands of calls there are substantial savings.

> On a three m nute station-to-station toll call that begins and ends in our own territ vry, you cannot spend as much as \$2.00 any more; nor can you spend \$2.50 on a three minute particular erson call at the same maximum distances. The rates are \$1.95 and \$2.45 respectively.

You know the place of the telephone in the business and social life of this community. Neighborhood Toll Service duplicates that usefulness in a wider field. With lowered costs and added privileges we make nearer approach to our ideal-New England one telephone neighborhood.

POLICE NEWS

In the Newton court last Friday Albert J. Vohar of Newton Centre was fined \$100 for driving while under the influence of liquor. He appealed. Robert G. Brown of 119 Lowell avenue, Newtonville, was charged with committing assault and battery on Mrs. Lenora Johnson of Somerville, a nurse who was recently employed by him. His case was continued until March 1. Rev. Albert Reynolds of Sherborn was fined \$5 for parking his automobile longer than 30 minutes in restricted areas at Newton Corner. Antonio Mazzola of 33 Colonial avenue, Newtonville, was given a suspended fine of \$25 in the Newton court Monday for violating the pure food laws. Henry Mossman of Newtonville, State Health Inspector, was the complainant and testified that he had purchased eggs at Mazzola's place which were not labelled "cold storage" in accordance with the law.

Arthur Elkins of Roland street, Newton Highlands, was in the Newton court Monday charged with failure to help support his aged mother. Her other children had contributed to her support but he failed to do his part. He was sentenced to 30 days in jail and the sentence was suspended on condition that he give \$1 a week towards the support of his mother.

Myrtle Fowler of Hicks street, West Newton, was arrested on Monday by Patrolman Henry Loughlin as she emerged from Suffolk County jail after having been imprisoned there for three months for a violation of the automobile laws. In the Newton court on Tuesday she was fined \$25 for another offence against the automobile laws. In the Newton court on Tuesday she was fined \$25 for another offence against the automobile laws committed in this city last August. Patrolman Loughlin testified that a car operated by her had collided with two other cars at Newton Corner on the same night she was arrested at Brighton and after hitting the other cars she continued on without making her identity known.

ADD TO TELEPHONE EQUIPMENT

At its last regular monthly appro At its last regular monthly appropriation meeting the executive committee of the New England Telephone and Telegraph Company authorized the expenditure of \$26,300 to cover the cost of additional equipment in the West Newton central office.

The company expects to start the work in August and complete the job in December.

The work is necessary at this time in order to take care of the constantly growing telephone business in the West Newton central office area.

Mr. R. O. Walter of the Equitable Mr. R. O. Walter of the Equitable Life Assurance Society, made the subject of "Life Insurance," very interesting to the members of the Club on last Monday evening. He told of the four kinds of policies which one could take out. He showed how the premium was made up and told the number of ways in which the money could be paid to the beneficiary of the policy. Many questions were asked and the talk was one of the most interesting presented to the members of the Club this year.

The speaker this coming week will

The speaker this coming week will be Rev. Ray A. Eusden, Pastor of Eliot Church.

The bowling team of the Newton Y. M. C. A. lost to Quincy last Saturday evening. On February 23rd a return match will be rolled at Quincy.

On next Saturday afternoon the volley ball team from Lynn Y. M. C. A. will play the volley ball team composed of Newton business men. On Saturday evening the Malden Y. M. C. A. will play basketball at Newton.

C. A. will play basketball at Newton. Forty men are now playing Squash Racquets on the new courts.

In the Boys' Division activities of all kinds were in full swing during the vacation week, February 18th to 23rd. There were hikes, 1000 point contests, swimming and basketball meets, hobby clubs, and hot-dog roasts.

by clubs, and hot-dog roasts.

Monday fourteen boys and a leader hiked around the Cambridge Water Basin stopping only for lunch and a few games on the way. On returning all enjoyed a swim in the pool.

Tuesday a group went skating at Bullough Pond, and Wednesday a group visited the Squantum Naval Air Station and saw how aeroplanes

are constructed.

On Saturday afternoon ten boys will start making bows and arrows which they will use this summer. It is expected that many more boys will want to join this club once it

is expected that many more boys will want to join this club once it gets underway.

The Round Table Club, composed of members of the Y. M. C. A. Public Speaking Classes, met at the Hotel Somerset on Monday evening, February 18th, where some good examples of after dinner speaking were given. About half the members present spoke on famous women of history, while the remainder refuted certain popular fallacies regarding their line of business. Those present were: Dr. Robert Whitehill, Dr. Wilson C. Dort, Dr. Horace L. Howe, J. Ernest Gibson, R. M. Patterson, Dr. Alfred E. King, Edward M. Rowe, Roy S. Edwards, Frank Perry, Jr., Dr. Cecil W. Clark, and W. S. Bruton.

The first half of the schedule of the Sunday School Basketball League games being played at the Newton Y. M. C. A. was completed with a tie between St. John's M. E. Church of Watertown and the Congregational Church of Needham. In the playoff at the Newton "Y" Saturday night St. John's defeated Needham Congregational 34 to 23. The final standing of the "rst round is as follows:

MRS. JEANNE L. KERR

Mrs. Jeanne Louise Kerr, wife of James Kerr of 457 Centre street, Newton, died on Sunday. She was born in Isle la Duc, France, 57 years ago and had resided in this city for over 25 years. Her funeral service was held Tuesday in the chapel at Grace Church, Newton, Rev. John R. Dallinger officiating. Burial was in Newton Cemetery. She is survived by her husband and a son, Linton Kerr of Milton.

MRS. ANNIE WATT

MRS. ANNIE WATT

Mrs. Annie Watt of 383 Winchester street, Newton Highlands, died on February 14. She was born in Newton 72 years ago, the daughter of Thomas Deary. Her funeral service was held Sunday afternoon, Rev. Mr. Kelly of Holliston officiating. Burial was in Newton Cemetery. She is survived by her husband, Joseph B. Watt, two daughters, Jennie Watt of Newton Highlands and Mrs. Elizabeth Proctor of Needham, and four sons, Joseph A. of Newton Highlands, Robert of Somerville, William F. of Maynard and Thomas of Cambridge.

The Junior Patrol Leaders' Association had a hike, Tuesday, Feb. 19th, to Brae Burn Country Club. They met at the Club at 10 and spent the morning very pleasantly skating. At noon a roaring fire was built in a sand pit at the Waban end of the golf tourse and lunches eaten; at this time a short business meeting and discussion were conducted, and continued until the call to skate could not longer be resisted, when everyone returned to the pond. There were 40 patron leaders present, representing the villages as follows: 7 from Newton timeld, 11 from Newton Centre, 2 from Waban, 8 from West Newton, 3 from Weston Highlands, and 1 from Lower Falls.

Wednesday night, February 20th, the officers' Association held its monthly meeting at the Unitarian Church, west Newton. The supper was in charge of the officers from Newton Upper Falls. They were very fortunate in having Professor Kirtley Mather as the speaker of the evening.

The Newton Local Council met Thursday afternoon, February 21st, at Headquarters, following a meeting of the Executive Committee at 2:00 p. m. After the business meeting tea was served.

Friday morning, February 22nd, Committee at 2:00 p. m. After the business meeting tea

NEWTON HOSPITAL

During the week ending February 16, 1929, there were 165 patients in the hospital. Of this number 47 paid as much or more than cost of care, 67 paid less than cost of care, and 51 were treated free of charge (including babies) 15 babies were born, 7 girls and 8 boys. 137 patients were cared for in the out-patient department and 7 in the eye clinic. 7 calls were made by the social worker and 7 patients were transferred by the social service car.

Amazing Results When You Burn

A Genuine Hard Coal

CONSUMPTION of Welsh Anthracite has doubled in a few years. Thousands of satisfied users are buying it again and again and recommending it to their friends, because Welsh is a genuine hard coal. It is pure, containing no slate, rock or bone. It gives one-third more heat than ordinary coal.

THE RESULTS ARE AMAZING. Welsh burns and burns to a fine powder. You get less than a bar-rel of ashes to a ton. There is no sifting of ashes, less ash barrels to put out. One ash bar-rel where you used to carry three.

WELSH IS A CLEAN COAL. THE CLEANEST YOU CAN burn in your home. It gives a continous, intensive heat without soot or dirt. Welsh is quick to kindle, and owing to its purity, this coal burns with all drafts checked.

COAL IS SOLD BY THE TON, but what you really buy is heat val-ue. There is MORE HEAT per ton in Welsh. You actually save money when you buy it. Welsh is sold in regular sizes for range or heater. Fill your bins now with this Super-Fuel.

Welsh is superior in quality to even the special high grade American Coals—and costs less. A trial order will convince you. Tele-phone one of the dealers listed below.

EDITORIAL

While the late Edward H. Haskell of Newton Centre was a resident of this city for many years he retained a great love for his native city of Gloucester and it is most fitting that a Gloucester church should have a memorial window in his honor.

The late Alexander Bennett, the veteran station master at West Newton was an example of faithfulness and modesty which our young people might well emulate.

The State's program for expenditures for 1929 is based on a State tax of \$8,500,000, the same as last year when a cut was made to that figure from a State tax of \$8,500,000, the same as last year when a cut was made to that figure from a State tax of \$12,000,000 in 1927. This year, on recommendation of Governor Allen, it is proposed to take a new step toward elimination of the State debt by the appropriation of \$250,000 for the purchase of outstanding bonds which have not yet matured. On November 30, last year, the State's indirect debt, consisting of metropolitan water, park and sewer bonds and temporary notes and of Cambridge subway bonds stood at \$51,108,013 as compared with \$53,001,803 on November 30, 1918. It is explained that the fact that the decrease in this debt is comparatively slight is mainly accounted for by the Cambridge subway purchase and by the expenditures for the new Metropolitan Water supply. According to Representative Henry L. Shattuck, chairman of the House Committee on Ways and Means, the interest and serial payments on these bonds, of which \$12,544,000 are outstanding, are payable from carfares and water rates, therefore do not add to the tax burden. There are also included in OF CHRIST SCIENTIST,

vable from carfares and water es, therefore do not add to the tax

burden. There are also included in this debt \$3,762,500 of temporary notes for financing the cost of the Northern Arrery and Cottage Farm

Bridge, pending apportionment by commissioners appointed by the Su-

preme Court.

HIGHLAND GLEE CLUB

In 1908 a group of men interested in the formation of a Glee Club called on Mr. Edgar J. Smith to see if they could not enlist his interest in such an organization. The outcome of this meeting was the formation of the Highland Glee Club of Newton, later reorganized and incorporated.

The meetings were held at the homes of the various members, and originally consisted of twenty-three, with James H. Trumbull, Pres.; Hen-

with James H. Trumbull, Pres.; Henry H. Cummings, V. P.; Wm. L. Thompson, Treas.; S. Arthur Thompson, Sec. and Librarian; and Edgar J. Smith, Conductor.

D. A. R., which was held recently in the parish house of the Second Church at West Newton. Representatives to the national congress in Washington were elected as follows: Delegates, Mrs. John N. Eaton, regent, and Mrs. Henry W. Newhall. The alternates are Mrs. Warrier D. Thompson, Mrs. Charles N. Fitz, Miss Eva G. Van Wagenen, Mrs. Bernard Early, Mrs. Charles N. Fitz, Miss Eva G. Van Wagenen, Mrs. Bernard Early, Mrs. S. Alex, D. Salinger, Mrs. John P. Holmes and Mrs. Liverus H. Howe, Mrs. A. Rhur S. Tucker, Mrs. Eaton, Mrs. Howe, Mrs. J. S. Cordingly and Mrs. Howe, Mrs. J. S. Cordingly and Mrs. Bakeman, Mrs. Garden Mrs. Liverus H. Howe, Mrs. J. S. Cordingly and Mrs. Howe, Mrs. J. S. Cordingly and Mrs. Hall Mrs. Charles A. Wyman and Mrs. Fitz.

After the business meeting the regent introduced Dr. Edward T. Sullivan of Newton Center, who read a paper on Abraham Lincoln, Following the paper, tea and coffee were served by the hostesses of the atternoon: Mrs. Newhall, Chairman Mrs. A. R. Wells, Mrs. C. P. Weeden, Jr., Miss Clara Walker, Mrs. A. R. Wells, Mrs. A. C. Walworth, Mrs. D. W. Wells, Miss M. G. Webber, Mrs. H. L. Whittlessy, Mrs. L. A. Webster, Mrs. E. O. Woodward, Miss Olive Webster and Mrs. C. A. Wyman.

By Edw. H. Powers

Many Newton residents who enjoy taking the auto trip from Littleton through Groton Townsend and Ashby hope the Legislautre will appropriate the \$30,000 necessary to purchase the land adjoining beautiful Willard

plosions in the manholes of its under-ground system in the retail business section of Boston. By sheer good luck fatalities among pedestrians have not occurred. If nothing else can be done at present to prevent more of these explosions, the Edison Company should employ a force of men to vent daily the manholes.

Postal employees in this city are afraid to talk about any disadvantages resulting from the institution of the centralization of mail at the Newton Centre postoffice. Threats have been made by postal officials that employees found criticising the new system will be adjudged guilty of maliciously impeding the success of the new method and severely penalized, even to the possible extent of being discharged from the service.

Mayor Bauer of Lynn has issued an Mayor Bauer of Lynn has issued an order that only residents of Lynn will be employed in the construction of public buildings in that city. He takes the stand that it is not fair to have building mechanics who live in Lynn leafner while particular in the construction of the construction

How many of the ladies, who have been pleading at the State House for a law which will compel women to do jury duty, have ever sat through criminal and civil trials in court rooms and listened to evidence reekings with filth? How many of these ladies have been present at murder trials when grewsome exhibits were presented? Do they desire to indulge in such experiences and do they wish to force other women to become disgusted or nauseated by conscripting them for such a delightful civic duty?

CIRCUIT BRANCH AUTOMATI-CALLY CONTROLLED

Wednesday afternoon the Circuit ranch of the B & A railroad was laced under the automatic control system which has been in effect on he main line the past two years. His system is of great value in the revention of collisions between rains.

TOWN FROCKS

ABOUT TOWN

It is about time that the Edison Company starts determined efforts to prevent the increasingly frequent ex-plosions in the manholes of its under-

takes the stand that it is not fair to have building mechanics who live in Lynn loafing while outsiders are working there. The same rule might well be applied in Newton. About every public building erected in this city during recent years has been built by contractors from outside the city and most of the workers on these buildings have not been residents of Newton. Citizens and taxpayers of Newton should be given employment on buildings erected and paid for by this city. It is unfair to have Newton men walking the streets out of work while outsiders are employed on the construction of public buildings here.

COMING EVENTS

Monday Club

Mrs. C. D. Miller, 77 Lakewood road, opens her home for the Monday Club of Newton Highlands on Monday afternoon, February 25th, at 2:30 o'clock. "Edwin A. Robinson—American Poet," is the subject of the program, which will be in charge of Mrs. L. H. Marshall. The programs for this Club for the year have been intensely interesting, taking up many literary topics, music, journeying, legislation, and oriental study.

C. L. S. C. of Newton Highlands

C. L. S. C. of Newton Highlands

On the same afternoon, the 25th, at 2:30 o'clock, another Club of Newton Highlands that has been studying Biography for the season, in great men of all ages and times, including philosophers, statesmen, poets, writers, with much pleasure and appreciation, turns its attention to a widely different topic, and one that has equally great appeal, and possibly a bit more of allure—"Lace and its Romance." Mrs. R. Earle Tinkham and Mrs. C. P. Clark are in charge of this delightful program for the members of the C. L. S. C. of Newton Highlands. Miss Marion B. Morse entertains the Club at her home, 61 Allerton road.

West Newton Women's Educational Club

Mrs. Herman R. Place will open her ome at 167 Nehoiden road, Waban, o the Travel Class of the West New-on Women's Educational Club, on londay afternoon, February 25th, with frs. George H. Jackson as joint

hostess.

Mrs. Wilson Dort will read a paper
on "The Zambezi River," and Mrs
Louie Bacon a paper on "The Co
lumbia and Snake Rivers."

Community Service Club of West Newton

Newton

Prof. Sophie Hart, of Wellesley College, continues her most interesting and informative Course on "Significant Books of the Day," for those members of the Community Service Club of West Newton—and others—who have been so wise as to secure tickets, on Monday afternoon, the 25th, in the Unitarian Church Parlors, at 2:30 o'clock. The Club welcomes the attendance of any who would like to enjoy this excellent presentation of Miss Hart's, and in purchasing tickets at the door—at \$1.00 each—such persons may have the pleasure of knowing that their money will go toward the charitable fund of the Club in its splendid work in this direction.

On Friday, March 1st, there will be another informative lecture for this Club, in the Current Events presentation of Mrs. Claude U. Gilson, at 10.40 a. m., in the same Church Parlors. That Mrs. Gilson has a knack of giving up-to-date information on world affairs, saving the time of busy Clubwomen, in a manner that appeals to this Club, is attested by her return year after year to them.

MID-WINTER MEETING. The Midwinter Meeting of the State Federation, when legislative measures and policies will be discussed, takes place on Thursday, the 28th, at the Hotel Statler, Boston, (please use the entrance on Columbus avenue, are the instructions), with the Brookline Woman's Club as hostess. The morning session opens at 10 a. m., and includes, after formalities, greetings from the Commonwealth by Governor Allen: greetings from Brookline, by Mr. Charles F. Rowley, chairman of the Brookline Selectmen, an address of welcome by Mrs. E. Wilson Lin-Mrs. George M. Hayden, of Newton Mrs. George M. Hayden, of Newton Highlands, has charge of the program for the next meeting of the Boston Woman's Civics Club on Wednesday afternoon, February 27th, at the Hotel Brunswick, Boston.

Mrs. Daniel M. Goodridge, State Federation chairman of Conservation, and a member of this Club, will have the Current Events period.

Attorney General Joseph E. Warner of Massachusetts is expected to speak informally on some of the present legislative problems. This will be followed by informal discussion.

he Brookline Selectmen, an address of welcome by Mrs. E. Wilson Lin-coln, president of the hostess Club,

Auburndale Woman's Club

of welcome by Mrs. E. Wilson Lincoln, president of the hostess Club, and the legislative program presented by Mrs. Fred L. Pigeon. It was announced recently by Mrs. Pigeon that the Executive Board in special meeting had voted to recommend action by the delegates upon two bills before the present session of Legislature—A Resolve for a Special Commission on Children's Laws, and a Bill to License Boarding Homes for Aged People—in the former case a resolution will be presented. There will be discussion by speakers, pro. and con., for educational purposes but without action, on the following measures that the Executive Board voted at the same special meeting to recommend for study and consideration: the Federal legislation for reuniting families of immigrants, and the State bills, providing zoning of State Highways, Milk Legislation, and Billboards; also Jury Service for Women, and Extension of School Age to 16, both of which have been endorsed by the Federation in 1925 and 1926, respectively. Mrs. Harry H. Burnham, the well-known former chairman of the Division of Home Making of the General Federation of Women's Clubs, will speak to members of the Auburndale Woman's Club on "Where's Mother?" at the regular meeting of the Club on Thursday, February 28th, at 2:30 p. m. The meeting will be in charge of the American Home Committee, Mrs. Hector R, Gai, chairman. Mrs. Burnham has succeeded in arousing curiosity by her clever title.

Newton Community Club

Newton Community Club

The Annual Musicale enjoyed by members and guests of the Newton Community Club takes place on Thursday, February 28th, at 2:30 o'clock in Underwood School Hall. The program, arranged by the Music Committee, of which Mrs. James A. Moyer is chairman, is to be given by The Chamber Trio. Nicholas Slonimsky, Pianist, will conduct. Mr. Slonimsky, Pianist, will conduct. Mr. Slonimsky is a lecturer at the Boston Public Library, and in his musical career in Europe and in this country has been associated with Serge Koussevitsky, Conductor of Boston Symphony Orchestra, as his private secretary. The afternoon will open with music by the Varsity Club, after which there will be greetings from the directors of the Fourth and Sixth Districts, Mrs. Thomas G. Rees and Mrs. William J. McDonald. Report of the New England Conference at Portland, Maine, will be given by Mrs. Carl L. Schrader, and report of the Cause and Cure of War Conference will be given by Mrs. Charles E. French, chairman of International Relations. Mrs. Arthur Devens Potter will tell of the General Federation. Board Meeting, and Mrs. Frederick Glazier Smith of "Affiliation with the General Federation." New Clubs will be presented. The address of the afternoon will be made by Eliot Wadsworth.

Newton Centre Woman's Club

On the afternoon of February 28th there will be a business meeting of the Newton Centre Woman's Club at 2:30 p. m., followed by a talk by Mr. Norman Hapgood on "The Heart and Mind of Abraham Lincoln." Mr. Hap-Mind of Abraham Lincoln." Mr. Hapgood is a journalist and diplomat, and
has been editor of Collier's Weekly,
Harpers Weekly, and the International. In 1919 he was selected by
President Wilson as Minister to Denmark, and the last few years has
been a political correspondent in
Washington. He is much in demand
as a speaker—is author of a life of
Lincoln, and his lecture on this subject is considered one of his best. The Literature Committee of the Vaban Woman's Club, Mrs. Dana M. Outch, chairman, has planned its neetings to be held during Lent, feelmeetings to be held during Lent, feeling that many people who are giving up social affairs will find inspiration in these talks. The first lecture will be on Tuesday, February 26th, at 3 p. m. in the Union Church, Miss Caroline Moody Gerrish, of the Department of English of the Girls' Latin School, Boston, will speak on "Methods of Developing Individual Thinking in Our Modern Youth." Miss Gerrish has not spoken in Waban before, but some have attended her adult classes, and by education and experience she comes fully equipped to cope with this subject.

The next four meetings will be

Shakespeare Club

Mrs. H. E. Durgin opens her midwinter home, 314 Safford street, Wollaston, for the next meeting of the Shakespeare Club of Newton Highlands, on Saturday afternoon, March 2nd, at 2:15 o'clock. Mrs. Bernard Early Gives the Quiz, which is on "Henry IV," Part 11, Acts I and II.

ence she comes fully equipped to cope with this subject.

The next four meetings will be Book Reviews, under the leadership of Mrs. Ruth W. Fuller, to be held weekly, on Fridays, at 10 a. m., in Union Church Vestry, beginning March 1st. The sixth talk will be at 3 p. m., on March 29th, when John Clair Minot will speak on "Looking Over the Spring Books." Tickets for the Course may be obtained for \$1.50 from the Committee members, Mrs. Robert W. Estabrook, Mrs. Willis R. Fisher, Mrs. Webster G. Hayward, Mrs. Herbert S. Kimball, Mrs. L. A. Marr, Mrs. F. G. Marsh, Mrs. Thomas W. Pelham, and Mrs. Dana M. Dutch, chairman.

On February 27th, at 2 p. m., the Art Committee, of which Mrs. Ray Maud W. Davis is chairman, offers a trip to the Boston Museum of Fine Arts, to visit the English rooms in the new wing. Reservations may be made by calling Mrs. Herman J. Pettengill who is hostess for the day.

The Annual Dramatics which are always looked forward to so eagerly. AMERICAN HOME. Development of the spiritual aspects of home life constitutes the next step in the program of the Department of the American Home of the General Federation, of which Mrs. John D. Sherman of Denver, is chairman. The ultimate purpose of the urban and rural home equipment survey and home equipment campaign was to relieve the homemaker from needless waste of woman energy in order that she might have more time, strength and inspiration to devote to the soul of the home, the training of her children and her responsibilities as a citizen. Reher responsibilities as a citizen. Re ligious training in the home is the obvious next step. (Continued on Page 10)

WOMEN'S CLUBS

(Continued from Page 8)

The assistance of the clergy of the country is being sought by Mrs. Sherman, who recently asked several hundred prominent clergymen of the country to give her their views on the following questions:

I. How best can religious training be given by mothers and fathers to children in the home?

2. What can be done in our homes to make religion real and vital and individually important?

3. Would special training of mothers and fathers be feasible so that they might in turn teach religion to their children?

designation of the children?

4. Do you believe that religious instruction during school hours can be given by the churches, co-operating with the school systems, the parents designating the church they wish their children to attend, with beneficial results? (I am aware that this is being done in some places but I do not know with what success.)

Early answers show a significant eagerness to co-operate on the part of the clergymen, many of whom are announcing the project from their pulpits and some of whom have already made the matter a subject for pulpit

RECENT EVENTS

Auburndale Woman's Club

President's Day was held at the Auburndale Woman's Club on Thursday, February 14th. Greetings from the General Federation were brought by Mrs. Frederick Glazier Smith, a director of that organization; from the State Federation by Mrs. Thomas J. Walker, third vice-president; and from the City Federation, by its president, Mrs. J. Porter Russell, after a gracious speech of welcome by the hostess president, Mrs. George F. Nudd.

Announcement was made of the

Nudd.

Announcement was made of the Bridge Party to be given by the Junior Club on Monday, February 18th, the proceeds of which are to be used to start a fund to maintain a free bed in the Newton Hospital.

Mrs. Arthur W. Desoe, chairman of the Legislative Committee, spoke on the Legislative Committee, spoke on the bill concerning jury duty for

"The Castaways," an operetta of the South Sea Islands, presented by the Auburndale Woman's Club Chorus was well received by a most enthusiastic The unusual nature of the entertainment made it very pleasing to the guests from other Clubs, as well as to the members themselves.

Newton Community Club

Newton Community Club

The regular meeting of the Newton Community Club was held in the Underwood School Hall on Thursday afternoon, February 14th, at 2:30 o'clock. The president, Mrs. Harry W. Fitts, was in the chair. A notice of the Read Fund Lectures beginning on Wednesday evening, Feb. 20th, was given. Dr. Edward Howard Griggs is again to be the lecturer. The course is to be on Shakespeare. Dr. Griggs opens the course with "A Midsummer Night's Dream."

The students of the Bigelow Junior High School, together with the Girl Scouts and the Boy Scouts were the guests of the afternoon and led in the Salute to the Flag.

The speaker of the afternoon, Dr. Charles R. Brown, Dean of Yale Divinity School, took as his subject, "The Greatest man of the Nineteenth Century, Abraham Lincoln." Dr. Brown held the complete interest of his audience both old and young; a great tribute both to the subject and to the speaker.

to the speaker.

West Newton Women's Educational Club

Club

Friday, February 15th, was Home Talent Day at the West Newton Women's Educational Club, with Mrs. Ernest F. Robinson, chairman. A play "Noah Mixes In" was presented, following the business meeting. The president, Mrs. Joseph Otis, played the role of Noah and the other parts were played by Wrs. Arthur Tuelon, Mrs. George Jackson, Mrs. Wilson Dort, Mrs. Charles Cunningham, Mrs. Ernest Reed, Mrs. Malcolm Warren, Mrs. Willard Church, Mrs. Herman Place, Mrs. A. F. Elwell and the Misses Priscilla and Julia Bacon who took the parts of two children.

During the social hour and tea which followed, the Juniors had a cake and candy sale which was well platronized.

Mrs. Sidney B. Sargent, chairman of the Art Department of the West Newton Women's Educational Club, arranged a very interesting and instructive day at the Boston Art Museum on Tuesday, February 19th. Those attending met at the Museum at 10::45 o'clock and heard a lecture on "Etchings," lunched at 12 o'clock and at 1 o'clock were divided into two groups, each of which was provided with a guide, and shown through the

Y. W. C. A.

The Blue Triangle Club, which is, as you know, a club comprised of business and professional women, has started a second class in Art, including pocket-books, bags, table runners, etc., worked in the Kloste stitch, and taffeta pillows. The first class in Art ended just prior to the Christmas holidays. This class will continue indefinitely, and will not interfere in the least with the regular business of the club.

east with the regular business of the lub.

If you will drop is on a Monday vening, which is the evening the firls meet at six-thirty for supper, you will usually find a group enjoying oridge, another group busily engaged in their art work and still another in a frlendly visit. Miss Martha O. 300thby is President.

The swimming class for girls and women met last Wednesday and enjoyed their lesson at the St. Agnes wimming pool. They will, also, meet lext Wednesday evening at seven-hirty. If you are interested and wish to join this "sporting" group, please rall Newton North 3447 for reservations.

call Newton North 3447 for reservations.

The bowling group will meet next Thursday at seven-thirty, and would be very glad to have you play with them at the Young Men's Christian Association.

The dancing class for children, which is meeting each Thursday afternoon from three to four o'clock, include girls from three to ten years of age and boys from three to seven years of age. This class met for the first time last week with a very good enrollment, and as this opportunity isn't to be overlooked, we hope that you will be interested enough to get in touch with us at once by calling Newton North 3447.

The next meeting of the Lydia Partridge Whitney Chapter, D. A. R., will be held at the Workshop, Newton Highlands, on Feb. 26th at 2:30 o'clock, when "A Little Shawl Pageant" will be presented. Admission through members of the Chapter.

UNITE VESPER SERVICES

Four of the Protestant churches of Newton are uniting in holding a series of Union Sunday Vesper Services. Next Sunday afternoon at 5:00 o'clock Bishop William F. Anderson will de-liver the address in the Channing Church.

Auburndale Review Club

Auburndale Review Club

On Tuesday morning, February 19th, the Review Club met with one of the members on the Waiting List, Mrs. George F. Nudd who entertained at her home on Central street. On this morning the usual business hour which precedes the program was omitted, and the president, Mrs. Charles Valentine, introduced Mr. Thayer of the firm of Thayer and McNeil, of Boston. Mr. Thayer gave a short talk on health, emphasizing the advantages of sun, air, water, diet and exercise, and above all a shoe which properly fits the foot. He propheside that should such a course be pursued, ranks of those living to see the century mark would be many. His talk was followed by a moving picture film which showed correct and incorrect footwear, and its effect upon the entire constitution.

incorrect footwear, and its effect upon the entire constitution.

Mrs. G. F. Howland was chairman of the program for the morning, and read her own paper on "Andrew Johnson," who as vice-president at the time of Lincoln's death, filled out his term of office. Her paper also included the "Administration of Ulysses S. Grant." The second paper was on "Rutherford B. Hayes" and was given by Miss Florence Bridgman, who told many interesting things connected with his years as President, such as his relations with the Indians and also his dealings with Diaz in Mexico.

NORUMBEGA DISTRICT SUNDAY SCHOOL ASS'N

NORUMBEGA DISTRICT SUNDAY SCHOOL ASS'N

The newly organized "Service Committee" of the District held its section of meeting last Tuesday, Feb. 19th, to consider its special duties in the Association work. Members of this committee are as follows; Chairman, Dr. Mark H. Ward of Newton Highlands, Mrs. Myron C. Settle of Newton Contente, Mr. A. C. Ely of Waterton Centre, Mr. A. C. Ely of Waterton, Mrs. Hazel N. Lane of Waltham, and Mrs. Percy E. Woodward of Newtonville. Mr. E. A. Greene and Miss Luliona Barker are members ex-Officio.

The purpose of this committee is to discover special ways in which the District may be of service to Sunday Schools. Through a questionnaire to superintendents, it has been discovered that there is special interest just now in these three problems: "What courses of study shall we use in our Sunday School classes to get the best results in the lives of our pupils?" "What yearly requirements or standards shall we set up for Junior and Intermediate departments?" "Shall we send reports to parents; if so, what type?"

One of the members of this committee, Mrs. Woodward, has recently purchased a large number of lantern slides—over a thousand—and will soon make these available to borrowers without charging a fee. The slides include Bible, Church history, and illustrated hymns. The District officers wish to express publicly their appreciation of this generosity on the part of Mrs. Woodward.

SCHOOL NOTES

STEARNS SCHOOL

On Lincoln's Birthday special exer ises were held in Mr. Sears' Sixti cises were held in Mr. Sears' Sixth Grade room. A fine new Lincoln picture was hung on the wall and, after a program in which the children in the room took part, Comrade E. H. Stoddard of the G. A. R. gave the children an interesting talk on what Lincoln meant to the soldiers of the Union Army during the Civil War.

Many of the rooms of the Stearns and Eliot buildings were decorated with pictures and handwork in keeping with the birthday anniversaries of both Lincoln and Washington. On Friday two Assembly programs were given before all the pupils of the two schools.

Carl Seidensticker, 19, of Franklin street. Framingham, was hit by an automobile on Washington street near Thornton street on Friday night. With a companion he was standing in the street "thumbing" rides. A car containing a young man and a girl approached and as Seidensticker and his chum signalled it for a ride the operator of the car bore down on them and hit the Framingham youth. He received injuries to his legs and was taken to the Newton Hospital by Tony Cayallo of West Newton. The automobile speeded away. A boy who was nearby took down what he supposed was its number but the police on checking up the number given them is of a different type from that which hit Seidensticker.

SIX CYLINDER.... SENTENCES

By DR. JOHN W. HOLLAND

Masters rule disasters

The kind-hearted rarely need to apologize.
It is better to demonstrate your excellencies than to talk about them.

pliments are the sweetened

waited for something to turn up I do not know his name Spell your job with a "y" instead of a "b."

pride? It is a poor community in each which does not offer something nore than mere existence to its members.

There is a sound reason, therefore, or community-boosting organizations of the builders of the community do not take pride in their work, it will in his business and push it to the best of his ability? The factory which succeeds best is the one in which the employers and employes alike have a pride and interest in seeing it succeed.

Civic pride breeds civic rivalry, and civic rivalry between communities, if it is a sportmanslike and healthy rivalry, is of general benefit. It builds better streets, better schools and makes for better living conditions generally. Rather, therefore, than belittle the civic spirit of our various communities, let us, like the visitor quoted above, take such spirit at its true worth. For of such is American progress.—National Republic Magazine.
